

The Wilson Advance
JOSEPHUS and C. DANIEL
Editors and Proprietors.

The ADVANCE endeavors to be an honest, faithful and impartial chronicler of the news, devoting special attention to the news which it is published. It is Democratic in its views and it will spare neither friend or foe who is in hostility to Democratic success. It believes in the best interests of the Nation and the State imperatively demands the retention of the Democratic party in power and it will spare no effort to accomplish that result. It will seek to promote the industrial development of the State and sections and will take pleasure in doing whatever lies in its power to aid the farmers and laboring men in their efforts to better their condition. Every honest man of color will find in the ADVANCE a sincere friend. Every effort looking to the establishment of more and better educational institutions will receive our hearty cooperation and endorsement.

Entered in the Post Office at Wilson, N. C. as second class matter.

WILSON, N. C. SEPT. 13, 1890.

TO DEMOCRATS

We hear some talk occasionally about independent candidates in this county this year. We honestly do not think it a good year for independent; still we have nothing to say just yet about that side of the house. But to the Democrats who came to polls and cast their ballots for their choice in the primary election we have a word to say. You did your duty in that contest, you voted for who you wanted. If your men were nominated, stand by and support them. If they were defeated, it is your imperative duty to stand by the nominees also. The majority must rule, such is the foundation principle of Democracy. We must learn to give and take. We are all Democrats. We must support Democratic nominees. The Democrats of Wilson county—those worthy the name, those who have done the fighting and borne the burden in the heat of the day—will do this.

THE SECOND DISTRICT.

Speaking of the Democratic Candidate for Congress in this District the Nashville Argonaut says: We give Mr. Rogers our hearty support because he is a thorough Democrat and otherwise well qualified to represent the district.

We support no man for office because he is a farmer or lawyer or belongs to any particular class, but because he "is worthy and well qualified" and is sound in his Democracy.

Let the Democrats of the 2d district determine to conquer and go into the fight expecting to win and work with zeal and hopefulness, and success will crown their efforts. Let us send a solid representation to the next Congress from the "Old North State."

Every town and village in North Carolina should have a young Men's Democratic Club in good working order. It is the imperative duty of Democrats to organize and prepare for the coming campaign.

The Republicans are determined to control the Legislature, if possible, and if Democrats are too confident they will do so. Nothing but over confidence on our part can make a Republican victory possible. A Convention of Democratic Clubs has been called to meet in Raleigh next Wednesday, the 24th. This call meets the approbation of the State Executive Committee, a big gathering and a grand time is anticipated. Senators Vance and Ransom and other N. C. orators will certainly be at the Convention and Gov. Hill of N. Y. Mr. Cleveland, Mr. Mills, Senators Carlisle and others are expected—Senators Ransom and Vance have taken this in hand.

The railroads grant the lowest rates ever given to any political gathering in N. C. and reduced rates for board have been secured at the hotels for delegates and club members. The State Campaign will be formally opened in Raleigh on the 25th inst.

THE WILSON MARKET

The Hearty Endorsement Given it by a Pitt County Tobacco Grower.

EDITOR ADVANCE— I feel it my duty as a citizen of Pitt county, and a friend of the Wilson Tobacco Warehouse, to speak a few words through your excellent paper to my friends who seem so much demoralized by the results on the opening sale of the 10th inst. Friends, just think for a moment! Such a scene was never before witnessed by the people of Wilson and adjoining counties—Everybody rushed to see the money shaved" and, considering the intrusion, I believe the prices paid in Wilson will more than compete with any other market. Do not hold the management responsible for your tobacco being trampled under foot. It would have taken a company of soldiers with bayonets to have kept that crowd off.

And now a word to our people, Mr. Editor. Do not crowd the buyers. Give them room and light and air, and you will be pleased with the results. The farmers will then go home with smiles and smiles.

I will compare sales with any who sold at any warehouse in the State I sold the stalk through, from the lugs to the tips, for \$24 per 100 pounds. I expect to be able to compete with any man in prices as long as I sell my tobacco in Wilson. Good look to the Wilson Warehouse. Lookout! I am com'g g

again with more tobacco. With hope of success. Ever Yours,
John T. Phillips,
Pitt County, Sept. 13, 1890.

