There were eight bridemaids and the church was most money per acre are those who crowded. But when they got to the proper place in the ceremony. and the groom began feeling around for the ring, he discovered that the magic circlet had slipped through a hole in his pocket and worked down into his boot. He communicated the terrible fact in a whisper to the bride, who turned deadly pale and was only kept from fainting by the reflection that they would inevita bly cut the strings of her satin cor sage in case she did. "Why don' you produce the ring!" whispered the bride's big brother, hearsely and feeling for his pistol, under the impression that the miserable man was about to back out. "I can't; it's in my boot," explained the groon under his breath, and he put on foot on the chancel rail, pulled up his trousers leg and began making spasmodic grabs for the ring with his fourfinger. The minister motioned to the organist to someeze in a few notes to fill up the time.
