If women are angels why don't they fly over a fence instead of making such a fearfully awkward job of climbing?

Call up to A. B. O'Neal's new shoe shop and see his new stock of leather, new style of last, and get shoes made to fit.

The Senatorial Convention meets in Nashville to-day. There are several delegates from this county in attendance.

The Winston Leader of the 17th says, "the firm of S. Weisel & Son have discontinued business at this place and moved back to Wilson."

The Wilson correspondent of the Foisnot Shanty Home says we ought to have a military company here. Young men what do you say?

Never despise a man because his clothing is poor. Even Adam according to the best authorities, never owned either a duster or an overcoat.

Last Saturday our Mayor had another one of the little colored law-breakers chastised for some violation of the town law. Let the good work go bravely on.

Wilmington will have a democratic mass meeting Tuesday, August 24th. Gov. Jarvis, Senators Ranom and Vance, Hon. D. G. Fowle, Hon. J. M. Leach and other distinguished speakers will be present.

A starving tramp will scarcely excite sympathy at the kitchen door now unless he says he has been without food for forty days, and then he will run the risk of being denounced as a fraud.

We neglected to note last week that our clever friend, Mr. R. A. Showell had purchased the interest of Mr. Dowd of the Farmer and Mechanic. It is a good paper, has a good editor and deserves a large patronage.

A gentleman from Tarboro was in town one day last week, prospecting to see if a bakery establishment would pay him here. He rented the store formerly occupied by J. F. Farmer & Co., next door to Rountree, Barnes & Co.'s store, and will open soon.

Business in Wilson is on the increase. One day last week one of our firms—Branch, Hadley & Farmer—sold over \$2000 worth of goods. This firm carries a large stock and are constantly increasing their already large sales. \$2000 sales in one day looks like business.

Any person desiring to procure a premium list of the eleventh annual fair of the Roanoke and Tar River Agricultural Society to be held at the fair grounds near Faison, N. C., Monday, Tuesday, Wednesday, Thursday and Friday, October 11, 12, 13, 14 and 15th, can procure one by applying at this office.

Work has been begun on the two brick stores which Mr. M. Rountree is having built on Tarboro street which will be occupied when completed, by Rountree, Barnes & Co. Mr. Rountree will have, we believe, the two largest stores in the place both of which will be occupied by R. B. & Co.

It is expected that they will be occupied by the first of November at the farthest.

Died.

Saturday, August 7th, Miss Bettie Ann Flowers, aged about twenty-five years. Her death is a great loss to her relatives and friends. She was a daughter of Mr. Gray Flowers of this county.

Sunday.

Next Sunday, August 22nd, the yearly August meeting will be held in the Primitive Baptist church at this place. There is always a large crowd in attendance and we presume that this year will not be an exception. Prominent divines of that church will preach on that occasion.

Foot Train.

Capt. Devine informs the Wilmington Register that it is his opinion that the fast mail will not be put on until after the meeting of the Southern Railway Time Convention. This convention will be composed of all the Atlantic Railroad Superintendents, and takes place in New York City on the 14th of October.

Death of an Old Resident.

Monday night at his residence in Wilson, Mrs. Harriet Barbee aged sixty-one years, died of protracted illness. Mrs. Barbee had been for a number of years a faithful member of the Primitive Baptist church and died in hope of a christian's glory. She leaves children, relatives and friends who mourn her loss.

Bishop Atkinson.

The many friends of this excellent gentleman will be pleased to learn that a letter from Col. John Willer Atkinson to a party in Wilmington says: "The bishop has improved, and was taken on Saturday to White Sulphur Springs, of W. Va. His physician finally consented to his being taken there."

Union Meeting.

Last Sunday Rev. Jos. E. Carter announced from his pulpit in the Missionary Baptist church that the Roanoke Union Meeting would be held in Wilson on Friday and Saturday before the 5th Sunday in August. He said that he had secured reduced fare for those coming on the rail-roads, and he looked for a good attendance. Rev. Mr. Eason, of Newberne will occupy the pulpit morning and evening of the 5th Sunday.

The Truth.

