Death of an Estimable Lady.

Died, at Willow Greene in Greene county, on June 27th, at 2 o'clock, the estimable wife of Dr. E. H. Hornady.

As a Christian she had a strong aim in holding up the light of God. And when the summons came to go across the river, she accepted it like a true and faithful soldier of Christ.

She calmly called her devoted and loving family with friends around her dying couch, spoke words of love and cheer, pointed to the golden gates that stood ajar, soon to open wide and admit her pure sweet spirit which was then preparing to be escorted by a convoy of angels to the glad presence of God.

HOMICIDE.

Millie Sutton, Colored, Shoots and Kills Lucy Smith, Colored.

On last Monday night about 11:30 o'clock, our quiet town was thrown into a little stir at the cries of murder and the report of a pistol.

THE FACTS.

A contract of lease commencing July 1st proximo has been made and entered into between our E. O. Nolting et als, of the first part and Messrs. Davis & Gregory, of Oxford, N. C., of the second part.

It seems that Millie was superstitious, and had been led to believe by a fortune teller that the deceased had killed her little son by poison.

She intended to kill Lucy Smith, her brother's wife, and on Monday night, as Lucy accompanied by another colored woman, was returning home from church they were met by Millie Sutton, in front of Rev. O. L. W. Smith's residence.

SHOT HER DOWN.

the ball penetrating the lower cavity of the heart. The defendant, Millie Sutton, then hurried and made her way home.

Sheriff Crowell and Policeman Mayo, from information they had received, accompanied by Constable Taylor, and two colored men went to the house of the defendant and arrested her, finding her in bed as if nothing had happened.

TO TELL SOMETHING.

of the homicide, so he called in Mr. Geo. H. Wainwright to hear her confession. She then made a full confession of the occurrence, and telling them the reason she had killed Lucy was because she (Lucy) had poisoned two of her children and attempted to poison her father by conjuration.

On Tuesday morning at 8 o'clock, Dr. Moore, acting Coroner, summoned the following jury and held an inquest over the body of the deceased: B. J. Barnes, B. B. Cox, W. C. Gorham, Jno. Gaston, W. C. Hewlett, J. D. Williams.

At her home in this county on July 2nd, at 2 o'clock, Mrs. Knight, mother of Mr. C. W. Knight, of this county, Mrs. Knight was 72 years old.

Messrs. Davis & Gregory have done much for Oxford and Eastern North Carolina. They have worked in season and out of season to promote the tobacco interest of North Carolina.

At the residence of her brother in Black Creek township, this county, on Wednesday, July 1st 1891, of Typhoid fever, Miss Cenia A. Barnes, in the 25th year of her age.

At her home in this county on July 2nd, at 2 o'clock, Mrs. Knight, mother of Mr. C. W. Knight, of this county, Mrs. Knight was 72 years old.

It is a strange thing how the average negro believes in such superstitions as "conjure" doctors, Voodoo, sorcerers, enchanters, and negroes who can cast "spells"—but they all do and some of them to an alarming extent.

Gov. Holt issues a Circular to the Public on Refunding the Direct Tax.

Gov. Holt has issued the following circular regarding the refunded direct tax:

"Copies of the lists taken from the records in the Treasury Department of the United States, have been sent to the Clerk of the Superior Court of each of these counties, and the blanks for use of persons making application to the Governor for the sums appearing on the list to be due them.

"The clerk will furnish blanks to persons whose names, or those of their intestates or testators, are on the list, and will be careful to see that the blanks are properly filled out in every instance.

"If a receipt for the tax can be produced it must be sent with the application to the Governor, and when the receipt is sent the certificate of two persons as to the ownership, which is attached to the blank need not be filled out.

"Clerks of various counties to make as great reduction as possible in their charges. In case the tax was paid by a trustee or guardian, the blank can readily be changed to suit the facts.

"You will be benefited by buying your goods of us as we are making big reductions on all summer goods during the month of July. E. R. Gay.

MOVED TO RICHMOND.

Messrs. Davis & Gregory Have Opened a Warehouse at Virginia's Capital.

Messrs. Davis & Gregory, of Oxford, have moved to Richmond, Va., and were the first ones to take steps to revive the loose tobacco market in that city.

We welcome Messrs. Davis & Gregory most cordially and admire their energy and push, and truly and heartily sympathize with them in their efforts to stir our trade up to taking a new departure in the right direction.

Our tobaccoists have repeatedly claimed that they would buy tobaccos here in preference to going to other tobacco markets for supplies.

Opportunity is golden and here it is. Take a step in the right direction, gentlemen. Do as Mr. Blackwell did when he built up Durham, and say to sellers and producers, "Bring your tobacco to Richmond and let our railroads, our teamsters, our warehouses, our tobacco merchants, our

profits of hauling and handling and we will pay you as good and satisfactory prices as can be had anywhere."

We can see our errors and why not correct them? Why should Richmond capital be used to build up foreign markets, when we see that to continue this course suicidal policy?

These other tobacco markets flourish on Richmond capital, while the Richmond tobacco market languishes, and will ultimately die of attrition, unless her people unite to stop the fast ebbing life blood.

Let our buyers support this new movement with their best efforts to make it a success and it will succeed and grow, and its benefits will be far reaching.

It will give employment to thousands. It will increase manufacturers and manufacturing establishments will increase and multiply, for they will follow the raw material which this move will bring, and on manufacturing and manufacturers Richmond's future must depend.

Values of real estate will be enhanced and our Richmond tobacco market, which has lost its pristine splendor, grand proportions will be rejuvenated, and will become the "Louisville" of the East.

Messrs. Davis & Gregory have done much for Oxford and Eastern North Carolina. They have worked in season and out of season to promote the tobacco interest of North Carolina.

Capt. Ned, wants to know how is the sea breeze, Chas.

Mr. N. B. Norman is passing the heated term up in the mountains of North Carolina. Banks is taking a needed rest preparatory for the heavy work in tobacco this fall.

Some of our planters are sick of cotton and wish they had dropped it altogether and planted tobacco. Tobacco well cultivated will give you better results for labor bestowed than other crop you can raise.

Capt. E. M. Pace tells us, he is just back from an extended trip through the several counties bordering on our market, and found the crop for the most part looking well, particularly where it had received proper cultivation, and some as fine as he ever saw, most of which had been topped.

The social, as well as the business event of the season will be the meeting of the State Tobacco Association which convenes in annual session at Morehead on the 5th of August.

We were pleased to meet Mr. John S. Thomas, of H. J. Ingram & Co., South Boston Va., who arrived here last Tuesday.

It is refreshing to drive out as we did last Saturday to see the progress made by a colored tenant, Nathan Killebrew, on Mr. Ed Barnes, Jr., plantation in this county in the cultivation of tobacco.

The North Carolina tobacco statistics, gives the total numbers of planters engaged in raising tobacco during the census year to be 27,250, total acreage at 97,077, with 36,375, 258 pounds, and the value of the crop to the producers estimated on the basis of actual sale at \$5,275,833.00.

In the list of counties it names: Edgecombe, 219 acres, 51,400 pounds, \$166,200.00, value.

The getter up of such reports shows conclusively that, "The fools are not all dead yet."
