[illegible] of the Graded [illegible] yesterday at 3 [illegible] Next week. Debt [illegible] to pay up.

[illegible] "show" when [illegible] remark.

Rev. W. J. Jones, former pastor of the Baptist Church in this town, is expected to preach [illegible] next Sunday.

[illegible] has struck [illegible] week by [illegible] Edgecombe.

[illegible] allows of sadness this [illegible] from the eyes of one [illegible] kind. That kind [illegible] tion is pure!

An elderly looking gentleman, [illegible] countenance, stands [illegible] and we must [illegible] behind the [illegible] position [illegible] our office [illegible] and [illegible] features in [illegible] seen yesterday.

A taxpayer [illegible] a balance [illegible] streets on which [illegible] was applied [illegible] to the collector last week [illegible] informed [illegible] for the amount due [illegible] not collected. Will [illegible] collecting 1882 Next?

On Monday [illegible] Sheriff Barnes [illegible] others were "out canvassing" [illegible] and the only "canvass" [illegible] we caught were 236 [illegible] in addition which had been stolen from [illegible] J. K. Whitley and [illegible] in the woods.

A child of Col. W. T. Blackwell, of Durham, died on Wednesday afternoon, and Col. Blackwell himself was very ill in the State with [illegible] to return home to see his child. It has been thought [illegible] not to inform him of his severe loss.

When a boy on a sled slides down a hill on the cross and gets [illegible] fences, ploughgrounds, but [illegible] the sled has to go up hill [illegible] that's the law's anecdote which [illegible] the boys correctly [illegible] out. It is so stated.

We are requested to state that the Rev. R. J. Simpson, [illegible] ministers will [illegible] Rocky Mount [illegible] 100 feet] square, [illegible] the Grand Lodge [illegible] A. M. The [illegible] will commence [illegible] next.

The Lenoir "Topic" has entered upon its ninth year. It is a good paper and deserves the large success it is receiving.

"What is your name?" asked a Graded School teacher of a very little girl last Friday. "Don't know," said the little one. "What do they call you at home?" asked the teacher, trying to find at her name so as to enter it on the register. "Hog's little gal," was the reply, and the teacher gave up in despair.

A young man in Greenville asks: "If two girls owe three girls and all exchange kisses, how many kisses does it make in all?" Inasmuch as the kissing parties were all girls some mathematician may be able to answer, but if there had been two or three boys in the kissing order, the question would have to be given up in despair, because the arithmetic would be exhausted.

A [illegible] meeting is being conducted at the Methodist church. The meeting is assisted by Rev. C. W. Byrd of Scotland Neck, whose sermons have been very highly appreciated by our people. We have heard no preacher in many months whose styles the attendance pleased us so much. He is a good preacher, a young man of talent and we predict for him a bright future.

The teachers for the colored Graded School are Prof. E. W. Green of Wilmington, Principal; E. C. Simms, 1st Assistant, and Mrs. Lucy Robinson, 2nd Assistant. We are requested to state that for children living outside of the district $1.00 per month will be charged for those in the lower grade, and $1.25 per month for those in the high grade, tuition payable in advance. Full information can be had by applying to C. M. Jones, President, or Alfred Robinson, Secretary.

ROBBED IN NASH.

On the Saturday night at Lassiter's Cross roads, about 8 miles from this place, Richard Watson, col'd, received a blow on the head from a club in the hands of Benjamin Perkins, also colored, which resulted in death on the following day. The particulars so far as we have been able to learn them, are as follows: Watson was playing a game of cards with another colored brother, and they had gotten into a friendly dispute about something when Perkins (who was another colored brother) came up and hearing the two parties disputing, he thought, perhaps that they were about to fight, and immediately picked up a large stick and struck Watson (who was unarmed) on the head, which, it is stated, always caused his death. Parker fled at once and when he heard from the others were on his track here Wednesday.—Rocky Mount Argus.

NASHVILLE

Mr. George Rose, a young man aged about 19 years, met a horrible death last Friday evening near Bridgers's church, in this county. He with his mother and aunt was out looking for cattle. While standing on a log with the butt of his gun resting on the log it slipped and fired, a portion of the load entering just below his breast bone. He walked a few steps and fell and died within twenty minutes.

G.

WHITAKERS

The cold rains for the past week have put a damper over both farmer and merchant, but in spite of the bad weather we have had, our merchants are anticipating a large fall trade.

What do you think? The Junior of Whitakers killed a deer last week. It was fat.

Mr. W. H. Clark at Nash, has bought two building lots of W. C. Taylor, Esq., and proposes to build thereon. Who next? Let the good work go on.