Good News

The price of peanuts will go way up next year. The present crop of this year will not be sufficient to prevent a marked increase in the cost of the National fruit" says Mr. S. B. Aver, of Petersburg, Va., to a New York Star man. "Peanuts will be higher next year than now if the present indications are correct. The price now is the highest it has been in five years. Wholesalers get 9 and 10 cents a pound. This will fall off somewhat when the new crop is ready, about Nov. 1, but if the reports received, not only from the peanut-growing sections of Virginia, but Tennessee and North Carolina, are correct the reaction will be but temporary. The present high prices are the result of the short crop of the past two years. Last season only about one-third of the usual yield was harvested. This year, while vines look thrifty and there has apparently been no draw-back for the growers, reports state that there are few nuts on the vines and the yield will be small. If this is true, growers may hold back the crop and maintain the high prices. Few people have any idea of the amount of peanuts consumed each year. Virginia leads in this industry, and produces over 2,000,000 bushels a year; Tennessee averages about 500,000 bushels, and North Carolina 100,000. Most of those nuts go to New York, and are shipped from Virginia and are shipped from Petersburg. The harvesting of the new crop will begin in Oct. 1."

The crop in this county is fine, we are told. The vines are well fruited. We have heard such big stories about the crop that we are afraid to father some of them. If Mr. Avery is correct Wilson county farmers, who raise peanuts, will do well to hold on to their crop till next spring. But with the price going up what will the small boy and the average darkey do? And if the prices get high will our good friend Bishop Lyman be able to procure enough to put him to sleep? All these grave questions should be carefully considered before advancing the price. A friend of ours has promised to give us a bushel or two and if the Bishop's supply runs short we are going to send him ours. We trust collections will be good enough for us to sleep without having to eat peanuts.

Wilson, As Usual Ahead

The New Berne Journal of 4th inst. contains the following: "Mr. Jesse Harrison saw the statement of a Durham man that he had a 15 1/2 ounce tomato. To show what kind New Berne raises he has brought us down one of the Cleveland Beauty variety, that weighs 17 ounces. He had one tomato that weighed 1 1/2 pounds. Thirteen of his tomatoes weighed 195 ounces, an average of exactly 15 ounces each. A dozen of them filled an ordinary painted peck water bucket, such as are usually sold at groceries, full and heaped up three inches above the brim. He did not think it worth while to tell about them "in the paper," but when he discovered that another town was bragging on a 15 1/2 ounce tomato he wanted to let them know that they were not beating New Berne. When our truckers get in a notion to show what they raise, other places find it pretty difficult to equal New Berne products."

We will state, by way of parenthesis, that you fellows don't know anything about big tomatoes. Mr. J. Cobb, of Wilson, presented us with a tomato about six weeks ago which weighed 29 ounces. Come again.

GOOD FOR "SALT LAKE"

The Sins of the Fathers Shall be Vented Upon the Children.

There was a Jew in the town of Wilson who once wanted to be nominated—and the nomination was equivalent to an election—on the Democratic ticket as alderman of the 5th ward. He thought he should be nominated because he was for street improvements and the advancement of the town in general. He was telling what he could do when elected. He said "Py Tams, we will pave the town, issue bonds to be paid in 20 years and derive all the benefits from the improvements," and make our children pay for it."—Marion Free Lance.

Of course everybody here knows that brother Griffin refers to our local celebrity, "Salt Lake" Harris. The story is said to be a true one. While this may not be the best and most unselfish argument to use in favor of issuing bonds, it still has some virtue. All improvements in a town makes property more valuable and this naturally raises more money from taxation. Why not issue bonds for \$50,000 and put in a good system of water-works?

The Southern Educator. Published at Durham, N. C., is offering several hundred dollars in cash prizes for essays upon various subjects, with a view to encourage literary effort especially among Southern teachers.

The September number contains two offers of five dollars each for two hundred and fifty words. Ex-Governor Jarvis is vice-president of the Educator Company.

The German. No dance in the history of Wilson for the past three years has equaled that of the German given by the young men here Wednesday night of last week. The Raleigh band furnished the music. The German was led by Miss Marie Ruffin and Mr. Otis Smoot, of Henderson, and the following couples participated: Miss Mamie Mercer, with Robert Whitehead, Miss Bessie Jarvis, with J. A. Cutchin, Miss Maggie

Tillery with E. R. Gay, Miss Bettie Vaughan with Dr. Mark Braswell, Miss Lizzie Wilcox with Mr. Tanner, Miss Mattie Russell with J. H. Exum, Miss Mary Bunn with Dr. George Wimberly, Miss Flora Abrams with Mr. Taylor, Miss Sallie Lewis with Charlie Harris, Miss Annie Harris with W. G. Greene, Miss Abbie Staples with C. E. Blount, Miss D. Z. Ruffin with A. Copland, Miss M. Stiterson with John Arrington. The Chaperons were Mrs. E. G. Muse, Mrs. W. C. Gorham and Mrs. W. B. Hill.

