Local Department.

JOSEPHUS DANIELS, EDITOR.

Nash Court February 23rd.

Snow, sleet and rain all visited us Monday.

The heaviest snow of the season fell on Monday.

Valentine's Day will come, as usual, on the 14th of February.

The goose bone predicts the coldest weather about the middle of February.

Those subscribers who have not settled up will very much oblige us by doing so at once.

Rev. J. R. Finley lectured in Goldsboro on Thursday night. Subject: "Folks, wise and otherwise; or hits at the times."

Read the announcement of Bynum, Daniel & Co. in this issue. They offer to sell Guano very cheap at reasonable terms.

Read the advertisement of Mr. Jas. S. Woodard offering a house and lot for sale or rent. He will sell or rent on reasonable terms.

We desire to call attention to the advertisement of the house of the late A. B. Palmer on Nash street. It is a most desirable piece of property.

We'll venture that at least 500,000 ladies who will never see twenty again will smile serenely and reply to the question of the census taker as regards to age, "Sweet Sixteen."

Our regular Snow Hill letter and a letter from Rev. F. B. Andrews, of Littleton are crowded out this week. We regret that it is impossible to publish in this issue, however they will keep and will appear next week if nothing prevents.

The family of the late Louis D. Arquer, a Spaniard by birth, and for many years a well known resident of this place, have turned over his papers to Mr. T. C. Davis by a dying request, to recover if possible the property which rightly belonged to Mr. Arquer in Barcelona, Spain.

Hilliard Ellis, one of the most respected and intelligent colored citizens of our county, and a very prosperous farmer, left Tuesday for Washington city where he had been summoned to appear before the Ex-cessus Investigating Committee. Hilliard is a level-headed colored man and we think that his evidence, added to that of O'Hara's, will do much towards vindicating North Carolina in the alleged charges of intimidation. We hope to be able to publish his evidence next week.

We desire to call the attention of our farmer readers to the large and attractive advertisement of Branch, Hadley & Farmer which appears this week. They are offering to sell the standard brands of guano at as low prices as similar brands can be bought in any market. They have in store several hundred tons, and two cargoes more to arrive. Their firm is an old established one and keep only the best guanos. It would be to the advantage of any persons desiring to purchase to call first and examine their guanos.

Notice.
Mr. A. P. Simpson is the agent of the U. B. Mutual aid society of Pa. Any persons wishing to insure their lives will save money by calling on him.

Peacock & Hargrave have the largest and finest assortment of garden and flower seeds that it has been our pleasure to examine. It is a treat to visit their store.

No Commissioners Meeting.
On account of the inclement weather there was no Commissioners meeting Monday. Several of the commissioners live a considerable distance from the court house, and the snow and sleet prevented their attendance.

Stealing.
On Saturday last Pink Smith, Martha Hinton and Harriet Smith, all colored, were arrested for stealing calves and striped goods from the store of Rountree, Barnes & Co., of this place. They were bound over by Justice Davis to the Superior court.

Rowland has secured the services of a good prescription clerk who may be found at the store all hours day or night.

Not Guilty.
Hardy Sharp, col., who was tried at the Inferior court of Edgecombe county last week, for stealing about \$1,500 from Amos W. Cobb, of that county, was declared "not guilty." Of course, if he was not guilty of the theft, the money which had been taken from him by our policemen should be refunded. Last Monday he came to town and demanded the money and \$332.92 was turned over to him. It will be remembered that the alleged theft was committed several weeks ago, and that he was subpoenaed because he spent money too lavishly in this place a day or two after Mr. Cobb's money had been stolen.

New Tailor Shop.
Mr. B. Greenwood, of Columbus, Ind., a first class tailor has opened a merchant tailors establishment on the corner of Nash and Goldsboro streets. He comes to us well recommended and we feel sure that he will be a success. He keeps on hand all kinds of men and boys furnishing goods, fine custom shirts &c. Read his advertisement and give him a call.

No Humbug. Holliman's is the best Liver Pad in the market and can show more cures effected by it than all others combined. Call at Rowland's and get one.

Read This.
In all things neatness and convenience are of importance, but in the office of a dentist, more than in any other place, should every thing be arranged for the comfort and ease of the patient while the dentist is either extracting or filling teeth. Our dentist Dr. R. W. Joyner has recently fitted up his office very cosy and "home like," and is prepared to do any work in his line as good as any other dentist in the State and at reasonable prices. Office, next door to the post office.

