## A SALISBURY INTERVIEW.

### Mr. Glover Tells His Experience.

The following brief account of an interview with a Salisbury man ten years ago and its sequel will be read with keen interest by every citizen.

J W Glover, Shoemaker, 116 N Maine St., says: I have suffered at times from spells of backache. The pain was so severe at times I couldn't get out of bed without help. Finally a friend advised me to get Doan's Kidney Pills and a few doses stopped the backache. Since then when I have had any trouble, a few of Doan's have always made me well again. I can't say too much in praise of Doan's and hope others will try them. Statement given January 6, 1908.

On May 11, 1918, Mr Glover said: Doan's Kidney Pills cured me of kidney trouble and backache several years ago and I consider them the best kidney remedy. I use Doan's when I feel the slightest sign of trouble returning and they give me satisfactory relief.

## FULL SURRENDER OF AUSTRIA.

Terms of Armistice Under Which Austria Laid Down Arms Given Out.

Washington, Nov. 4.—The terms of armistice under which the land and sea forces of what was once the Austro-Hungary empire has laid down their arms were announced today simultaneously in Washington and allied capitals. They accomplish complete surrender, and open Austria and Hungary territory for American and allied operations against Germany.

From this drastic document it is stated may be gleaned an accurate outline of conditions nearing completion in the supreme war council at Versailles under which Germany may have cessation of hostilities.

The terms under which the debacle on the Italian front ended today at 3 p m (9 a m eastern United States time) include complete demobilization of Austrian forces, surrender of one half of all artillery and military equipment, occupation by America and the allied forces of such strategic places as may later be selected, use of Austria's railroads for operation against Germany, evacuation of all invaded territory leaving behind all equipment and supplies including coal; surrender of portion of the Austrian surface and submarine fleets and disarmament of others and under American and allied control; surrender of all German submarines in Austrian waters and repatriation of allied and American prisoners without reciprocity.

Evacuation of Austrian territory roughly corresponding to the boundary lines claimed by Italy under the Italian Irredentia or treaty of London program. The right of occupation by allied forces is reserved, local authorities to maintain order under allied supervision.

The terms of the armistice are to be carried out under the direction of Marshal Foch who will designate material to be turned over and supervise the movement of Austro-Hungarian troops to the rear. All German forces in Austro-Hungary, Italy or the Balkans must be out or interned within 15 days. Destruction of any property by retreating forces is specifically forbidden.

Ships to be surrendered include fifteen modern Austrian submarines, three battleships, three light cruisers; nine destroyers twelve torpedo boats; one mine layer and six Danube monitors to be designated by the allies.

Other war crafts are to be concentrated and disarmed under allied direction. Free navigation of all Austrian waters by both the war and commercial fleets of the allies is provided for.

The Danube route is to be kept open by the occupation of dismantling of fortresses to be selected by the allied commander. Existing blockade of allies against Austria remains unchanged, Austria's ships being liable to capture where found except where a commission, to be later, made provides otherwise.

All fortresses protecting the Austrian naval bases or stations are to be occupied and the arsenal at Pola is specifically surrendered. All allied craft held by Austria are to be returned immediately. The only organized military force Austria is permitted to retain is limited to that to maintain order in her own border.

## China Grove Boys, Two Dead and Others Wounded.

The following is taken from last week's issue of Mooresville Enterprise:

Clarence A Sloop, who came to Mooresville about seven years ago from China Grove and lived with Mr and Mrs J F McGraw, died at sea on October 14 of influenza, telegram having reached here Tuesday, announcing the sad fact. Only last week Mrs McGraw received a card which stated the ship on which he had sailed had reached its port safely overseas, and it was resumed that Mr Sloop had been with the ship. The remains were sent back to Hoboken, N. J. and will be shipped from there to Mooresville. It is expected the body will arrive Friday morning and the remains will be conveyed to Ebenezer church, near China Grove for interment.

Mr Sloop was a son of the late P A Sloop and a brother of John A Sloop of the post office in Salisbury.

Letters have been received here stating that Litz Linn and Mason Wilhelm are wounded slightly and John Linn is gassed. All are in a hospital in France.

Mrs Will Correll daughter of John W S Correll of this place, received a telegram saying her husband had been killed in action in France. All are in the 30th Division.

Ed White of Chestnut Hill, was accidentally shot through the calf of one of his legs Saturday afternoon by Homer Gardner. The accident occurred down on the creek near Chestnut Hill where a party of young men were hunting. White was taken to the sanatorium for treatment.

## Sleep and Rest.

One of the most common causes of insomnia and restlessness is indigestion. Take one of Chamberlain's Tablets immediately after supper and see if you do not rest and sleep better. They only cost a quarter.

## Notice to Bondholders.

Washington, D C 12 18 P M, Nov 2 1918.

Governor, Federal Reserve Bank, Richmond, Va.

Immediate Secretary McA-  
do today made the following announcement:

The privilege of converting four per cent bonds of the First Liberty Loan—Governed and four per cent bonds of the Second Liberty Loan into four and a quarter per cent bonds expires on November Ninth. Nineteen

Richmond and cannot under extension be extended. The

has none left in the attention

is valuable and the date of its expiration. It is

able to assume that upon the expiration of the conversion privilege the fact will reflect itself

favorably in the market price of unconverted four per cent bonds which have heretofore

been maintained substantially on a parity with the converted four and a quarter per cent bonds by the existence of the

privilege of conversion. The Treasury now asks the newspapers of the United States, bankers, brokers and others to do

what they can to bring these facts before the attention of the bond holders. Please make a special effort at once to bring

this announcement to the attention of bond holders.

