

THE WILSON ADVANCE.

JOSEPHUS and C. C. DANIELS,
Editors and Proprietors.

THE ADVANCE endeavors to be an honest, faithful and impartial chronicler of the news, devoting equal space to the views of the Democratic and Republican parties. It believes the best interest of the State is to be promoted by the adoption of the Democratic party in power. It will spare no efforts to accomplish that result. It will seek to promote the industrial development of the State and section and will take pleasure in doing whatever lies in its power to aid the farmer and laboring man in their efforts to better their condition. Every honest man of good will will find in the ADVANCE a sincere friend. Every effort looking to the establishment of a free press, and educational institutions will receive our hearty sympathy and aid. The ADVANCE circulates largely in every county of the State and is therefore a most valuable medium. Rates liberal. A first-class job office is run in connection with the paper and we will be pleased to do any kind of printing. Our office is one of the best equipped in this section of the State for commercial work and we will do as good work and at as low prices as any body.

Entered in the Post Office at Wilson, N. C. as second class mail matter.

WILSON, N. C., Nov. 8, 1888.

PRINCIPLE VS. BOODLE.

We believe, from the information received, that Harrison has been elected President of the United States. The news would indicate that such was the result of the election of Tuesday last. It is now too early to indulge in any speculation as to what it means—what the victory of the Republican party means. The defeat of Mr. Cleveland and the broad policy that he had the manhood to lead is a blow to the agricultural interests of the country. The contest was between an oppressed people who were actuated by principle and the bloated monopolists of the North who have grown rich and powerful by means of the oppression they have heaped upon a defenseless people. In other words, the contest was between Principle and Boodle.

The Northern monopolists were fully aware of the fact that a reduction of the tariff was in the interest of the oppressed consumers in this country and that their abnormal profits would be reduced if the policy of justice inaugurated by Mr. Cleveland should prevail. Recognizing this they spent their money with a lavish hand in corrupting the voters of doubtful States. They spared no expense—money was the only weapon they did have, but how powerful was that weapon the result alone tells. That the great body of the people who think, desired Mr. Cleveland's election, we do not doubt. That he was defeated alone by the corrupt and lavish expenditure of money that has been wrongfully taken from the pockets of the people, we are confident. The contest was one of Principle against Boodle, and the persuasive power of the latter was the stronger. The result is a blot upon the integrity of the American people.

MORE LIKE THESE NEEDED.

The Following Resolutions Were Adopted by the Farmers' Alliance in Wilson County, Oct. 19th, 1888.

- WHEREAS from the present outlook, we believe next year is going to be a very hard one and everything in the way of provisions high, therefore we recommend, 1st. That all Alliance men and Farmers sow seed wheat.
- 2d. That each one sow one acre in grass and from one to five acres in rye.
- 3d. That each farmer if possible reduce his cotton crop to ten acres to the horse and not to cultivate more than twenty-five acres to the horse.
- 4th. That we recommend to each one to look after each and every one of the farm that will help to feed his family.
- 5th. That we think to a large degree, that such things as chickens, eggs, milk and butter should take the place of Western meat.
- 6th. That in place of sugar and molasses each Alliance man should plant some amber cane.
- 7th. That we will not trade on time if we can possibly prevent it.
- 8th. That we give special attention to the raising of our own meat.
- 9th. That all Alliance men ask their merchants to aid them in carrying out the above resolutions.

The following demands as was adopted by the Farmers' State Alliance of N. C. were endorsed and approved with the request that the WILSON ADVANCE publish to wit, 1st. That we hereby enter our earnest protest against the policy of giving the labor of the convict and demand of our Legislature an enactment of such laws as will hereafter prevent this outrage on the rights of the tax payers of our State.

2d. That we demand such changes in our laws as will reduce the cost in legislation in minor causes, and as shall entangle the jurisdiction of our Justices of the Peace.

3d. That we demand that laws shall be enacted to prohibit our public officers from receiving or using free passes or free tickets on the railroads of our State.

4th. That we demand that our Legislature establish a commission for the regulation of freights and tariff on the railroads of our State.