Death of a Useful Man.

Many of the older citizens will be pained to hear of the death of John Norfleet, Esq., which occurred at Tarboro on Wednesday the 4th inst. Mr. Norfleet was one of the oldest and most highly esteemed citizens of Edgecombe county, having been for many years clerk of the old county court, clerk and master in Equity, clerk of the Superior court and at the time of his death Register of Deeds. Probably there was no man so familiar with the history and business of the county as Mr. Norfleet. In politics he was a Republican. He always retained the respect of his fellow citizens by maintaining a high character for honesty and integrity. He was about 60 years of age and never married.

Call for FLAGG'S LIVER PAD and have no other. A bottle of Anti-Malaria should accompany each Pad. Buy only of Peacock & Hargrave, Sole Agents.

Elopement.

Mr. Jno. Nichols publishes a card in the Asheville Citizen and requests the papers of the State to publish it. It is self explanatory and needs no comments from us:

"MISSRS. EDITORS:—The Rev. R. M. Roberts and Mrs. Nancy A. Nichols, of Graham county, North Carolina, have left these parts together. Roberts is about forty-five years of age, weighs about 145 pounds, is slightly the rise of five feet high, with light hair and beard and blue eyes. He leaves a wife who is a lady and made a consistent wife. Nancy A. Nichols is about 20 years of age, weighs about 130 pounds, complexion fair, and hair light and waving about the forehead, with blue eyes. She leaves a husband and one child about two years old.

Please publish these facts and ask the press to copy, as the reversed individual is likely to attempt to pass himself off in some religious community as a servant of God. Respectfully yours,
JOHN NICHOLS.

Just received two barrels of white and medium sets from that selected seed house of Robt. Buisl, Jr. Call and get your supply at Rowland's.

Rice Culture.

The Goldsboro Messenger tells about the cultivation of rice in Wayne county last year, and says that the land in this section is suitable for its production. We commend the notice to our farmer friends and urge upon them to give rice a trial this year. If it can be cultivated in our county it will be a staple production and will yield better and pay the farmer better than cotton does. The Messenger says:

"The rice crop in this section will largely increase the present year. It was formerly thought that rice could not be raised on high lands, or without flooding, but late experiments have demonstrated that Eastern North Carolina Savannah Land, and also the swamp land, are well suited for rice culture. We have not been able to obtain many definite results, but know that although the season was very dry yet the general rice crop was a success, producing from 25 to 50 bushels per acre. About 40,000 bushels have been sold in this market, bringing \$1 per bushel. A rice mill would next be in order."

"Diversify your crops," and let rice be produced in Wilson county if it will pay. Give it a trial and if the result is satisfactory you will reap the benefits.

Decided at Last.

The suit which was instituted several years ago by Mr. James Farmer, of Nash against Mr. Willie Daniel, of this place for the recovery of a tract of land, which now includes almost one half of the town of Wilson, has been at last decided in favor of the defendant. It was argued in the Supreme Court by G. V. Strong, Esq., for the plaintiff and Messrs. Compor & Woodard for the defendant.

The following is a digest of the opinion of the court delivered by Dillard, J.

Where a purchaser of land sold by order of a court of equity, under a petition for partition, paid into the office of the Clerk and Master the purchase money and the court of equity on the report of the Master ordered title to be made but in fact a deed was never executed, one who succeeds to the equitable title of such purchaser by a chain of mesne conveyances can under the present system, set it up and defeat the action of the holder of the legal title. Where a "case agreed" sets out the facts and leaves the legal inferences to be drawn by the court, the court will treat the defenses set up by the "case agreed" as authorized by the pleadings. Where the purchase money so paid in by the purchaser was paid over by the clerk to a fene covert without privity examination it cannot affect the purchaser's title.

Where, after payment of purchase money and order for title, the purchaser and those under his enter and remain in possession no lapse of time will raise a presumption of the abandonment of the equitable title by reason of a failure to obtain the deed.

Our Schools.
We are pleased and gratified to be able to state that both the Seminary and Institute have opened under most favorable auspices. The number in attendance at both schools is much greater than at the last session. Our schools are institutions of Wilson and their prosperity should be a matter of town pride, and they should be liberally patronized, not only by the people of Wilson, but by those having children to educate in this section. Wilson is proud of the enviable reputation its schools have gained and if wisdom marks its course they will be fostered and their influence for good extended.

