Last Monday, according to advertisement published in the ADVANCE, the magistrates of the county, and the county board of education (the board of county commissioners) met in the Court House to elect a Superintendent of Public Instruction for the county to hold office until the first Monday in December 1882.

The result was: Jas. Murray, 13; J. E. Woodard, 10; E. M. Nadal, 1.

The result, although the positions were not clearly defined, was a victory for Mr. Murray a prohibitionist, over the candidate the anti-prohibitionist nominated—Mr. Woodard.

He Wanted Some Pills

A few nights ago some young men went to the front door of one of our drug stores and one of them called in a loud and plaintive tone of voice "Mamma wants some pills! I say, Mamma wants some pills!" which aroused the vendor of pills who arose from his "Saffron colored couch" and rushed to the door in disubable rage to relieve suffering humanity. Judge of his rage when he discovered that a cruel joke had been perpetrated on him. He did not say anything—that druggist for he was a pious boy but he thought in language more forcible than elegant!

He is the most modest man extant and the man who asked him from his nocturnal slumbers would do well to steer clear of that store until said Pill vendor's wrath is cooled unless he desires to be the recipient of a load of buck shot.

The Correct Way

We are in receipt of a letter from the Edgemont agricultural works of Tarboro which was written with an enclosure of the amount due us for advertising from which we cannot forbear publishing an extract.

"Your bills have not been one per cent. of our sales in your town, so you may be assured we remit very cheerfully, with thanks."

Such an expression as this causeth an editor's heart to run over with thankfulness, the more so because such letters are few in number. There are so many men who advertise and pay in a grumbling, complaining way, that it is a real treat to have a person pay a bill promptly and cheerfully.

The Vote on Prohibition in Tenton

A reliable gentleman from Jones county who was in town last week, and being interviewed concerning the election at Tenton on prohibition concerning which the Wilmington Star has had so much to say, said that in the first place the vote could not have stood 271 against and 7 for, because there were not more than 75 voters in the place, and second, that a number of those who voted against prohibition for Tenton are prohibitionists and will vote for it in August.

The Star and the other papers who noticed the overwhelming majority against prohibition at Tenton should make this correction.

Parker & Daniels make the best lemonade, and don't you forget it.

Justice Court

Monday night of this week a fracas took place near the old African Methodist Church between Jonas Gay and Ephraim McManen, both colored. The facts adduced at the Justice Court were substantially as follows: McManen is step father of Jonas Gay, and he (McManen) and his wife had separately McManen being a member of the Colored Methodist church was directed by his class leader to see his wife and become reconciled, and thereupon he went to his wife's house and had an interview with her which did not result in a reconciliation although it did not appear that any violent temper or very harsh words were used on the occasion. However Jonas Gay came out of his mother's house and ordered the old man, who was leaving, to stop. Some hot words ensued and Jonas struck the old man senseless with a club. Having a severe wound on his head, the old man began to cry out "Murder! murder!" and a crowd ran up and Jonas left, and on leaving the crowd some quarter of an hour afterwards the old man was again assaulted by Jonas with a club and knocked down. A crowd ran up and separated them, although before this was done McManen had cut Jonas on the head and arm.

Jonas was brought before Justice Davis and was required to give bail for \$200 to appear at Superior Court, afterwards he gave bond and was released.

ANNUAL COMMENCEMENT.

WILSON COLLEGIATE INSTITUTE.

Tuesday, Wednesday, and Thursday June 7th, 8th, & 9th.

Presided by the Society, Meeting of Board of Trustees, Literary Address by Mr. T. B. Kingsbury, Editor of the Wilmington Star, Musical Entertainment.

Report of Principal—Conferring Diplomas, Etc., Etc.

The Commencement Exercises of the Wilson Collegiate Institute this week were of a superior order. The stage was beautifully and artistically arranged and reflected credit upon the skill of Miss Hamme and the young ladies of the Institute. The words "WELCOME" over the door added to the decorations.

TUESDAY EVENING.

The re-union of the Stonewall Debating Society with the present members in their hall at the Institute was a very enjoyable occasion. A number of additional honorary members were elected, among who were C. B. Aycock, Rodolph Duffy, Jas. W. Hines, C. B. Taylor, J. J. Pittman, Jas. W. Hays, H. E. Biggs, F. A. Daniels, W. R. Lawrence, J. E. N. Gorham, H. W. Stubbs, A. Matthews, G. W. Killbrew and Josephus Daniels. Short and pleasant speeches were made by the old members present and the Society was placed on a firm basis for future usefulness. The Stonewall has in the past added greatly to the advantages offered at the Institute and we look forward to an increase in its usefulness.

TUESDAY NIGHT.

The Society gave a Sociable which was an occasion of enjoyment to all who attended. The supper was all that could be desired by mortal man, and ye local did full justice to it.

WEDNESDAY MORNING.

The Board of Trustees met and transacted the business that came before the board. There was nothing of public importance in the proceedings except that the Board recommended the granting of diplomas to those recommended by the faculty.