Signed: Leffingwell

in Your Bond.

Some get-rich quick concerns are endeavoring to persuade patriotic Liberty bond holders to sell their Liberty bonds to turn over their

Liberty bonds to these companies as security for a loan and with the money thus borrowed purchase stock in their companies.

A Liberty loan bond is the safest investment in the world and a prudent man will very carefully investigate any effort to induce him to exchange it for a less safe investment.

This leading one money on Liberty bonds as a security to purchase stock in the lender's company is in many cases only a thinly disguised method of exchanging

stock of doubtful value.

It is a good business and it is patriotism to hold your Liberty bonds.

Chamberlain's Cough Remedy.

Do not imagine that because one cough medicine failed to give you relief that will be the same with Chamberlain's Cough Remedy. Bear in mind that

from a small beginning this remedy has gained a world wide reputation and immense sale. A

medicine must have exceptional merit to win esteem wherever it becomes known.

Liberty Loan Far Oversubscribed.

Washington, Nov. 1.—The fourth Liberty Loan was oversubscribed by more than \$866,000,000. Final reports announced today by the treasury show

subscriptions of \$866,466,300. It is estimated that 21,000,000 persons bought bonds.

All Federal reserve districts oversubscribed, the Boston district reaching 126 percent, of its quota and standing first in percent

age column. Richmond made 123 per cent, and Philadelphia 119 per cent.

## BELIEVED GERMANY WILL CAPITULATE.

Council at Vienna Issues Appeal to German People of Austria Statute Conditions.

London, by way of Montreal, Nov. 5.—In sending the new allied agreement on armistice conditions to Germany the Times Paris correspondent says that the allied successes on the French front leave little doubt of Germany's acceptance.

London, Nov. 5.—A demonstration was held before the Bismarck monument in Berlin Sunday in favor of continuing the war and a resolution was passed protesting against the acceptance of a humiliating peace, according to a Copenhagen dispatch to the Exchange Telegraph Company, quoting the Tageblatt of Berlin.

Amsterdam, Nov. 5.—The State Council at Vienna has issued an appeal to the German people of Austria in which it is declared the country is in danger and the army breaking up in disorder. The appeal exhorts the

soldiers to volunteer to join the German-Austrian army corps.

London, Nov. 5.—The Bolshevik government of Russia, it is reported from Petrograd, has handed the neutral ministers a note for transmission to the

entente nations asking for the opening of peace negotiations in order that hostilities between the allies that the Soviets government may be ended, says an Exchange Telegraph dispatch from Copenhagen.

Washington, Nov. 5.—Efforts of the Bolshevik government to discontinue the withdrawal of United States and allied forces from Russia through negotiations for an armistice attracted no serious

attention here, as the nations do not recognize the Lenin and Trotsky regime in any way.

About Croup.

If your children are subject to croup or if you have reason to fear their being attacked by this disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup and it is important that you observe the directions carefully.

Sugar Allowance Increased.

Raleigh, October 31.—The rapid manufacture of the new crop beet sugar in the west and new crop Louisiana cane sugar in the south together with the free railway transportation conditions the reductions that have been made in the consumption

of sugar in manufactures and trades and the patriotic conservation in the past four months enables the household allowance of sugar to be increased from

two pounds per person per month to three pounds per person per month with the same ratio to rationing places after November 1.

This makes good the promise of the food administration to increase the household allowance of sugar at the earliest possible moment that the supplies would justify and makes it possible for the householder to more freely use the apple, cranberry and grape-fruit products and to use the fruits canned during the summer without sugar.

The regulations are also revised to the extent that any person may purchase a month's supply for the entire family in one purchase from the retail trade.

Greatly Benefited by Chamberlain's Tablets.

I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good.

## WEAVER DEFEATS BRITT IN TENTH.

North Carolina Delegation in Congress Remains Solidly Democratic.

Notwithstanding the bitter fight waged against Congressman Zebulon Weaver and the determination of partisan Republicans in the Tenth Congressional district to elect former Congressman J I Britt, Mr. Weaver was re-elected, it is safely estimated by a majority of 1,000 and the North Carolina delegation of ten in Congress remains solidly Democratic.

The only change in the delegation is the election of S M Brinson in the Third district who will succeed Congressman George Hood who was not a candidate to succeed himself.

The following are the estimated majorities the Democratic candidates received: John H Small, First District, 5,000.

Claude Kitchin, Second District, 7,500.

S M Brinson, Third District, 3,000.

Edward W Pou, Fourth District, 6,500.

Charles M Steadman, Fifth District, 3,800.

Hanibal Godwin, Sixth District, 6,700.

Lee Robinson, Seventh District, 5,000.

R L Doughton, Eighth District, 2,700.

E Y Webb, Ninth District, 5,500.

Zebulon Weaver, Tenth District, 1,000.

Asheville, Nov. 5.—In every precinct so far heard from, with one exception, Weaver has made material gains over two years ago. Present indications, according to Democratic headquarters, show that Weaver has carried Haywood county with a majority of 925 against over two years ago of 479.

Weaver carried Asheville, third precinct, by majority of 157, a gain of 76 over two years ago. Weaver also gained fifty in his majority in Forest City, Rutherford.

Britt's majorities are being cut largely in all Henderson county precincts. Britt's majority in Haw Creek, Buncombe, shows an increase of eight over two years ago.

In Swain, with three precincts to hear from, Britt has a majority of 227, which is a very heavy loss. He counted on a majority of 650 in Swain. His majority in Swain two years ago was 378.

Weaver's majority in McDowell is 50. Britt carried the county two years ago by 17 votes.