Buisl's seed are good because they are reliable. Rowland has oceans of them, warranted to be fresh and genuine. Ask for Buisl's if you would have good gardens.

Personal.

Mr. E. G. Muse, representative of the firm of J. P. Rogers & Co., of Richmond, Va., was in town Tuesday.

Mr. James E. Clark, formerly a resident of this place, but now in the Commission business in New York is in town.

Rev. F. B. Andrews is in town in the interest of the United Brothers Mutual Aid Society.

Mr. Germaine Bernard, a representative in the last legislature from Pitt county, was in town one day this week.

Dr. A. D. Moore, formerly a well known and highly respected citizen of this place, who has been residing in Pittsboro for several years, has returned to Wilson and will make it his home again.

Mr. H. M. Daniel spent Sunday in Wilson.

FLAGG'S LIVER PAD is the only reliable Pad for the liver. Peacock & Hargrave are Sole Agents for them.

Court Calendar.

We give below a list of the cases to be tried at the special term of the Wilson Superior court, beginning March 1st 1880:

Monday, March 1st.—Thomas Lamm vs. Telfair Eatman; Curtis H. Glover vs. Wm. McEaton.

Tuesday, March 2nd.—T. B. Williamson et al vs. Ruffin Raper et al; John D. Wells & Co. vs. John R. Green; John D. Wells & Co. vs. W & W R R Co.

Wednesday, March 3rd.—Lot Scott vs. John W. Gardner; E. H. Pender vs. W. R. Carter.

Thursday, March 4th.—H. B. Claffin & Co. vs. Stern & Saks et al; Sol Weil, Trustee vs. K. H. Winstead, Sheriff.

Friday and Saturday, March 5th and 6th.—Wiley Deans vs. Wm. Hinnant et ux, vs. Josiah Winbourne.

Other cases will be tried the second week of court.

If you have any chronic affection of the Liver or stomach get one of Holliman's Liver Pads of Rowland. They are the original, require no moistening and hold their own.

A Good Chance for Bargains.

M. R. Lang, assignee of L. Heilbronner & Bro., advertises in another column that he will sell the entire stock of well selected goods in the store of said Heilbronner & Bro., in the town of Wilson at cost. The Messrs. Heilbronners have been unfortunate. They lost money in the business as a great many other merchants did here last year and year before, and becoming involved they made an assignment to Mr. Lang for the benefit of their creditors. The assignee desires to sell the stock as rapidly as possible so as to be able to settle with the creditors. We regret this unfortunate occurrence, for Mr. A. Heilbronner who has had charge of the business of the firm at this place has conducted himself in such a manner as to win many friends, who will regret to learn of his misfortune. We trust that they may soon get their affairs satisfactorily straightened up and that they may be able to continue in business here.

Died.

Mrs. Outlaw, of Mississippi, better known to our Nash county readers as Miss Lucy Sessums, died recently at her home in that State. Among the many lovely and beautiful girls born and reared in a county noted for its glorious women, none ever shone with more lustre, or distilled a sweeter fragrance of loveliness than the one who has just passed away from the scenes of earth in her far away sunny home. In Nash county, where her gentleness and genuine womanly worth won so much affection, many a heart will bow in sorrowing sympathy, and many a tear-swept thought will ebb mournfully away to the distant grave that holds all that is mortal of Lucy Sessums.

On January 30th, at the residence of her nephew Mr. W. T. Griffin in Nashville, N. C., Miss Mourning Joyner, aged 87 years, 8 months and 26 days, leaving a sister 90 years old and a large circle of relatives and friends to mourn her loss.

Another Exoduster Desires to Return.

We published a few weeks ago a letter from Peter Dew, a colored exoduster, who desired to return home, and this week we have a letter from Julia Daniel, a colored woman who went to Indiana from this county. It is high time those who still remain should realize that Indiana is not a Paradise, and that there is no place under the sun where man can live except by honesty and labor. Read the letter:

INDIANAPOLIS, IND., Jan. 26th 1880.
DEAR JOHN DANIELS:—
We are all well. Send me some money, I want to come back right away. Give this letter to Kinsey Winstead. I want him to send me the money right away. No work here, no nothing, in fact me and my children are in a starving condition and we must get back at once. Tell the folks back there to stay and not to come under any consideration whatever. Give this also to Kinchen Watson. I want his help. Send the money by return mail if possible. Any number of immigrants are anxious to come back. There is no work here for anybody and any assertion to the contrary is a willful falsehood.