THURSDAY MORNING.

Long before the appointed hour a steady throng of people made their way to the Institute to hear the address of Mr. Kingsbury, the learned editor of the Wilmington Star.

The exercises opened with an instrumental Solo 'Capriccio Brillante' by Carrie C. Coghill. Miss Coghill is quite young and her progress has been remarkable. Her skill as a performer is equal to that of many ladies we know who have spent many years in the prosecution of the study. Her rendition of this piece was the subject of much merited praise.

Next on the programme was a chorus by the class—"When the Summer Rain is over."

An instrumental Solo "Home Sweet Home," by Miss Lillie Gay whose accomplishments as a pianist are well known in Wilson followed, and we deem it needless to say that all judges of music pronounced its rendition as worthy of all praise. It was a very difficult piece and no one but a skillful pianist could perform in the manner she did.

Next comes the event of the morning in a few well timed and appropriate words Mr. Hugh F. Murray introduced Mr. T. B. Kingsbury

the orator of the occasion, as a man who despised cant and sham, and a man who in the day of deception dared to express his honest convictions.

Mr. Kingsbury announced as the subject of his address, North Carolina and some of her deeds in the past.—And for over an hour in a learned address, abounding in citations from the history of our State he showed forcibly and eloquently the grounds for our State pride. He held up for imitation of the youth of our times the achievements of the great men who have adorned our annals. He paid a glowing tribute to many of our leaders in the revolutionary war and the late war. His summing up the character of Graham and Badger were unusually fine and were highly appreciated by the audience as they did from one so well qualified to place a true estimate upon the character of our public men.

He stated as the diversity of our climate and the fertility of our soil, producing all products mentioned in the U. S. Census Report of 1880. He urged all present to cultivate a feeling of State pride and to study her history carefully for the man who knows her best loves her most. She yield not to Virginia or any other State in the heroic achievements of her sons and although we have not been so blatant as some of our sister States it was not for the reason that we were without chace but that we've been excessively moderate. But it is time for us to begin to assert ourselves and take the rank we deserve among the States of the Union. He asserted that no one of Carolina's sons loved her more than he but that his devotion was not blind or infatuated but sprang from the appreciation he had of the merits of the State and the character of her people which he had studied as

thoroughly as any man in the State. It was a scholarly effort such as might have been expected from one who enjoys the reputation of Mr. Kingsbury. His diction was almost faultless, his quotations were apt and beautiful, and the beauty and terseness of his periods showed that he had drunk deeply of the "well of English undefiled."

At the conclusion of the address Prof. Hassell on the part of the faculty and the audience thanked Mr. Kingsbury for his appropriate, able and instructive address. The ladies of the Institute presented her orator with a beautiful bouquet for which he returned thanks.

"Fantasia on Airs from Norma" an instrumental sextet (two pianos) by Misses L. Gay, P. Woodard, A. Exum, M. Phippen, C. Coghill and M. Hodges which was rendered in an immitable manner.

Misses L. Gay and C. Coghill played a duo "Mazepa" which was well executed.

The exercises concluded with a chorus "Sweet and Low."

THURSDAY NIGHT.

A Large audience was present last night. The entertainment was an enjoyable and entertaining one. To Miss Hamme, the skillful and accomplished instructress, is due the praise for the pleasure of the entertainment.

The concert closed late for us to publish anything in addition to the programme.

The spirit of education has certainly revived in North Carolina. The statistics of nearly all our schools and colleges, and the establishment of eight new Normal Schools by our Legislature, give proof of this fact. We cannot but hope that this educational awakening is the dawn of a brighter day for our beloved State.

Our own patronage has been better than at any time during the preceding seven years; and our boarding, music, and commercial patronage, better than ever before. During the year we have had 124 pupils, 45 female and 79 male. The majority of our students have been well-behaved, and diligent and successful in their studies. Our discipline has been kindly, yet faithfully severe. Our standard of scholarship has always been high, on the principle that honors indiscriminately distributed are worth nothing. During the entire year, out of 124 pupils, but two have attained, on all their studies, an average grade of 95 and upwards, Jacob C. Hales and Erank R. Warren. The conduct of these young men has been unexceptionable. Mr. Warren has

been the chief commissioned officer of our military company. Mr. Hales has, with extraordinary success, pursued eleven studies at once (about twice the usual number), and is blessed by the Creator with a fier mind than any other student that we ever had.—Eight other students have, on all their studies, reached an average grade varying from 90 to 95: Misses Lillie Gay, Bessie Hadley, Nonie Taylor, and Cora Woodard; and John C. Daniel, G. M. T. Fountain, Ernest F. Nadal, and John O. Oates. Several others obtained a grade of nearly 90. The average grade of the entire school, on all their studies for the whole year has been 80.

