

# The Carolina Watchman

A Home Newspaper Published in the Interest of the People and for Honesty in Governmental Affairs

VOL. XV. NO. 47. 73 JRT I SERIES

SALISBURY, N. C., WEDNESDAY, NOVEMBER 12TH, 1919.

ESTABLISHED 1832

## REDS PLAN TO WIPE OUT ALL.

Looking Forward to "Magnificent Man Without a God, Without a Master."

Washington, Nov. 9.—Plans of the union of Russian workers to bring about an overthrow of the American government through a general strike is revealed in documents seized in the nation-wide raids of federal authorities Friday and Saturday nights and made public tonight by assistant Attorney General Garvan.

With the government overthrown and everything "wiped from the earth that is a reminder of the right to private ownership of property," the Russian workers, according to their manifesto looked forward to "the magnificent beautiful form of man without a God, without a master and free of authority."

The documents and publications obtained in the raids, officials said today, are of the most inflammatory nature and make no effort to conceal the union's program of destruction and death to achieve its ends. Much of the material made public tonight is of such a nature as to cause any newspaper reprinting ordinarily to be debarred from the mails.

Included among the documents seized, all of which are printed in Russian, is Novomirsky—manifesto of anarchists—communists. This publication, the most recent put out by the union, was said by Mr Garvan to be the most dangerous piece of propaganda ever disseminated by any radical organization in the United States.

The manifesto outlines the purpose of the movement inaugurated by the union as "complete destruction of power of rule and the institutions invested with power to enforce rule of one man over another."

Under the caption of what should be our means of carrying on the fight, the manifesto says: "What must we do, the vanguard of the proletariat? We must conscientiously hasten the elementary movement of the struggles of the working class, we must convert small strikes into general ones, and convert the latter into armed revolt of the laboring masses against capital and state."

"At the time of this revolt, we must at the first favorable opportunity proceed to an immediate seizure of all means of production and all articles of consumption and make the working class the masters in fact of all general wealth. At the same time, we must mercilessly destroy all remains of governmental authority and class domination, liberating the prisoners, demolishing prisons and police officers, destroy all legal papers pertaining to private ownership of property, all field fences and boundaries, and burn all certificates of indebtedness—in a word, we must take care that everything is wiped from the earth that is a reminder of the right to private ownership of property, to slow up barracks, gendarme and police administration, and shoot the most prominent military and police officers, must be the important concern of the revolting working people."

After "capital and state" are destroyed the manifesto says, the first duty of the union is to start production on a new foundation. Existing labor organizations should be extended and production should be given over entirely to them, it argues. Then each "village commune" should unify with all other communes

## The Secret of Youth is no Secret.

Dr Joseph Oldfield, Britisher, described as "known internationally as a physician writer," has published what is referred to as a prescription for keeping old age at bay. The secret is no secret. It is diet. The human body, rightly nourished he considers should live from 90 to 105 years. Old age being largely caused by deposit in the blood vessels and cells of waste matter by the adoption of a part fruitarian diet, "a man however old, may become young again, because every cell in the body will be replaced by new young cells. The diet prescription includes dandelion leaves, fowl's eggs, grapes, lettuce, uncooked salads, cow's milk, water cress and honey."

The human by changing over to an eliminative diet, if it may be properly called that—might or might not add some years, or decades to the span of his life. Whether he did or not, he would in certain wholesome senses live while he did live, which is perhaps much the more important.

These things are well known to scientists, and not unguessed by laymen. Future generations may decide to live their knowledge. With the crowding of the earth's surface a few decades hence it will be necessary to live much more simply—which is to say, much better.—Greensboro Daily News.

## No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic for the whole system. Nature will then throw off or expel the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

and "the one grand federation" follow the manifesto advocates as its program.

Recognizing no religion, no authority, no power other than its own, the manifesto says, alternately, its members are atheists, communists, anarchists, it continues.

"Religion covers everything with fog, real evil becomes visionary, and visionary good, a reality. It has always sanctified slavery, grief and tears. And we declare war upon all gods and religious fables. We are atheists."

The government's attempts to put down riots were attacks nothing short of murder when such attempts to end troubles had resulted in death for anybody.

In its decision of war, the manifesto indicts the American people for honoring General Pershing as commander-in chief of the American expeditionary forces in Europe.

Murder is always murder and the man who kills is always a murderer," the manifesto asserts.

