Price For Wood Fixed.

After a meeting of the fuel commissioners and farmers it was announced Saturday that the fuel administrator for Rowan had fixed the price of wood by the cord on the Salisbury market at \$6 per cord. It is generally thought this to be a very liberal price for a farmer who has to haul wood eight or ten miles. The price per cord for other towns in the county has not been fixed. This does not prevent any one selling for less nor does it interfere with those who wish to sell by the load. It is necessary, however, for those who sell by the cord to see that the customers actually get a cord, 128 cubic feet.

For Indigestion, Constipation or Biliousness
Just try one 50-cent bottle of **LAX-FOS WITH PEPSIN**. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Parke Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chilli Tonic.

A train of six hundred colored soldiers passed here Friday on their way north and were met by the canteen workers and served in the same manner as the white troops. The canteen workers in their helpful work among the passing troops are giving the colored soldiers the same attention and services as that rendered the white men in uniform. It is a patriotic spirit prompting this, and the colored troops show great appreciation.

Twice Proven.

If you suffer backache, sleepless nights, tired dull days and distressing urinary orders, don't experiment. Read this twice-told testimony. It is Salisbury evidence doubly proven.

Mrs J F Barber, 512 W Innes St., gave the following statement March 11, 1915: "I have taken Doan's Kidney Pills for years and have always found them very beneficial. I am subject to kidney and bladder troubles at times. My back causes me considerable misery when ever my kidneys get out of order but I find that Doan's are the only medicine for this trouble. I never fail to recommend Doan's Kidney Pills when I hear anyone complain of their kidneys."

On May 14, 1918 Mrs Barber said: "I hold the same high opinion of Doan's Kidney Pills today that I did some time ago. Doan's cured me of a bad attack of kidney trouble and I still use them at times when I need them and they never fail to help me." 60c, at all dealers. Foster-Milburn Co, Mfrs., Buffalo, N. Y.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my housework."—Mrs. B. B. ZIELYNSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

The Lutheran ministers of Rowan met in regular convention and discussed church articles and also signed strong articles of loyalty to the government. The meeting was held in St John's church.

During the fierce electrical storm of last Wednesday the lightning struck the residence of D L Sides on east Fisher street. Practically no damage was done, though Mrs Sides and daughter were stunned.

ABLE MEN ARE WANTED BY Y. M. C. A. FOR RUSSIA

American Y. M. C. A. Workers Teach Returned Russian Soldiers Useful Trades

With the Government at Washington prepared to lend economic and philanthropic support to Russia, the National War Work Council of the Y. M. C. A. is actively recruiting to reinforce the Red Triangle workers already manning huts over there. Agricultural experts, physical directors and regular Y. M. C. A. secretaries as well as other men familiar with welfare work in communities are being sought.

In the dark days of Russia the American secretaries "stood by" all over that country to serve the people in every way possible. Thousands of invalid prisoners were taken care of as they returned from Germany. Most all the men were broken in health. They died, almost without exception, with curses against Germany. But greater even than their hatred was their wonder that their countrymen could have made "peace" with such an enemy.

"The Y. M. C. A. leaders in Russia," said Dr. W. W. Alexander, director of the War Personnel Board of the Southeastern Department, National War Work Council, "have never doubted the essential soundness of the Russian people. Despite all difficulties and inevitable losses and discouragements, the Y. M. C. A. has remained in Russia, seeking to serve and watching for a better day. The day is now evidently coming."

Fifteen new secretaries, with ability to contribute some constructive element to the Russian life of the future are being searched for throughout the Southeastern Department. Some agriculturists are wanted, some business men, but the call comes stronger for men skilled in rural Y. M. C. A. and Community work. All are to go with the purpose of helping Russia help herself.

American Woman Furthest Front

(By Delayed Cable from Chateau Thierry Front With American Forces in France.)—Mrs. Clara Simmons, Grafron, Mass., woman Y. M. C. A. worker furthest front, placidly runs canteen while shells drop in adjoining field. Makes hot chocolate and distributes cookies to men going into action. Military policeman killed by shell near her hut. Husband with Y. M. C. A. forces in Vladivostok, Russia.

Plan Your War Garden Now, Save Time and Money.

HELP INCREASE OUR EXPORT FOOD STOCKS

CITY and country more war gardens are needed this year than ever before. Patriotism prompted 2,000,000 Americans to plant gardens last year, according to estimates of the United States Department of Agriculture. Transportation facilities of the nation will be strained this year hauling munitions of war and foods for the Allies. The surplus food created by home gardens will help in the railroad problem. And the nation will eat less of the goods we must export—wheat, meat, fats and sugar. Every boy and girl that helps with the garden is helping win the war. Leaflets of instruction in garden making may be secured from the Department of Agriculture at Washington, upon request, without charge.