When the Mayor of Charleston, West Virginia, sentenced a white woman the other day to work seventeen days on the streets a young farmer arose and offered to take her place, saying that he would never permit a woman to be worked as a convict on the public streets. The Mayor accepted his offer, and the man was marched off to the chancery. He declined to give his name and said that "John Smith" would do as well as anything else. He said that he was a farm laborer from some place up the river, and that he never saw or heard of the woman in his life until he saw her in the Mayor's court, but that his sense of manhood and his respect for womankind would not permit him to see one of the sex scraping the public streets in company with tramps and bummers.

RADICALISM COMPLETELY "SNOWED UNDER" ONCE AGAIN.

WAVES AND HIS PINKERTON DETECTIVES HELPED US!

Returns from the State are not so full as we could wish, but they are sufficiently full to make us pretty safe in saying that the State has given Judge Fowle a majority of at least 17,000—probably 20,000 or 25,000. The Legislature is Democratic in both houses by majorities up in the "teens." Exactly how many members of the Legislature the Democrats have gained we cannot tell, but we will have about 30 majority on joint ballot.

[SPECIAL TO THE ADVANCE.] NASHVILLE, N. C., Nov. 7, '88. Cannot give full vote in Nash. Democratic State and Legislative majority about 350. Bunn's majority 521. Our whole county ticket elected by from 200 to 400. W. L. THORP.

LATER.

[SPECIAL TO THE ADVANCE.] Official county gives majorities: Fowle, 458; Bunn, 573; Sills and King 484; Phillips, 419; Beck, 264; balance of county ticket over 500. W. L. THORP.

John Green and his associates were tried on the bill of indictment, preferred against them by the ADVANCE, last Tuesday and the jury, composed of the people of the county, found them one and all guilty. The sentence is that they shall never again hold office in that county.

For many years the people of Nash have voted largely for men. This year they have voted more for principle than men. The victory in that county is therefore prophetic of more than the mere election of the men elected. It means that the people recognize their duty as Democrats—as men who love their country, their State and their country. We do not believe the people of Nash county will ever again be swayed by a few men who represent no party—or are ashamed of the party they do represent. We rejoice, therefore, exceedingly at this

HARRISON ELECTED

"The Hog Has Returned to His Wallowing." The Country Captured By The Republicans.

The election on Tuesday last was a surprise to Democrats and Republicans. The fact that Grover Cleveland had made us the best President that has occupied the White House in many long years, was conceded by all thinking men. We confess that we entertained little doubt but that he would be re-elected. The result is a great astonishment to the people of the country and many are the reasons assigned for this wonderful revolution.

The following statement of the States gives the result from the best information we have as yet been able to gather:

State	Democrat	Rep.

THE SITUATION

As Reviewed by the New York World.

Despite the vigorous efforts made by the Democrats yesterday to find a ray of hope in the election returns the fact remains that the Republicans have achieved a victory—not a great one but enough to give them the Presidency.

In New York State, the great Presidential pivot, the plurality for the Harrison Electors is figured down to 8,368. Connecticut, contrary to yesterday's early reports, is retained in the Democratic column by a plurality of 385. Indiana is still undecided, with the chances in favor of the Republicans. The drift seems to be in that direction.

Illinois, which the Democrats had hopefully looked to, is certainly Republican by 18,000.

At the Democratic headquarters in this city last night a dispatch was displayed in which California is claimed for the Democrats. Michigan and Wisconsin and the other close States which it was sincerely believed might yield some Democratic comfort are to all appearances still in the Republican column.

As the World goes to press there is not the slightest ground for changing the result recorded yesterday. There is one gratifying fact to be gathered from the field of disappointment, and that is that the Democrats have retained their control of the House of Representatives. The majority in the present House is fifteen, and the outlook is that in the next House the Democrats will have a majority of at least ten.

Although a Republican President will enter the White House next March, the Democratic majority throughout the country is considerably larger than it was four years ago. This indicates clearly the direction of the political tide. In possessing the House of Representatives the Democracy will still have the strongest hand upon the reins of power, and in the waiting race the odds are all in its favor. The logic of events is on its side.