"The only service of this man has been the fact that, being a professional in his craft, he came to be, by simple chance, at the head of the American armies which fought in Europe. There obedience to the commands of those who sent him, he, with ability and brains led the work of murder of men by men. For this they raise him to the skies and honor him in every way. All of this is done only because we are in an age of progress and civilization in an age of altruism and humanitarian ideas."

## Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 50c per bottle.

## DENOUCE INJECTION AS AUTOCRATIC.

Declares their Walkout Justified and Indorsement of Public.

Washington, Nov. 9.—Holding that the action of the government in injunction proceeding against striking bituminous coal miners to be "so autocratic as to stagger the human mind," the executive council of the American Federation of Labor declared tonight in a statement issued after a four-hour meeting that the miner's walkout was justified, promised for the strike the entire support of organized labor and asked aid and indorsement for it from the general public.

The Lever act, under which the government acted in the court proceedings, never was enacted to apply to workers, the council asserted, and its use against the miners was classed as an injustice not only to workers but to all liberty loving Americans. The action was taken without any participation of William Green, general secretary of the mine workers, who is a member, but the remaining principal officers of the American Federation of Labor were present.

The council began its session at 3 o'clock after its members had been hastily summoned to gether and the statement which formulated its action was carefully revised and rewritten by Samuel Gompers and Frank Morrison, president and secretary, respectively of the federation.

The council in its statement presented at length the history of the negotiations which led up to and precipitated the strike declaring almost in the first sentence that the officers of the United Mine Workers did every thing in their power to avert this great industrial struggle. It reserved its bitterest words for latter comment on governmental action thereafter.

There were 2,200 delegates, representing 500,000 miners, seated in the convention which called the strike the statement said, after briefly sketching in complaints of working conditions in the industry, which it is asserted the miners seek to remedy by striking. The instructions of the convention were taken through the usual committees into conference with the operators, and then the statement puts in, our government interjected itself and applied for an injunction.

The statement characterized the action as "invasion of rights of miners, intended to starve the miners into submission by cutting off their strike benefits and demanded the withdrawal of the injunction secured Saturday at Indianapolis to restore confidence in the institutions of our country and respect to courts."

"By all the facts in the case the miner's strike is justified, it concluded. "We indorse it. We are convinced of the justice of the miners' cause, we pledge to the miners full support of the American Federation of Labor and appeal to the workers and citizenship of our country to give like indorsement and aid to the men engaged in a momentous struggle."

The Rowan County Cotton association was organized Monday in the old court house following a short address by E S Millsap, of Statesville, and the membership campaign is on this week.

## Public Opinion Stops General Miami Strike.

Miami, Fla., Nov. 9.—The presence of antagonistic public opinion is credited with putting an end to the proposed general strike which 27 branches of labor affiliated with the American Federation of Labor had called for tomorrow morning.

The people openly declared themselves in the issue and many union men asserted that it was unjust that the public should be made to suffer because one firm, Knight and Thorpe, insisted in employing laborers on the open shop basis.

## A Good Cough Medicine For Children.

Mrs J W Phillips, Redon, Ga., phoned to J M Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children and for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold.

## Weather Forecast For November.

From 1 to 7 fair, clear and some cool with slight threatening frost.

From 7 to 14 fair, threatening stormy west and south mostly with slight stormy near east, blustery.

From 14 to 22, changeable with rain, stormy mostly south west, threatening cooler.

From 22 to 30, fair and cold, with cold rain, near ice threatening slight snow, but heavy north.

November appearingly shows not so much rain, but hard cold along, some local storms, warm, changeable, disagreeable weather all along. By moon change times, from 20th out some colder. This October 27th.

HENRY REID, R. 3, Salisbury, N. C.

## Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles. Instantly relieves itching Piles, and you can get actual relief after the first application. Price 50c.

## Ex-Kaiser Safe In Netherlands.

The Hague, Saturday, Nov. 8.—Former emperor William came to Holland a year ago next Monday. Since that time there has been no demand official or unofficial, for his extradition or delivery to the allies, nor has Holland changed its view point toward him.

## This Means You.

When you get up with a bad taste in your mouth, a dull tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the digestion.

You can't tell a man by his clothes every time, because we saw a little man common ly dressed at the land sale at the court house in Salisbury Monday and he bid off the big tract of land for two thousand three hundred and seventy five dollars. They said his name was Duke Morgan.—Venus.

Grove's Tasteless chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 50c.

## ROPER DETERMINED TO FORCE DRY LAW.

Will have Charge of Enforcement in this State for a time.