A distinguished dentist in an address before a Dental Association said: "No person would undergo the tedious and oftentimes painful operations of the dentist, unless it was an unavoidable necessity. We should therefore use all means at our command to make our operations as bearable as possible. The public have a right to demand that we shall furnish a comfortable chair and the best instruments that can be obtained, together with the purest and best material known and attainable for them." Dr. Joyner, our dentist, recognizes this fact, and we are willing to much that all his instruments and material are first class and that he is a skillful and successful dentist. If you need the services of a dentist do not hesitate to call on Dr. Joyner.

We were pleased to receive a call this week from Mr. Collier Cobb, son of Rev. N. B. Cobb, of Fayetteville. Mr. Cobb was in town in the interest of his man and we hope that he sold a good number in our town. The press and the foremost educators in the State have strongly endorsed it, and urged that it be placed in all the schools.

Cigar Factory.

Mr. P. R. Martin has established a cigar factory, No. 4, 2nd district, in our town and is now making good cigars. We hope our citizens will patronize him liberally and thereby encourage home enterprise.

Primary Election.

The primary election was held in Nash county yesterday to nominate candidates for the various county officers. When we go to press the result has not been announced and it is impossible to foreshadow the result.

The News in a Nut Shell.

For the benefit of those of our readers who do not take a daily paper we will hereafter publish the week's news in the most condensed form possible. This will be a valuable addition to our paper, as we propose to have the political doings and the other news in this department.

Newspaper Directory.

We have received from Geo. P. Rowell & Co., of New York, a copy of the American Newspaper Directory for 1880. In the main it is accurate, but some big mistakes are noted as to circulations of North Carolina newspapers. This work is indispensable to advertisers, and would prove a valuable addition to any man's library.

Prof. E. W. Adams.

We are pleased to learn that this gentleman will open a school in Black Creek the first Monday in September. Prof. Adams is a good scholar, and a good teacher and we congratulate our Black Creek friends on the accession of such a citizen. We hope the people of that section will give Prof. Adams a large school, such as he deserves.

The Circus is Coming.

We have received several marked copies of papers containing full accounts of the exhibition of W. C. Coates United States Shows. Every where this circus has exhibited it has been hailed as a grand success. It is thought that the show is heading this way, and the circus going people of this section will be delighted if it should exhibit in Wilson.

House Moving.

The large wood house which is used by Mr. B. H. Tyson as livery stables on the corner of Nash and Goldsboro street is being moved to the site which was occupied, until it was torn down by Soggs & Edwards livery stables. Mr. M. B. Atkinson will build on the corner of these two streets, and will have his store ready for occupation by January 1st, when we learn he will move to Wilson.

The First Bale.

Mr. Isaac Page, of this county sold yesterday to Messrs. J. D. Wells & Co., of Foisnot, the first bale of new cotton raised and prepared for market in this county this year. Messrs. Wells & Co. sold the same to Rountree & Co., of Norfolk, for 15 cents per pound. Mr. Page is one of our most energetic and successful farmers and it will be remembered that in getting the first bale of new cotton to market this year he has only done what he did last year.

In a Critical Condition.

We were shown Wednesday by Mr. J. C. Manning of Bailey's township, Nash county a small rock weighing seventeen grains which had been seven months in the wind pipe of his little daughter aged seven years. During those months she was unable to rest and could not sleep well. One day some time ago while she was coughing it came out. She could not have lived much longer with it in her wind pipe. It is a smooth rock, some larger than a navy bean.

Revels.

It pleases us to announce that the two revels in progress in this county, the one at New Hope conducted by Rev. Jos. E. Carter Pastor of the Missionary Baptist church, and the other conducted by Rev. J. A. Cunningham, Pastor of the Methodist church at Barefoots chapel, have both been very successful. The revel at New Hope has been in progress about three weeks and the one at Barefoots about two weeks. A good number of people from town have attended these services.

New Advertisements.

Last week we failed to call attention to the advertisement of Mr. B. H. Tyson who announces that he will commence picking cotton at the Gay gin on the first day of September next. Mr. Tyson is well known in this and surrounding counties, and we feel confident that he will receive a large patronage. Read his advertisement.

The Knabe piano is one of the best pianos made. It has been in the market for many years and has been thoroughly tested and is pronounced a "first class piano in every respect." The mammoth establishment of S. A. Stevens & Co., of Norfolk, Va., has the agency for this State. Write to them and get a catalogue. First, read their advertisement.