Yours Respectfully,
JULIA DANIELS,
352 West North St.

The Burial of Moses.

An intelligent and cultivated correspondent in the Goldsboro Messenger of a recent date desires to know the author of the beautiful poem entitled "The Burial of Moses;" and as an evidence of his high appreciation of its lofty merit, furnished that paper with a copy and had it published. We are pleased to announce that it was written for the Wilson ADVANCE several years ago by an accomplished and highly intellectual daughter of Wilson, now a resident of another State, and received at the time some very complimentary notices from several of our State papers. We are glad to see that its merit is again meeting with recognition, for the poem in question is the work of a refined, finished, artistic and exquisite execution. The beauty, purity and delicacy of its fancy, together with the smooth, easy and graceful flow of its limpid stanza, which gathered upon the bosom of its melodious tide as rare and beautiful flowers as rhetoric ever weaves, and wafted them on without one flaw of discord to the musical cascade, where rippling streams mingle in harmonious rhyme, won for the brow of the fair young author a wreath which time will make brighter, more rosy and more fragrant. Wilson feels proud of the poem, still prouder of the one who wrote it, and we regret that the beauty of her modesty, which is equal to the beauty of her pen would not allow her name to be given to the public.

Rowland's is the place to buy your garden seeds. Has just received 5000 papers of Buisl's fresh and genuine. They need no recommendation here.

Distressing Accident.
Between Farmville and Centre Bluff on Friday last an accident occurred which resulted in the death of two most estimable gentlemen of that neighborhood, Messrs. Frank Atkinson and Theophilus Young. Mr. Proctor, of this place, who is a relative of Mr. Young, as soon as he heard of the accident went to the scene of the disaster, and he informs us that it was caused solely by the carelessness of a negro man who was employed as fireman in the steam mill. Mr. Proctor also gives us the details in full which are as follows:

The negro fireman, by inattention and carelessness, let all the water dry out of the pumps. When Mr. Atkinson came in, not knowing but that the pump was in good condition, poured cold water into it and began to pump. The cold water burst the engine and knocked Mr. Atkinson about 50 yards, breaking an arm and a leg. The boiler fell on Mr. Young causing instant death. This explosion is a warning to all who work where steam is used, and where accidents may occur by the least act of thoughtlessness, to exercise more care. The violent death of these two men who were highly respected citizens of Pitt county, by carelessness is, indeed, to be regretted. We extend our heartfelt sympathies to the families and friends of the deceased, and trust that they may find comfort in their bereavement from Him who doeth all things well.

A Problem.

If the population of the United States was four millions sixty years ago and is forty eight millions now, how many will there be sixty years hence, with an increase at the same rate. We trust that Mr. R. J. Taylor will work this up as he is splendid in telling cotton. It will be a densely populated country in the absence of war and famine. Let Mr. Taylor give us the figures.
PUNCH.

Will Hall's Vegetable Sicilian Hair Restorer change gray hair to its original color and not dye the skin? It will and is a preparation of acknowledged superior merit.

Scarlet fever kills children, and so do worms. Shriver's Vermifuge will destroy and expel worms wherever they exist in the human body.

Prejudice Kills.
"Eleven years ago my daughter suffered on a bed of misery under the care of several of the best (and some of the worst) physicians, who gave her disease various names but no relief, and now she is restored to us in good health by as simple a remedy as Hop Bitters, that we had looked at for two years, before using it. We earnestly hope and pray that no one else will let their sick suffer as we did, on account of prejudice against so good a medicine as Hop Bitters."—The Parents.

To The Ladies.

Any lady who will send me the names of ten good farmers, (either white or colored) all of whom get their mail at the same post office, and give the name of that office, including county or parish, and State, shall receive from me, by mail immediately, a handsome and valuable present. Try it, ladies. A postal card is all you will need for the purpose. An opportunity but once met with in a lifetime, and no risk. Address: J. W. WARD, P. O. Box 19, Indianapolis, Ind.