Washington, Oct. 28.—Action of the senate late today in overriding the President's veto of the prohibition enforcement bill, which followed similar house action, means the early establishment in North Carolina of federal machinery for the enforcement of the new law. It is understood here that the bureau of international revenue will name a federal prohibition commissioner in each state. This official will have charge of the federal government's part against illicit distilling, brewing, and bootlegging. The commission, of course will have a number of assistants and special agents.

For the present it is indicated that enforcement of the law in North Carolina will rest principally in the hands of T H Vanderford, formerly collector at Greensboro. It is also probable that Mr Vanderford will be made the permanent prohibition commissioner for the state. In the recent re-adjustment of the federal tax collection agencies in the state, Mr Vanderford was assigned to revenue duties related to the liquor traffic, while J W Bailey and A D Watts were made, respectively collector and supervisor of internal revenue.

The action of the senate late today made it possible for Commissioner Roper to make an initial statement regarding his plans for enforcing the law. Mr Roper emphasized the importance of the co-operation of local officers of the law and says if they are derelict in their duty he will call attention to such dereliction.

Senator Simmons and Senator Overman both voted for the motion to override the President's veto and contributed to the majority of 65 to 20, which was comfortably above the required two-thirds. The law became immediately operative and it is now up to the internal revenue bureau to build up its anti liquor machine.

## A TWICE TOLD TALE.

### One of Interest to Our Readers.

Good news bear repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth. The following experience of a Salisbury woman is confirmed after four years.

Mrs T Robinson, 602 N Main St., says: "I was subject to rheumatic pains in my limbs and back and knowing the value of Doan's Kidney Pills, through the experience of friends and other members of the family, I used them. I found Doan's to be all that is claimed for them. When I notice my kidneys are the least out of order now and my back feels weak and lame I take a few doses of Doan's Kidney Pills, and they never fail to give me quick relief."

On May 11, 1918 Mrs Robinson said: "I am a firm believer in Doan's Kidney Pills to say as when I endorsed them in 1915. I have had no occasion to use Doan's since I gave in my former statement, so I believe they cured me. I advise other kidney sufferers to use Doan's and I gladly recommend them."

Price 60c at all dealers. Don't simply ask for a kidney remedy get Doan's Kidney Pills, the same Mrs Robinson had. Foster-Milburn Co., Buffalo, N. Y.

## Meeting in Interest of Organized Bible Classes

A meeting that was largely attended was held in the old court house Sunday afternoon in the interest of organized Bible classes of the Sunday schools. It was the fifth meeting that has been addressed by A B Saleeby and C W Andrews, president and secretary of the eighth district, who have been organizing and boosting up the work in their district for several weeks. Mrs N Buckner of Asheville, general secretary of the Baraca and Philathea work in the state, was present and made an address in which she told of the great work that is being done by the organized Bible classes. Besides this address Mr Saleeby and Mr Andrews were heard and there were recitations by George Jarvis and Theresa Meroney and several selections by a quartet of local talent. A roll call of churches showed a number of them represented and a few of them had large classes present. P E Lewis presided and W F Snider conducted the devotional exercises.

Such classes are very desirable if there is any intention of putting into practice what is learned. In fact we would find conditions very much improved if all were to put into practise what they already know.

## SHE WOULDN'T TAKE A FORTUNE FOR IT.

Told That Operation Was her Only Hope. Gains Twenty Pounds by Taking Tanlac.

"I wouldn't take a fortune for the good Tanlac has done me" said Mrs Grace E Trinder, of 511 W 83 St., Kansas City, Mo. "My troubles began about four years ago," she continued, "and although I have been under the best of treatments and have taken many different kinds of medicines, I grew worse all the time. My food disagreed with me and I suffered terribly from indigestion. I was very nervous and never got a good night's sleep, and became so weak and rundown I was unable to do any housework and felt miserable all the time. They said my only hope was an operation and I prepared to go to a hospital and have it done."

"The day before I was to leave home I saw a statement in the paper where a person who had suffered exactly as I did had been benefited through taking Tanlac so I persuaded my family to let me try it before having the operation. I began taking Tanlac that very day and by the time I had finished my second bottle I felt much better. I kept it up and it finally overcame my troubles completely. I have actually gained twenty pounds and am so well and strong I can do all my housework without any trouble at all. I sleep fine and am never troubled the least bit with indigestion or stomach troubles of any kind. Tanlac is sold by all druggists' Advertisement.

## Constipation.

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.
