HOME AND FARM.

"He that by the plow would thrive,
Himself must either hold or drive."

FRIDAY..... ..... FEBRUARY 27, 1880

The Newton *Enterprise* says that Mr. A. W. Finley, of Wilksboro, butchered a couple of hogs sometime ago, one of which weighed 839 pounds and another 727. Mr. E. S. Blair, of the same place, killed one weighing 713 pounds. Pretty good sized shoats.

The Newbern *Democrat* says the truckers of that section are all as busy as they can be. Most of them have pitched their crops. Tomatoes, radishes, lettuce and cabbages are all up, and are looking very thrifty and green. Peas are about six inches high on an average, and are giving promise of an abundant yield. In this immediate vicinity there are about 600 acres seeded in peas alone; to plant this crop required at least 1,200 bushels of seed.

The Raleigh *Observer* says: There were in North Carolina, in 1870, in farms, improved, woodlands, and unimproved, 19,835,410 acres. Of this 5,258,742 acres were improved, over one million acres less than we had in 1860, or about 26 per cent of the whole. To this may be added 13,000,000 acres of wild lands, making an area of 33,000,000 acres in round numbers. The average size of our farms at that date was two hundred and twelve acres. We had at that date a population of 1,071,351, or about 21 to the square mile. Of this population only 45 per cent. over ten years of age were at work, the remaining 55 per cent. doing nothing. We had at that time 807,962 native North Carolinians living in other States, while we had living in our own midst only 3,029 citizens of foreign birth.

GRAHAM PASTRY.—Mix lightly one pound of Graham flour with a pint of thick, sweet cream; add salt, roll thin and bake as other pastry, and you will have a nice Graham cake.

BROWN BREAD WITHOUT EGGS.—One pint cornmeal, one of rye flour, one teaspoonful of salt, one half cup molasses, one pint butter milk, one teaspoon soda, steam three hours; then bake fifteen minutes.

TO SOFTEN THE HANDS.—Take one-half pound mutton fat, one ounce camphor gum, and one of glycerine. Melt, mix thoroughly and set away to cool. Rub the hands at night. It will make them white, smooth and soft.

RICH GRIDDLE CAKES.—Into 12 ounces of flour rub one large spoonful of butter, add three eggs, with as much milk as will make the dough the consistency of paste. Roll it out thin.—Make into cakes, and bake them on a griddle.

TO COOK CABBAGE.—Cut the cabbage fine as slaw, then put a tablespoonful of lard in a skillet, and when heated, put in the cabbage. Season with salt and peper. Stir until tender then pour sweet cream over it, just enough to moisten. It is excellent.—No water needed.

CEMENT FOR MENDING TABLE KNIVES.—Coulter's cement for fastening the blades of dinner knives in their ivory handles consists of rosin, four parts; beeswax, one part; brickdust, one part. Fill the hole in the handle with the cement, heat the tag of the blade and press in.

CHARLOTTE RUSSE FOR DYSPEPTICS.—Line a dish with sponge cake; heat to nearly the boiling point one pint of milk, and stir in briskly half a cup of corn starch dissolved in three tablespoonfuls of cold water; cook for a minute; then add half a cup of white sugar and pour the mixture into the dish; serve hot.

BIRD'S NEST PUDDING.—Soak a teacupful of tapioca in three cupfuls of luke-warm water for five or six hours, stirring occasionally. Peel six apples, cutting them in quarters and arranging them in the bottom of the dish, or the apples may be chopped fine; empty in the dissolved tapioca with a teaspoonful of salt, bake one hour and eat with warm cream. If the apples are not sweet, serve with sugar or hard sauce.

SWEET APPLE PUDDING.—One quart of milk, four eggs, one lemon, all the juice and half the rind, three cups chopped apples, nutmeg and cinnamon flavoring, one fourth teaspoonful soda dissolved in a little vinegar. Flour enough for a stiff batter. Beat the yolks very lightly; add milk, seasoning and flour stir very hard five minutes and beat in the apples, whites of eggs and soda. Bake in two square shallow pans one hour. Cover with paper when half done and eat with sweet sauce.

Dr. TUTT'S Expectorant!

IN 25CTS. AND $1 BOTTLES.

Its properties are Demulcent, Nutritive Balsamic, Soothing and Healing. Combining all these qualities, it is the most effective LUNG BALSAM ever offered to sufferers from pulmonary diseases.

DR. J. F. HAYWOOD,
of New York, voluntarily indorses it.

—READ WHAT HE SAYS:—

DR. TUTT: (New York Sept., 14, 1877.
DEAR SIR—During the year I visited no hundred cases of lung disease. In the lower wards of the city the cases were of a very severe type. It was there my attention was called to Tutt's Expectorant, and I confess my surprise at its wonderful power. During a practice of twenty years, I have never known a medicine to act as promptly and with such happy effects. It instantly subdued the most violent fits of coughing, and invariably cured the disease in a few days. I cheerfully indorse it as the best lung medicine I ever used.
J. FRANCIS HAYWOOD, M. D.

A NEWSPAPER PUB. WRITES.

Office, Evening News, Augusta, Ga.
DR. TUTT: Dear Sir—My little son was attacked with pneumonia last winter, which left him with a violent cough, that lasted till—him a month since, for the cure of which I am indebted to your valuable Expectorant. I had used most every thing recommended, but none did any good until I used your Expectorant, one bottle of which removed the cough entirely. With many thanks, I am yours truly,
JOHN M. WEIGLE.