Democratic.

The Convention of this Senatorial District meets in Nashville next Tuesday. Wilson, Nash and Franklin Counties compose the district. Messrs. S. A. Woodard, R. T. and Wiley Barnes are delegates from Wilson county.

DIED.

At his home in Spring Hill township on Tuesday, Sept. 16, John Stanley Boykin. He was about 70 years old, and was a character of much local celebrity. Perhaps, after all, his heart was right and we trust his end was peaceful.

There would be far less complaint against the whiskey business if people who drink would demand a fine whiskey of standard brand, and accept no other. There are many straight and well-matured whiskeys on the market, but no other stands so high with the medical fraternity and with connoisseurs as the celebrated J. W. Harper whiskey, of Nelson county, Ky. The genuine I. W. Harper is sold only by W. CORBETT, Wilson, N. C.

The Messenger will employ expert stenographers and reporters, and proposes to publish daily the sermons complete. The daily Messenger will be printed in enlarged form and mailed to subscribers for eleven days, commencing September 25th and ending Sunday, October 5th, for fifty cents each subscription. We propose to let Mr. Jones talk to our readers, and shall endeavor to give his leading sermons without curtailing or garbling. The Messenger will be sent on trial to new subscribers four months for \$1.00. It is an eight page paper—a complete newspaper. Address: The MESSENGER, Wilmington, N. C.

FOLLOW THE CROWD TO
Lockhart's Banner Warehouse
Durham, N. C.

YOU will find it headquarters of Durham for buyers and planters. Durham stands head and shoulders above any town or city in North Carolina. She acknowledges the lead to none. Her pluck and get up has made her what she is. Look at her Graded Schools, her colleges, electric lights, street railway, her railroads—sixteen passenger trains a day; guano factory, wooden mills, land companies, with capital stock of millions of dollars. We have three banks equal to all demands that can be made upon them; in fact, they have more surplus capital than has ever before been known in the history of Durham. Durham a tobacco market is known all over this broad land. No market can boast of the advantages she has. With over 50 regular buyers, more than 100 large and magnificent houses for handling leaf tobacco, to say nothing of her factories. She is in possession of two of the largest concerns of the kind in the world, and pays more revenue to the government than any tobacco market in the South. These are facts think about them.

Blackwell's Durham Tobacco Company, for the manufacture of smoking tobacco, used last year over 6,000,000 pounds of leaf tobacco, and the indications are that EIGHT MILLION pounds will be used this year. Their business is increasing and spreading rapidly. This concern will have their own buyer on every sale. W. Duke, Sons & Co. manufacturers of smoking tobacco and cigarettes, are firm believers in Durham. They used last year between EIGHT AND NINE MILLION pounds of leaf tobacco, and as an indication of their intention to use more the coming year, they are now building an enormous storage house in connection with their already large and magnificent house, with a frontage of 123 feet, a depth of 212 feet, and four stories high. Their regular buyer is on every sale with instructions to pay more for tobacco on this market than any market in or out of the State. They will make things lively. If this does not sound like business, what does. What does all this mean? It means in plain words that Durham is headquarters of all tobacco markets.

John S. Lockhart, Proprietor of the BANNER WAREHOUSE

Bought this year 750,000 pounds of wrappers, fillers and smokers, and wants 1,500,000 pounds next year. This means he must have it and will not try to see how he can buy it, but how much he can pay for it. Farmers, sell your tobacco where it comes in direct contact with the manufacturer. Where your tobacco is bought and paid for, put on drays and taken direct to the factory. You have saved the money paid middle men to buy and ship your stock here.

Who pays the order men? the farmer; who pays for pricing? the farmer; who pays the freight after it is bought? the farmer. Now, to save this expense, sell your tobacco at the old reliable BANNER WAREHOUSE, where you will find every attention and get the outside value of your tobacco, and then go on your way rejoicing that you have been to Durham, seen the sights and sold with Lockhart. Empty hogsheads and tiers furnished at any point on the railroad. Correspondence solicited. Yours truly, JOHN S. LOCKHART, Proprietor.
Sep 15 1 mo Ralph D. Williams, formerly of Danville, Va., Manager.

—WILSON—
TOBACCO WAREHOUSE

Will be Open for the Sale of
LEAF TOBACCO
Wednesday September 10th 1890.

And Commends itself to the Planters of this and adjoining Counties as the place to sell their Tobacco.

A DOLLAR SAVED IS A DOLLAR MADE. Come where you can, in person, superintend the weighing, see your tobacco handled, get your money and go home, before you can reach any other market.