Mr. Thomas Anderson, one of Edgecombe's well to do farmers, carried from our town this week a sixty horse power engine to his farm, where he will run a saw and grist mill. Rev. W. Cobb will preach in Cole's Chapel Sunday morning at 11 o'clock. The public invited.

Some of our young Americus left this morning for Tarboro to see the elephant.

You can send a letter to your sweetheart Monday for two cents. Boys and girls isn't you glad?

Miss Mollie Barrett, who has been visiting friends in Tolsnot, returned home Tuesday.

Capt. Haywood Clark and J. Y. Pates of Tarboro, came up Sunday and spent the day with us, glad to see you, come again.

Mr. Editor, you have about 75 subscribers to your valuable paper taken from our office, but some how or another only about a dozen came last week, so we thought we would tell you. Your patrons say they will call again to send them the ADVANCE for they had rather miss their dinner 3 days than to miss their paper—just so Mr. Editor.

FIZZY.

BLACK CREEK.

For the last week the sun hath permitted the baise, contagious cloud to smother up its beauty from the world, and they with weeping brows have deluged the earth with so much to the sorrow of those tobacco packers, who were then busily engaged in curing their crops in the usual way.

Mr. J. W. Hines's gin has commenced operations, and that and Rankin, Whitley & Co's, are both in full blast.

Our new market house now keeps a full supply of beef and fish, and other vittles, which is quite a convenience to the town.

The beer or ale factory has again resumed operations for a short time.

Another young shoemaker opened his doors on this world last night, and Ben Edwards, who is his cousin as base policeman and shoemaker of our town, will arrest you and walk you up and down so as to wear out your shoes, and this set himself more work, & happy.

The belligerents have kinder quieted down during the last week or two.

Mr. Elisha Bass, of this township, was instantly killed last Thursday by a tree which he was cutting down to dislodge an opossum, falling on him.

New goods have been coming to our town in quite large quantities during the last week or two.

Our town is certainly small and have not the many charms which Wilson possesses, but, judging by the number of Wilson young men who visited here last Sunday night, there is some attraction here or somewhere, and we think there are ladies in the case.

Modest rumor says there is a young man in our town, who is not heavily low, and thinks he can lay some claims to good looks, who is doing a large business, who wishes to sail out on the uncertain sea of matrimony. If any of the lady readers of the ADVANCE wish such a husband they can find him in Black Creek, and [illegible] bye we forgot to say, that among other attractions, he is a nice partner in a dance and is the very life of Black Creek balls in his capacity of figure caller.

Miss Maggie Woodard, the most beautiful specimen of wood that grows in our community, is absent attending the marriage of a friend at Salisbury.

Quite a crowd collected together at the social dinner at Bowling Grove in our town last Thursday. The dinner was excellent, the fair sex, with its loveliest smile and most bewitching ways, graced the occasion and added to the pleasures of the day. In the afternoon and at night the young folks engaged in dancing. We think everybody enjoyed themselves. We know we had a splendid time. Several young gentlemen and ladies were present from Wilson and participated in the dancing.

The Thrice-Armed Panoply of Truth.

The success of merit when once recognized as a success invariably excites detraction and stimulates envy, hatred, malice and all uncharitableness. No man or enterprise is worthy of regard whose reputation has not been sometime assailed by the baffled rage of some disappointed one, whose attempt to defraud, defame or destroy a righteous cause has been defeated after detection. The panoply of truth, honesty and fair dealing to all has caused The Louisiana State Lottery to be invincible to any attack upon the integrity of the management of its distributions by Gen'ls G. T. Beauregard, of La., and Jubal A. Early, of Va., and while, here and there, some disappointed one may grumble, public opinion is unanimous that everything is straight and square. The next drawing (the 161st monthly) will take place on Oct. 9th, and any information desired will be given on application to M. A. Dauphin, New Orleans, La.

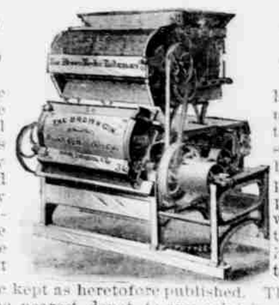
Brown Cotton Gins



THE BROWN COTTON GIN FEEDER AND CONDENSER.

These Gins have been in use since 1843. Several improvements have recently been made and they are now universally pronounced the very best in the market. So great has been the demand that for the past three seasons it has been almost impossible to supply it. Notwithstanding the many added improvements these PRICES will be kept as heretofore published. These prices are delivered at the nearest depot to any point in Eastern North Carolina.
