FAITH.

Feb. 23.—Rev C P Fisher will preach his last sermon here at Faith the first Sunday in March at eleven o'clock, at Emanuel at 3 o'clock in the afternoon. He has served this charge fifteen and a half years. He came here in 1902 and supplied that summer when he returned to Chicago Seminary. That fall he received a call to become pastor as soon as he finished his course next spring. This is his first and only charge. At the time when he began his work here this was a mission point of the N C Synod. There were about thirty five members in each church. Now Faith has four hundred and twenty five communicant members and Emanuel one hundred and twenty making a total of five hundred and forty five communicant members in this charge. Last year the Sunday school at Faith numbered five hundred and fifty members, of which Venus was one, and Emanuel numbered something over two hundred. Since Rev C P Fisher came here the people of this charge built a beautiful parsonage in Faith and enlarged this church so that it will seat over three hundred more people than the old church. They also built a new tower to the church at Emanuel at a cost of eight hundred dollars and there is now not a dollar of debt on any of the property. He leaves this work with the best wishes of all his members. He will preach his first sermon at his new charge in China Grove the second Sunday in March.

Harvey Fink and Hoke Brown whose birthdays come within a few days of each other, joined together this year and gave their friends an invitation to a handsome birthday dinner at the home of Mr Fink. Rev C P Fisher, Venus and several others, twenty three in all, were present and had a fine supper Friday night. Venus hopes they will have many more happy birthdays.

James Beeker, the school teacher of the Faith free school, has gone home to spend the week end with home folks at Cleveland.

Venus understands that G G Ritchie has about two bales of cotton in the field yet to be picked and that it has never been picked over yet. If you can beat that Mr Trading Ford or any other correspondent trot out your cotton field.

John Corl found a queer bird on his farm. It is black like a crow with green bill and feet. It don't belong to this country. Can any one tell us what it is and where it came from.

Adolphus Lyerly is having a 'phone put in his residence, the wire is up and they are waiting for the new 'phone to arrive when Supt. Wiley will put it in.

H C Farmer who bought a part of the John Holabaugh farm has rented it this year to D A Hodge.

Davis Wagoner and family who have been living on one of George Bruce's farms near Mount Hope church has moved to Faith in Bands L Peeler's residence.

Lewis Peeler has accepted a position with the Southern Express Company and has his run from Salisbury to Norwood and is now holding down the job.

Willie Canup has bought a sawing outfit on wheels to saw stove and other wood for the people and himself. He sawed a big pile for J A Peeler today.

L L Sides and his young bride spent a night here with his sister, Mrs David Peeler just before leaving for his ship on the ocean.

Venus went with R R Raney in his auto to the Glover sale,

A Little Peacherino.
CHARLES E. PORTER.

She's a little peacherino,
A standing on the stage
A singing a song, Philepino,
And she's all the rage,
Her eyes are shining like the
skies,
Her cheeks are red as the rose
And her beauty makes us rise
And stand upon our toes
So we can get a better view
Of the little beauty too.

She's a little peacherino,
And she's dressed pretty fine
As she plays the concertino,
For singing is divine
And her music is a melody
That fairly thrills our hearts
As her notes rise and swell away
In sweeter music's fairest darts
And her eyes are shining bright
As the twinkling stars of night.

She's a little peacherino,
We can hear angels' voices rise
And dive like a submarine, O!
As she sings and plays her song
Like an angel of the skies
And the finer notes pass along
Trembling on the wings of
love
To some fairy scene of delight
Where all is joy and all is love
And she's as pretty as the stars
of night,

She's a little peacherino,
And a lovely girl unsurpassed,
A perfect dear as far as we know
And we wish her song to for-
ever last.
As she stops and bows her dainty
head.
To all who are intranced by her
magic spell
And now her fame has surely
spread
For she sings her song so very
well
And her lovely eyes are still as
bright
As the shining stars of night.

dier during the civil war.

