FAITH.

Sept. 6th—J T Wyatt shipped a car load of granite curbing to Washington today.

Young lady at C L Webb's Sept 3rd.

L C Trexler and son has ordered one eight roll corn shredder and expects to get it in time for this fall's corn crop.

Young lady at Dock Basinger's Aug. 31st.

Jessie Wyatt has two mules, he picked up the hind leg of one to show us how gentle it was. We would not risk the hind leg of a mule that way for ten dollars. We don't like a mule no how.

Master Leon Garland Goodman of Spencer, is visiting his grand parents this week on the new Mocksville road, Mr Jesse F Wyatt and wife.

W S Earnhardt in building a new house for the Widow Shively above Salisbury near Franklin.

Dock Trexler took a load of watermelons to Salisbury Monday.

We visited the Fairview dairy for the first time and was surprised to see such fine nice clean arrangements there. The deep well furnishes ice cold water. The floor of the barn is solid concrete, the milk bottles are filled by machinery, something we never saw before. They have men at work building another large silo and have 40 acres in corn near by to fill it.

Fisher and McCombs are putting in a large new air compressor in their millstone quarry this week. They are crowded with orders and have to put in more machinery to keep up.

Curtis E Beaver, wife and little son of Spencer, are spending their vacation visiting his parents, Wesley Beaver, at Boston's cross roads and his brothers near Faith.

J T Wyatt shipped a pair millstones today to Caldwell.

All kinds of business is booming in this section and is getting better every year as the following figures will show. The freight business at Granite Quarry for twelve months ending June, 1917, shows a net increase over the preceding year of thirty-nine thousand two hundred and eleven dollars (\$39,211.00.) The freight agent at Granite Quarry is a mighty busy man and handles all the cars that are loaded from the Faith section and there are many hundreds of them.

Mrs Martin Jacobs and two children and Miss Ruth Beaver of Spencer, are spending the week with their aunt, Mrs J D A Fisher.

The Ladies Missionary Society of the Reformed church will have their annual picnic at South River Saturday, September 8th. All are expecting a good time.

Rev P M Barringer preached a fine sermon at the Reformed church Sunday night, September 2nd.

Rev H A Welker and wife will return from their trip to Pennsylvania Friday, September 7th. They went up in their car and have been gone since the first of August.

Mrs M G M Fisher has returned from Mt Pleasant where she attended the missionary convention and reports a nice time.

Mrs John Flowe and children of Spencer, are spending a month here at her father's summer home Rev C B Heller's.

Miss Ivey Efrid of near China Grove, is here visiting her sister, Mrs Banks Peeler, for a week.

We saw about one hundred bolls of open cotton today for the first time this year on Lewis Klutz's farm, raised by his tenant. Who ever can beat that for early cotton trot out your farmer. Any one having any Indian arrow points and other old time

things of any kind and will write to us and tell us where they live we will come and buy them for our collections. We pay the highest cash price for anything over one hundred years old.

The high school has started up here and no doubt several families will move to Faith to educate their children.

SECOND CREEK AND DUNN'S TOWN.

The Farmers around here are very busy picking peas, cutting tops and planting.

Children's Day was celebrated at Gay's Chapel September 8th. The forenoon was taken up by recitations by the children of the Sunday school and in the afternoon interesting talks were made by Frank Hudson of Salisbury and the pastor, Rev Kennedy. A sumptuous dinner was served on the church yard at noon. It was a grand occasion and very much enjoyed by the large crowd present.

Calvin Freeman and son of the South River section, were visitors at M S Freeman's, Sunday.

Quite a mad dog scare was created in Dunn's Town last Saturday a week ago when James Potts, a son of P A Potts, was bitten by a rabid dog. The dog which belonged to Joe Fraley also bit his son, Thomas, and a cow. The dog was killed and its head sent to Raleigh and the word was sent back to send those bitten at once as the dog had hydrophobia and it is hoped that they have taken treatment in time and that no ill effects will result.

A party including Earnest Miller made a trip to Charlotte Friday. They went in Mr Miller's John Henry.

Earnest Miller and Valentine Cook have had their residences painted recently. John Kincaid of Franklin did the painting.

W B Mowery has built a new barn.

Floyd Kincaid, Tom McDaniel, George Powless and Carl Miller are working at Spencer. They go every day making a trip in a Ford.

Experience the Best Teacher.

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons who have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take.

Five Rules That Reduce Farm Machinery Costs.

1. Learn every adjustment and its purpose.
 2. Oil all bearings, gears, shafts, etc. where there is friction.
 3. Keep all bolts and nuts tight and snug.
 4. Keep all machinery housed and give each implement a coat of paint at least every two years.
 5. Grease all landsides, moldboards, shares, cultivator shovels and disks when they are to be left out of use for more than a day or so.

\$2.00 WHEAT NEXT YEAR.

The South Should Double its Fall Grain Acreage.

With a practical certainty that wheat next year will sell for \$2 a bushel or better, and with prices of other grain crops almost certain to be corresponding high, we believe the South may very profitably double its small grain acreage this fall.

Wheat promises to pay exceptionally well, especially in the upper half of the Cotton Belt. But that we may be assured of profitable yields, it is essential that certain precautions be taken. First, a rather strong clay or clay loam soil, well drained and well filled with humus, should be selected. A crop of cowpeas or velvet beans disked to pieces and plowed under five or six weeks before planting will help greatly, particularly if supplemented with 200 to 300 pounds per acre of acid phosphate. Then about two months before harvest time, if the plants do not show a healthy green color, an application of 75 to 100 pounds per acre of nitrate of soda or sulphate ammonia should be made.

There is even greater need for increasing our oat acreage, because (1) practically all parts of the Cotton Belt are suited to oats, and (2) more oats will release a larger portion of our crop for human consumption. What we have said in regard to preparation and fertilization of wheat applies also to the oat crop. It should be added that to avoid winter-killing oats should be planted early—in September in the upper half of the Cotton Belt and in October in the lower half.

Finally, every farmer in the South should plant one or more acres of Abruzzi rye for fall, winter and spring grazing. For cattle, hogs and chickens we believe it has no equal, and it is well suited to all parts of the South. Planted in September, it may generally be depended upon to furnish good grazing before Christmas. If seed is high priced plant at least an acre for a seed patch, and next year have seed to sell instead of to buy.

Both patriotism and self-interest demand that the South largely increase its acreage of fall-sown grain; let us, in addition to planning for a big acreage, also plan to make a record crop by learning and following the best possible method in preparing for, growing and harvesting the crop.—The Progressive Farmer.

Great Faith in Chamberlain's Colic and Diarrhoea Remedy.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record
THE needs of the South are identical with the needs of the Southern Railway: the growth and success of one means the upbuilding of the other.
The Southern Railway asks no favors—no special privilege not accorded to others.
The ambition of the Southern Railway Company is to see that unity of interest that is born of co-operation between the public and the railroad; to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—
To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.
"The Southern Serves the South."
