Entered as second-class matter January 19th, 1905, at the postoffice at Salisbury, N. C., under the act of Congress of March 3rd, 1879.

Salisbury, N. C., June 19, 1918

What might be termed a glaring inconsistency appears in the proceedings of the city alderman appearing in this paper. For instance they import a so called health officer, knocking local physicians out of this service and thus forcing the tax-payers to contribute to a man not a tax payer or even a citizen, who assumes the position of dictator over the citizens and is now telling the aldermen to hold up the election of a health officer until, we suppose, he decides on a man, which makes it look like we are taking orders from Berlin. It is certainly not democracy. Then the aldermen make a thrust in the right direction and put a \$100 tax on out of town soft drink peddlers. The people would like to know why a \$1000 tax is not put on these imported officials.

The fact is brought out that Chief Justice Walter Clark, mighty for woman suffrage, is a candidate on a platform that is silent on equal suffrage, that was adopted by a convention overwhelmingly opposed to it: while Hon W P Bynum, Republican candidate for Chief Justice, is opposed to woman suffrage and is a candidate on a platform that favors equal suffrage. As candidates for judge in this State are not expected to go on the stump in campaigns, Judge Bynum and Chief Justice Clark are saved the embarrassment of explanation.—Statesville Lankmark.

This illustrates the indifference of the public to what might be called intensive politics, or the public welfare, and the need of a platform with teeth backed by enlightened public conscience seeking results. It has become the policy to nominate men on a platform of straw and then permit them to proceed as their individual tastes may dictate. The idea of men voting for candidates merely because they are on his party's ticket has passed its day of usefulness. Candidates should be named for a purpose, instructed, and held to a strict account of their stewardship, however, this is the second phase of the proposition. The people should first organize, decide on what they want, name candidates who will take orders and then proceed.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE CARDUI The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

High Soap Prices Arouse Interest in Home Made Soap

Women all over the country are saving money by making their own soap. Try this:

First, set a large can or jar in your kitchen; throw into it all meat skin, waste grease, bones and other kitchen scrap that has any grease in it or on it.

When the can or jar is full, render it (by boiling) and you will obtain enough clear grease to make a big batch of dandy soap, cheaper and purer than any you can buy.

With Grease and Red Devil Lye

You will find home soap-making so easy and economical that it will be a genuine pleasure. On the label of every can of Red Devil Lye are complete directions for making soap by the cold process or by boiling.

Anybody Can Make Soap

if they have Red Devil Lye and grease. Furthermore, soap making at home pays big because you buy nothing but Red Devil Lye—the other ingredients are actually saved out of the waste that you have been throwing away. You will thank us every time you use Red Devil Home Made Soap.

Gentlemen—Please send me your free booklet on peeling peaches, spraying fruit trees, making compost, etc. I cannot begin to tell you how pleased I am with Red Devil Lye. Got great results in making my soap. Yours truly,