Albert Brown is starting the
paving block industry on the old
Shuping Quarry in the town of
Faith. He has six blockmakers
at work now and twenty more
coming from Pennsylvania. He
has a force of quarry and der-
rick hands to get out the gran-
ite for the blockmakers and
when he gets all of his men at
work his pay days will run up in
the thousands of dollars and
help out our little town and
the city of Salisbury, where the big-
gest part of the money is spent
every pay day.

**A. and M. Wants Names of All Former Stu-
dents.**

President Wallace Carl Rid-
dick of North Carolina State
College of Agriculture and En-
gineering at West Raleigh, is
preparing a list of all former
students of his college with the
address and occupation of each.
Every man who has at any time
attended the college is request-
ed to mail to the President a
card bearing his full name, his
full postal address, and his oc-
cupation. We understand that
the college has always located
its graduates once a year, and
this is another step in which
President Riddick manifests his
interests in all of the men who
have attended this great tech-
nical college.

Guernsey Cattle Association.

The Rowan Guernsey cat-
tle Association has about
completed its organization
and has elected the follow-
ing officers:
C L Neal, President.
Whit L Wilhelm, vice pre-
sident.

T D Brown, secretary.
Parts of the county have
been set aside and placed in
charge of men in that vicini-
ty, they being as follows C
L Neal Chester district,
Whit L Wilhelm Harris
Chapel district, G F Houck,
Bear Poplar district, Theo.
D Brown Mulberry district,
and J M Ketchie, Patterson
neighborhood.

It is generally admitted
that thoroughbred stock is
more profitable for stock
raisers and it is hoped that
the Rowan farmers, who are
endeavoring to make sub-
stantial progress in this line,
have selected a breed that
will meet their fullest expec-
tations. Just what breed is
best adopted to this section
has not been ascertained,
however, those interested in
this association are getting
in a fair way to soon have
all the information neces-
sary. A bull for each dis-
trict is expected by early
spring.

Several Rowan farmers attend-
ed the Guernsey cattle sale at
Winston-Salem Thursday and
bought some fine Guernsey
heifers. They were George M
Bernhardt of Salisbury, M A
Holshouser of Faith, J Mack
Harrison Mt Ulla, and Carson M
Fisher, Rockwell. These heif-
ers, sires and dames have the
best records and pedigree of
any stock offered at the sale.

British Army Officer Speaks.

Captain David Fellon, a
British army officer who has
seen service in France, Bel-
gium and the Gallipoli penin-
sula, spoke to a large crowd
in the tabernacle last Wed-
nesday night. Captain Fal-
lon told many horrors com-
mitted by the Germans and
cited his audience to the fact
that should Germany win this
war of aggression we could
expect an attempt to invade
America. It is well that
we are in the fight now while
we have the experience and
assistance of the allies. Mon-
ey is needed to carry on the
war, so buy stamps, then
some more stamps.

Supplied New Blood For Husband.

Mrs W M White of East
Spencer, has just returned
from a trip to Johns Hopkins
Hospital, Baltimore, where
she had been to see her hus-
band who is there for treat-
ment. It is said that the
physicians found it neces-
sary for Captain White to
have an additional supply of
blood, whereupon Mrs White
offered to supply it and the
operation of transfusion was
performed successfully, the
patient being greatly improv-
ed as a result of new blood
obtained.

bury this year on Friday, April
5th. Other interesting talks

neuralgia, I had
gained in strength
and was able to go
around and do all

months old weighed 19 pounds and I feel
better than I have for a long time. I
never had any medicine do me so
much good."—MRS. PEARL MONYHAN,

Money Makes Money

Interest on investment is
the source of surest income.
Money works 24 hours a
day and seven days a
week.
More people are made inde-
pendent by saving than by
slaving.
England has invested to
wonderful advantage. Ev-
ery year statistics show
that England buys more
from other countries than
she sells to them. But inter-
est on investments does not
show in the statistical tables.
That is why England is rich.