Read the advertisement of W. W. Bennett, D. D., Principal of Randolph Macon College at Asheland, Va. This is one of the best schools in the South and should be well patronized. Send for a catalogue.

Branch, Hadley & Farmer appear this week in an advertisement. This is a good firm—keep a large stock—deal fairly and every one will serve his interest to examine their stock.

If you desire to purchase a good tract of land, situated in a desirable location, a good dwelling, house, with all necessary outbuildings, read the advertisement of Mr. F. B. Ricks, of Hilliardston, N. C.

An Atrocious Crime.

The sad news reached here Monday that Gen. Bryan Grimes, an estimable citizen of Pitt county, while returning from Washington last Saturday was shot and killed between sunset and dark near the line of Craven and Pitt, a few miles above Chocowity X roads. He lived until he reached Mr. Jos. B. Stickney's. There was a little boy, the son of T. H. Satterthwaite of Washington with him in the buggy at the time he was shot. This atrocious crime which is perhaps the most atrocious ever perpetrated in this section of the State has caused much indignation and if the murderer or murderers be found it is likely Judge Lynch will execute the law.

Wilson Library Association.

This association has secured a room up stairs in the same building in which the ADVANCE office is situated. At the meeting held last Tuesday night Mr. George H. Griffin, Jr., was elected librarian, and the library committee announced that the library would be open every night (Sunday excepted) from 7 to 9:30. Besides these regular hours, members of the association will have access to the library at any hour of the day by procuring the key which will be kept in the ADVANCE office. There should be no less than one hundred members and we are requested to announce that all persons desiring to join are invited to attend the meeting next Tuesday night and give in their names.

The Loss of a Good Teacher.

It is with regret that we learn that Miss Susan Williams will not teach in the Wilson Collegiate Institute the coming session. She was a highly esteemed lady and as an educator for young ladies and children she added much to the institute and Prof. Hassell will have no little trouble in filling her place.

Miss Williams has been engaged by the trustees of Williamson Academy as principal and she will be assisted by Miss Della Lerner, who was a pupil at the institute last year. Not only does Prof. Hassell meet with a heavy loss but Miss Williams' departure is a loss to the community at large. Both Miss Williams and Miss Lerner had formed many friends in Wilson who had hoped that they would return.

Fight at Nashville.

Friday, August 6th, there was a considerable row at Nashville so a friend informs us. This was the day set apart for Col. Kenan to speak and an immense crowd assembled to hear him. He made a good speech and his hearers are loud in their expressions of praise. Some time during the day some of those who came to hear the speaking became intoxicated, and a row ensued during which Mr. George Taylor was seriously wounded by Mr. B. Cooper who struck him with a gate palling. Mr. B. Jones cut Mr. S. Collins very badly with a knife. Messrs. Cooper and Jones were bound over to Nashville court to answer for these charges. Our informant says that liquor was the sole cause of this disturbance, and that politics had nothing to do with it.

At Stanhope Saturday.

A representative of the ADVANCE attended the public speaking at Stanhope Academy last Saturday, and met with very flattering success. The ADVANCE has a large circulation in this section and it was increased by our representative on this trip.

Hon. Joseph J. Davis present member of Congress, (he is not a candidate for re-election) one of the purest and ablest men in public life made a very good speech. The people in Nash respect and honor "honest Joe Davis" as he is familiarly called.

At the conclusion of Mr. Davis' speech the candidates for the various county offices announced themselves. There were seven candidates for Treasurer. (Our neighboring county certainly has enough patriots to "hold the bag.") And they are all honest men and each one would make an efficient officer.

The Druggists at Raleigh.

The State Pharmaceutical Convention which met in Raleigh last week was largely attended by druggists from all parts of the State. Mr. E. M. Nadal, of this place (the originator of the association) was made temporary chairman, and Capt. R. B. Saunders temporary secretary.

Mayor Manly, of Raleigh delivered an address of welcome, after which Dr. Eugene Gristom, on behalf of the druggists and medical profession of Raleigh extended a welcome.