Had terrible NIGHT SWEATS.

Memphis, Feb., 11, 1871.
DR. TUTT: Sir—I have been suffering for nearly two years with a severe cough. When I commenced taking your Expectorant I was reduced to one hundred and sixteen pounds in weight. I had tried almost everything. I had terrible night sweats. I have taken half dozen bottles. The night sweats have left me, the cough has disappeared, and I have gained fifteen pounds in flesh. I recommend it to all my friends.
With great respect, OLIVER RICE.

IMPORTANT QUESTIONS.

Reader, have you caught a cold? Are you unable to raise the phlegm? Have you an irritation in the throat? A sense of oppression on the lungs, with short breath? Do you have a fit of coughing on lying down? A sharp pain now and then in the region of the heart, shoulders and back? If so, our Advice is take at once a dose of Tutt's Expectorant; you will soon be able to raise the phlegm. In an hour repeat the Expectorant, place a hot iron to the feet, take two of Tutt's Pills. You will soon fall into a pleasant sleep and wake up in the morning, cough gone, lungs working freely; easy breathing, and the bowels moving in a natural manner. To prevent a return of these symptoms use the Expectorant several days.

VICTORIOUS: AT THE Centennial Exposition, Exposition Universelle, Phila., 1876.
TRIUMPHANT: AT THE Paris, 1878.

The "Stieff" unrivalled Grand, Upright and Square Pianos, the recipients of more than sixty first premiums and Gold and Silver Medals, including the Medal of Merit and Diploma of honor at the Centennial Exposition in 1876, have achieved at the Exposition Universelle, Paris, 1878, over all American and many foreign competitors.

Their Grand rowning Triumph!

he Medaille D'Argent and a Diplom e D'Honneur.

Together with a Special Certificate of Merit to Jacob Gross, Superintendent of the Stieff Factory, for his extraordinary skill displayed in every part of their construction, the whole forming a Grand Award, higer by far than that of any other American Exhibit, and demonstrating beyond doubt the immense superiority of the Stieff instruments.

The "Stieff" combines every quality necessary for perfection in a Piano. Its rich, grand, mellow and powerful tone has never been excelled by any other instrument. Especially in the trebel does the Stieff Piano show its superiorites over all others, by the bell-like clearness, sweetness and singing quality of tone, which lend to it an inestimable charm. For quickness of response to the finger and evenness of touch throughout the entire scale, faultless action, unsurpassed durabiliiy and artistic finish, this Piano has justly earned a world wide reputation.

A Certain and Speedy
Cure for Scrofula.

FACTS ARE STUBBORN THINGS.

A BRIEF HISTORY.

The following is from the Raleigh *News*, and was a voluntary insertion and not an advertisement:

"Years ago an old Indian left a receipt for curing Scrofula with Mrs. Person's father. Mrs. Person lives in Franklinton, or in that section. A child was born to Mrs Person, and it had the scrofula. The doctor gave it up to die. She thought of that receipt, that was old and musty, and hid away in an upstairs drawer. She concluded if the child was bound to die, it would not hurt to follow the receipt. She went out and gathered the herb, got the whiskey and did as directed to the child. Her child now lives well and hearty. More than this Only a few months since a South Carolinian, whose name has slipped us, was suffering with some scrofulous affection on the heel. He had been to the Hot Springs, Arkansas, and from there he went to Kittrell Springs. Nothing did him any good. At Kittrell's they told him of Mrs. Person's receipt, and Dr. —— wrote to Mrs. Person if she cured that South Carolinian her receipt was worth money. And the South Carolinian sent her word if she cured him he would give her five hundred dollars She sent him directions what to do, and added if they cured him he could send her twenty five dollars; she wouldn't ask five hundred. The South Carolinian went home, and shortly afterwards sent Mrs. Pearson a check for twenty five dollars and wrote the most grateful letter he knew how. Bless these old Indians we would like to have one for a near neighbor."

A CERTAIN AND SPEEDY CURE

FREMONT, N. C., Sept. 18th, 1879.
MRS. JOE PERSON.—*Dear Madam:*—My little boy, who is now three and a half years of age has, since last September been suffering with Scrofula. I secured the aid of one of our best physicians, who treated him about six months, and the child continued to grow worse all the time. About five weeks ago I procured a bottle of your Bitters, and have been using it in connection with the powders furnished to make the wash, and I am now proud to say, that after one weeks use of the medicine he began to improve and has continued to do so, until he seems to be now almost entirely well. I am very grateful to you for what your remedy has done for my child, and take great pleasure in saying, I am satisfied you have found a certain and speedy cure of this dreadful disease.

Please send me one bottle of your Bitters which I think will be sufficient to effect a final cure of my child.

Yours Respectfully,
J. C. L. ALDRIDGE.

AS A TONIC AND ALTERATIVE.

MOORESVILLE, IREDELL CO., N. C.

Being desirous of adding my testimonial to others concerning the merits of Mrs. Joe Person's Remedy for Scrofula, I take pleasure in saying that as a tonic and alterative I do not think it has an equal. I have fairly tested it, and after trying Vegetine, Sarsaparilla, Vinegar Bitters, and various other remedies, I have no hesitation in pronouncing it far superior to any tonic I have ever used. When I commenced using Mrs. Person's Remedy I was very weak, complection sallow, and now I am well.

Respectfully your friend.
Sept. 26, 1878. MRS. B. T. BROWN.
