The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS CHILL TONIC. It purifies and strengthens the blood and builds up the whole system. You can soon feel its strengthening invigorating effect. Etc.

No Alternative for the Soldier—No Who Hesitates is Lost.

On the field of honor a soldier has no alternative when told by his superiors to go "over the top." There is no chance for deliberation, no room for hesitancy, no necessity for questioning. He who hesitates is lost. Rarely an opportunity comes to him to redeem his indecision and lack of will.

This is as it should be. Hesitancy, indifference and lack of decision would never win a battle, either over there or over here. People who intend to take action, to do something for their country, but who defer until a more convenient season never help the country when it needs it most. People who intend to buy War Savings Stamps, and perhaps they have promised their Government that they would buy, but who wait and satisfy personal pleasures first are nothing short of slackers.

The spirit that actuates the soldiers at the front should be the spirit that moves the people at home. Nothing should be expected of the Army over there that the army over here is not willing itself to meet.

MANY PEOPLE REPORT BIG GAINS IN WEIGHT

Thousands of Thin, Sick People are Restored to Health by Taking Tanlac.

FIGURES ARE ASTONISHING.

People of Prominence And Unquestioned Integrity Tell Celebrated Medicine Has Done For Them.

One of the most noteworthy features in connection with Tanlac and the one that stands out more prominently than any other perhaps, is the very large number of well known men and women from all parts of the South who have recently reported astonishing and rapid increase in weight as a result of its use.

When so many well known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statement can no longer be doubted.

Thousands have testified that this famous medicine has completely restored them to health and strength, after every other medicine and the most skilled treatment have failed.

One of the most remarkable cases on record is that Mrs. Viola Ives, of 315 Cross Street, Little Rock, whose statement appears below.

"In May, of 1913," said Mrs. Ives, "I suffered a complete breakdown of my nerves and my entire system gave away. About six weeks afterwards I was carried to the hospital. I became perfectly helpless—couldn't move any part of my body and just lay there in bed for five months, not knowing anything or any body. I was brought home in October 1913, and tried all kinds of medicine and everything I was told about.

"I read about so many people getting relief by taking Tanlac and my husband got me a bottle. After taking three bottles I began to feel better. I have taken several bottles of Tanlac now and I can walk anywhere and sleep like a child. When I took my first dose of Tanlac I weighed only one hundred and twenty-two pounds. I now weigh one hundred and sixty-two—an actual gain of forty pounds since I started on Tanlac."

Texas Man Testifies.

Another remarkable case was that of John Crabtree, a general merchant at Five Mile Station, A. Dallas, Texas.

"I have actually gained thirty-four pounds on three bottles of Tanlac and I know what it is to enjoy good health after suffering for twenty years," said Mr. Crabtree.

"I suffered with catarrh of the stomach and indigestion, for twenty years and for eighteen months, before starting I started taking Tanlac, I had to live entirely on cereals. I spent nearly all of one year in bed and was unable to do anything at all and fell off in weight to 118 pounds.

"After using my third bottle of Tanlac I found I had increased in weight from 118 pounds to 152 pounds, making an actual gain of thirty-four pounds—all my troubles were gone, and I was feeling like another man."

MRS. CHAS. PEDEN GAINS 27 POUNDS.

Was Tired, Exhausted and Felt Oppressed Would Be Her Only Hope.

"I have gained twenty pounds on seven bottles of Tanlac and feel as well and happy as I did when a boy," said Mr. Weeks.

"For twenty years I suffered with nervous indigestion of the worst sort," he continued, "and at times during the past fifteen years I didn't think I would last much longer. To tell you the truth, I finally reached the point where I didn't much care whether I lived or died."

"I have just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 55 Mill Street, Huntsville, Ala.

"When I commenced taking the medicine," she continued, "I only weighed 95 pounds; now I weigh 122 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture, and I was twice examined and each time I was told that I had appendicitis and that an operation would be my only hope."

"I had made all preparations for the operation and called in sister to tell her goodbye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me and told me to wait awhile and try a good tonic. The next day as I returned from the consultation room I thought of what she said, and as I had heard so much about Tanlac, I decided to try it and got a bottle."

"I never returned for the operation but just kept taking the Tanlac. Right from the start I began to feel better. The medicine seemed to take hold right at once."

"I was so happy over the wonderful improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac and have just finished taking my third bottle and feel as if I have been made over into a new woman."

said, "Yes, Sir, it's an actual fact, I have gained 25 pounds on Tanlac."