The entrance of our male students into the military department is optional. We have had a company of 30, who have been furnished with the Springfield rifle, and who have been drilled from half an hour to three-quarters of an hour a day, after school in the afternoon, thus not interfering at all with their studies, but, on the other hand, promoting them by physical exercises. Target-shooting has been practiced from time to time, and a silver cup is presented by Prof. Nadal, the drill-master, to the best marksman, Frank B. Well.

To the best student in his beginning Latin class, Prof. Hargrove offered a prize, and this reward Chambers Cyclopaedia of English Literature, is won by Frank R. Warren.

We have had 30 music pupils.—Higher and more thorough instruction has been given to this class than ever before, and the most of the pupils have made excellent progress. Three of the class, having satisfactorily accomplished the same course in music and thorough bass that is pursued in the large conservatories, are entitled to the Diploma of Graduation in music.—Misses Carrie C. Coghill, Estelle Davis, and Lillie Gay.

Mr. J. C. Nelson attained an average of 95 in Book-keeping, and to him is awarded a certificate of Proficiency in that department.

We have had 25 pupils in the commercial course. In order to graduation in that course, we require an average of 90 or upwards on five studies.—Book-keeping, Spelling, English Grammar, Arithmetic, and Penmanship. The seven following young men having attained this average, are entitled to the Diploma of Graduation in the Commercial Department.—Wm. J. Exum, Jr., Jacob C. Hales, John O. Oates, John T. Qualls, Frank R. Warren, Zeno J. Whitfield, and Leonidas P. Woodard.

Our Fall Session begins the first Monday in September.

The Wilson State Normal School begins in this Building next Wednesday, June 15th, and ends Friday July 15th. Tuition will be free; and board, exclusive of washing, can be had in the Institute at \$10 for the session. All the usual branches will be taught. The services of the following teachers have been engaged.—Messrs. J. B. Brewer, M. M. Hargrave, E. M. Nadal, Sylvester Hassell, and J. W. Hayes, of Toisnot. Mrs. and Miss McDonald, of Raleigh, Prof. Alex. Graham, of Fayetteville, and Prof. W. B. McGilvray, of Richmond. Mrs. and Miss McDonald, the best teachers in the Graded School at Raleigh, will have charge of Model Classes of primary scholars. Prof. Graham has had large experience in the New York and Brooklyn City Schools, and is the Superintendent of the Graded School at Fayetteville, the best Graded School in North Carolina. Prof. McGilvray has been connected with the Public Schools in Richmond, Virginia, ever their organization, is now principal of one of the largest of those Schools, has been engaged five years in Normal School work, and was last Summer one of the leading instructors in the large State Normal School held at the University of Virginia. Some of the most eminent lecturers are expected to visit and address the School.—Dr. J. L. M. Curry, Mr. J. C. Scarborough, Capt. C. B. Denison, Dr. S. S. Satewell, Prof. W. C. Kerr, Senators Vance and Barsum, and others.

Every teacher, present or prospective, near the Wilmington and Weldon Railroad, and between that Road and the Sounds, who desire professional and pecuniary promotion, ought to attend the Wilson Normal. (Goja), Tito Mattel.—Miss Lillie Gay, Prof. H. Herz of LaHarre, Op. 104.—Misses, Gay, Coghill, P. Woodard, and A. Tammie.

"Vocal Quartet, "Good night."—From "Martha"—Messrs. L. Gay, and C. Woodard, and Misses, L. Gay, and L. Hamme.

MARRIED

At the residence of Mr. T. Williams Esq., in Nash County, N. C. by R. C. Dixon Esq., on Sunday June 6th, 1881 Mr. Gray Williams and Miss Ziliana Marshall, all of Nash county.

OBITUARY

Near Battleboro, May 23rd, 1881, departed this life, Miss Nannie, eldest daughter of Mr. J. M. Neal, aged nineteen. It can be truthfully said that Nannie was one amongst the brightest and best, her seeming, untimely death has cast a gloom over her many relatives and large circle of friends. But they mourn not, as those who have no hope, for they have evidence to believe that she has fallen asleep in Jesus, and blessed are they who die in the Lord.

She was a gem of rare price the idol of her father, the pride of her relations, and the favorite of her many friends. Nurtured in the cradle of tenderness, reared in the bosom of love and affection, screened from every care, every possible advantage bestowed, and every attainable want supplied, her life had been an unbroken span of success and her future held out a promising career of the brightest hopes and fairest prospects. Her unassuming manner and amiable disposition had won her many friends. She was cheerful and kind generous and affectionate, sympathetic and forgiving. Those who knew best, loved her most. She possessed a pure and unselfish mind. But, what you can't portray the many sterling qualities of that chaste mind. Who can fathom the heartrending sorrow of that grief-stricken father, and inconsolable relatives, to see their cherished child snatched from their loving embrace as she was just entering the threshold of womanhood.

Look upon the Lord dear mourners. He wounds but to heal and wipes away all tears. The Lord, who hears the young ravens when they cry, takes account of little sparrows, and numbers the very hairs of our head, yes, heals the sick and leads the blind, heard her.
