sent. Do you think how much the merchant is forced to tax you for this convenience, for this token of friendship! Have you ever thought that this kind of friendship in business cost the purchaser all he has?-Have you ever realized when your purse was empty that one of your dearest friends was missing? If y in have friends in the mercantile business whose friendship you value, take our advice and do not run an account with them. You may be taken ill, your salary stops, and then when you are forced to tell the merchant you can't pay him, perhaps he DRUCS will place your account in the hands of the Sheriff for collection, what

does that mean? Your friendship for ever severed. Perhaps you are sold out of house and home. Who is benefitted by such transaction!-Not you! Why then do you not make a firm resolution to pay as you go. The merchant who sells you goods on "time" is compelled to overcharge yon, you pay your bill, but perhaps your neighbor does not, can the merchant afford to lose this money! We think not. Then you in paying your bill, must pay for the short coming of your neighbor. The merchant must overcharge you. His system of doing business, there's the fatal mistake, forces him to charge large profits. Nobody works for glory only. We all do business to get a prout out of it. At THE CASH BACKET STORE you have none of these things to contend with. Every dollars worth of goods stand on its och merits. Every customer is troated exactly alike, to a low price, a man who pays CASH for his goods is entitled to a lower price than those who pay in thirty, sixty or ninety days. Every one is treated exactly alike at the CASH RACKET STORE. We credit no one, the CASH is what we want .-For that CASH you save from 15 to 30 cents on every dollars worth of goods you purchase.