"When I began taking the medicine, continued Captain Riggs, "I was simply a nervous and lphysically weak and had dropped down in weight from one hundred and forty to one hundred and ten pounds."

"I have just finished my second bottle of Tanlac, have gained twenty-five pounds and I feel like a new man."

Old Time Engineer Tells.

Engineer Chas. J. Weeks, who runs the Seaboard Air Line fast train "Fox" between Jacksonville and Tampa, bears the distinction of being the second oldest engineer in point of service with this road, having been with the company for thirty three years.

Tanlac is now sold exclusively in Salisbury by the Smith Drug Co.; in Cleveland by J. A. Lyerly, in Granite Quarry by the Brown Drug Co. and in Spencer by the Brown Drug Co. Adv.

HEAR THIS CALL FROM OUR HOME TOWN BOYS OVER THERE

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THE HOME LOVE KINDLED."

WILL YOU HELP OUR BOYS ABROAD?

Every Man, Woman and Child Can Join to Send News of This Town Into the Front Line Trenches.

WHOLE NATION MOVES TO BANISH SOLITUDE

Our Heroes Are Calling From Over There—Give What You Can to Help Those From Home.

Every citizen interested in the boys of his home town now at the front, and in the brave women who equally are serving their country abroad, has an opportunity to show his appreciation of the sacrifice they are making. The opportunity comes as a result of the generosity and thought of Colonel William Boyce Thompson of New York, who has conceived and put into execution what is known as the Home Paper Service.

Under the plan, every man and woman in foreign service will receive the town newspaper, and so be kept in constant touch with the places and the people they know and love.

Every branch of the United States Government is interested in the plan. The Government realizes the importance of keeping those in the service happy and constantly in touch with their home ties and associations. Nothing is more depressing in a national emergency than the spirit of loneliness in those serving their country, and officials know that nothing can dispel this feeling more effectively than reading the home town newspaper.

Publishers of newspapers in all parts of the country—this newspaper included—have grasped with pleasure the plan outlined by Colonel Thompson, and they have agreed to co-operate in every way.

Under the ruling of the War Industries Board newspaper publishers are forbidden to send their newspapers free, even to soldiers. The newspaper must be subscribed for in the regular way, the only exception being soldiers who formerly were in the employ of the newspaper and who left that service to enlist. Colonel Thompson therefore proposes that the public in each community contribute to a fund so that the home newspaper (in our case this newspaper) may reach every man and woman now in the service of his country.

Anyone may contribute to the fund, and any sum may be contributed. It is not necessary to contribute the entire amount of one subscription. It does not matter whether the rich man sends in one hundred dollars or the poor boy or little girl sends in five cents. Each gift will be a message of love and helpfulness to the home town folks "Over There." The money will be lumped into one fund, out of which subscriptions will be entered as fast as the money is received. Contributors who send in the full price of a year's subscription may, if they wish, designate to what particular person they wish the newspaper sent, but if the name given is already listed as receiving the paper, then the publisher reserves the right to apply the subscription to some less fortunate soldier boy or noble woman who is just as lonely for news of home and home folks.

The name of every contributor to this home paper service will be published in this newspaper, and the name of everyone entered for a subscription will be published as well as the number of those remaining whose subscriptions have not been covered.

If the amount of money received shall be more than is necessary to send the paper to every person from the town now in the service, then the balance will be turned over to the Red Cross.

The plan is endorsed by the publisher of this newspaper without any thought of profit, either directly or indirectly, but with a sincere desire to help keep the home fires burning and to send to our heroes and heroines news of our town, to keep their hearts warm for us and to let them know they are constantly in our minds.

The publisher, of course, cannot make a profit on circulation, and additional circulation such as this will be circulation from non-purchasers sent far across the sea—can have no added value to the advertiser.

These facts are stated so that every contributor may feel that every cent contributed goes to the good cause.

The mothers of our boys are facing an ordeal with a bravery that commands respect and admiration. Here and there there are tiny stars are turned from blue to gold, where anguish grips the heart, the nation stands in silence and honors the women who have given of their blood, the very bone of their bone, to their country. To them, home has lost its meaning—the soul of it has fled—there is no home, it is just a place, and no place is quite so lonely, unless it be within the hearts of those brave sons in far off France who long for just a word of home. There cannot be a man, there cannot be a woman, no, not even a child, who will fail to contribute just a little to make the hearts of these patriots lighter. Not one. Not in our town.