The election of officers for the North Carolina Pharmaceutical Association resulted in the election of the following: President—E. M. Nadal, First Vice-President—S. J. Hinsdale, Second Vice-President—Wm. Simpson, Third Vice-President—E. H. Meadows, Secretary—T. C. Smith, Treasurer—J. S. Pescud, Executive Committee—A. W. Rowland, (chairman), W. H. Green, Wm. Simpson, F. Gallagher, W. C. Porter, J. R. Young.

The President appointed A. W. Rowland of this place one of the delegates to the National Pharmaceutical Convention which meets at Saratoga, New York.

An invitation from the druggists of Newberne to meet in their city next year was accepted. Seventy nine members were present and signed the constitution and by-laws. The Convention adjourned Thursday sine die.

Hall's Vegetable Sicilian Hair Renewer, the most popular preparation of the age. Sold by all druggists.

Baby Saved! We are so thankful to say that our baby was permanently cured of a dangerous and protracted irregularity of the bowels by the use of Hop Bitters by its mother, which at the same time restored her to perfect health and strength.—The Parents, Rochester, N. Y. See another column.

After us Again.

We are sorry our friend Galloway has seen fit to read us a lecture on accuracy and to suggest that in the future the local editor devote his time to playing ball (and that's our forte for we happened to be captain of a club one which whipped the Snow Hill club so badly that Mr. Galloway stopped the "boyist" game) writing poetry, reading Tom Moore and Shakespeare and by those means he thinks some times we may be able with a good crowing rooster under our arm to scare all the lions in the world to death. Quite complimentary.—Brother Galloway's article is in the Kingsbury's and we presume that he is trying to follow the example of that illustrious quill driver. So note it be. By that means, if he will follow Kingsbury accurately, the editor of the Advance may some time "after many years" learn some little about editing a news paper.

A Revolting Murder.

We are informed that a murder took place in Franklin county, near the Nash line, about two weeks ago, and that the circumstances connected with it go to prove that the course of true love never runs smooth. A young gentleman by the name of Styles was in love with Miss Upchurch of Peach Tree, Nash county but her father very seriously objected to any union between the two and in consequence thereof the young couple determined to "run-a-way."

Mr. Styles aided and abetted by a friend, Mr. Exum Wester, went to Mr. Upchurch's house in his absence and took the girl (she was very young, scarcely 14 years old) and Mr. Styles married her. This act infuriated Mr. Upchurch and as soon as he returned home he took his gun and followed the couple bent on revenge. As he approached the house where Styles and his wife were abiding he waited for an opportunity and when Mr. Wester came out of the house he mistaking him for Styles shot at and killed him. Styles fled to the woods and has not since been seen. Mr. Upchurch took his daughter and went home. The affair has created quite a sensation in that section. Mr. Upchurch has quite a number of sympathizers who say that the age of the daughter somewhat excuses his act. Others condemn his course. We have written the above just as we heard it and we believe it to be true. However, we do not take the responsibility of voicing for its accuracy.

P. S.—Since writing the above we are reliably informed that Mr. Wester is not dead but will certainly recover. Moreover Mr. Wester had nothing to do with the run-a-way match but only lent Styles his buggy. He did not even know what Styles wasted with the buggy. Mr. Upchurch way-laid Mr. Wester and shot him in his buggy.

Communicated.

At his late residence near Lake Landing in Hyde county on the 8th day of August, Peter S. Spencer, Esq., aged about sixty one years. He was a graduate of the University of North Carolina in the class of 1841—studied law with the late Judge Gaston, but after obtaining license to practice abandoned the profession for that of a farmer. Possessed of an ample fortune his home near Middleton, Hyde county was celebrated for its refinement and hospitality. Like many Southern homes, the results of the war blighted his happy prospects, but never impaired the kind and generous impulses which had always made it so attractive. Mr. Spencer had been suffering from an attack of paralysis for the last twelve months, but was thought to be improving, until the day of his death when he became suddenly worse, and passed away in the full possession of his intellectual faculties and with the christian's hope of future happiness. He had been a member of the Methodist Episcopal church for several years, was resigned and willing to obey the Master's call. He leaves a devoted, sorrowing wife and five children, who have the sincere sympathy of a large circle of friends and acquaintances in their sad bereavement. L.
