Freight Wreck Sunday Night.

The main line of the Southern Railway was blocked Sunday night on account of a freight wreck about 9 o'clock just beyond the Coddle Creek bridge. A northbound freight was traveling toward Concord, when about a dozen coal cars jumped the track, several of them turning over on the side. Some of the cars ran into the Southbound track, completely tearing it up for some distance, putting both tracks out of commission. Some of the southbound passenger trains were held in Concord until early Monday before the track was opened. Although the wreckage had not been cleared away, the trains coming north were run over the southbound track for several hundred yards, and traffic was scarcely interrupted. No one was hurt in the accident.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio is a constitutional remedy, is taken internally and acts thru the Blood on the mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials free.

Three Explosions in American Steamer.

Havana, May 28—Three explosions occurred in the hold of the American steamer Lackawanna today, while its cargo of coal was being unloaded at the dock in the harbor. Two Cubans and one Spanish workman were injured, the Cubans seriously.

The amount of damage to the vessel has not been determined, as the explosions caused a fire, and it was necessary to hood the hole.

Capt. Johnston believes the explosions were caused by bombs placed by spies in Norfolk, whence the ship sailed.

Don't Let Your Cough Hang on.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway: the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privilege not accorded to others.

The ambition of the Southern Railway Company is to see that unity of interest that is born of co-operation between the public and the railroads; to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—

To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.

"The Southern Serves the South."
