We are upon the threshold of a most important canvass—the results of which may shape the destiny of this country for generations, if not for all time to come. The traditions of the past and the unwritten law of the republic, are about to be ignored by the dominant party, whose determination to rule or ruin this country, has never for a moment been abandoned. The Democratic party have a sacred duty to perform which should override all selfish considerations. United, harmonious, and with proper leaders, we have every reason to hope for a glorious victory.

The National Democratic Committee it is believed will select Cincinnatti as as the place for holding the next National Democratic Convention. The Committee is in session in Washton City and the advantages of St. Louis, Chicago, Baltimore and perhowever are sanguine of attaining the coveted honor. Is a compound of the virtues of sarsaparilla, stillingia, mandrake, yellow dock, with the iodide of potash and iron, all powerful blood-making, blood-cleansing, and life-sus-taining elements. It is the purest, safest, and most effectual alterative medicine known or available to the public. The scionces of medicine and chemistry have never produced so valuable a remedy, nor one so potent to cure all diseases resulting from inpure blood. It cures Scrofula and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotches, Boils, Fumors, Tetter, Humors, Sait Rheam, Scald-head, Ring-worm, Ulcers, Sores, Rheumatism, Mercurial Disease, Neuralgia, Female Weaknesses and bregularities, Jaundice, Affections of the Liver, Dyspepsia, Emariation, and General Debility. By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood and cause derangement and decay. It stimulates and enlivens the vital functions, promotes energy and strength, restores and preserves health, and

infuses new life and vigor throughout the whole system. No sufferer from any disease which arises from impurity of the blood need despair who will give Aven's SARSAPARILLA a fair trial. It is folly to experiment with the numerous low-priced mixtures, of cheap materials, and without medicinal virtues, offered as blood-paritiers, while disease becomes more firmly seated. Aven's Sarsaparilla is a medicine of such concentrated curative

power, that it is by far the best, cheapest, and most reliable blood-purifier known. Physicians know its composition, and presembe it. It has been widely used for forty years, and has won the unqualified confi-dence of millions whom it has benefited. Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists,
