BADERUPION ON NECK
Sorely Afflicted Nearly Three Years. Used Prescriptions from Three Doctors without any Benefit.

After using Cuticura Two Days, the Scabs all Dropped Off. Cure was Quick and Complete.

I suffered for nearly three years with an eruption on my neck, and used prescriptions from three doctors during that time which did me no good. I purchased CUTICURA, two boxes, and the second day after using it the scabs all dropped off and never came again. Before I used up the second set of CUTICURA my neck was entirely well, and has been well ever since, and all that I can say for it is, that whereas I was sorely afflicted I am now well, and all from the use of CUTICURA.

And yet you are not sick enough to consult a doctor, or you refrain from so doing for fear you will alarm yourself and friends—we will tell you just what you need. It is Hood's Sarsaparilla, which will lift you out of that uncertain, uncomfortable, dangerous condition, into a state of good health, confidence and cheerfulness. You've no idea how potent this peculiar medicine is in a case like yours.

Don't Feel Well.
There are thousands of ladies throughout the country whose systems are poisoned, and whose blood is in an impure condition from the absorption of impure matter, due to menstrual irregularities. This class are peculiarly benefited by the wonderful tonic and blood-cleansing properties of Prickly Ash, Poke Root and Potassium—P. P. P. Roses and bounding health take the place of the sickly look, the lost color, and the general wreck of the system. P. P. P. is the cure—be sure to get it at once.

THE Shows that all epidemic, endemic, and contagious diseases are produced by minute infecting germs or microbes, peculiar to each disease, which enter the system. It being well settled fact that any germ or microbe which would kill the germ or microbe would destroy the life of the patient, it has been found that to force out these germs is the only safe relief from their ravages. In this way Swift's Specific has for 60 years been curing blood and skin diseases. It forces out the microbes through the pores of the skin, and soon sends out the poison which they may have left. In this way the disease is cured, and the general health of the patient is built up.

SYRUP OF FIGS
ONE ENJOYS
Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

A FARMER OF RENOWN.

How Many Really Like Him do You Know?

The New York Herald, Wednesday of last week, on its most conspicuous page, publishes the following handsome notice of a gentleman well known in this city who he has many friends that will read it with real interest and much gratification. The notice as published in the Herald is credited by that paper to the New Haven Journal and Courier and is as follows:
"Farming pays you farm in the right place and in the right way. William L. Kennedy, of Falling Creek, Lenoir county, N. C., has shown what can be done. At the close of the war Kennedy was 18 years old. He carried a musket for two years, and returned home to find the family fortune broken. Uncomplaining, he went to work as a day laborer on his father's plantation. After what might be termed an apprenticeship of four years he became ambitious to farm on his own account. A 300 acre farm was in the market, and as payments could be made by instalments young Kennedy was to be the property. The price was to be \$30 an acre. By dint of hard work this was paid for in a few years, and Mr. Kennedy now owns two plantations of about 1,000 acres each. He puts in all kinds of crops, and sells everything that can be produced on a Southern farm. He plants two hundred acres in cotton and obtains a 500 pound bale to the acre. One hundred and sixty acres are given to corn, 40 to wheat, 75 to oats and 25 to native grasses. Peas and sweet potatoes are extensively cultivated, the peas being sowed on wheat stubble. He has a herd of 100 cattle, and milks 25 Jersey cows. Every year he sells \$600 worth of butter, 150 pigs, of which he feeds about 125, bringing him in a sum of money. With turkeys Mr. Kennedy was great success, many of the gobbler weighing forty pounds when they are killed. He feeds them on wheat bran and clabber. Twenty men and their wives and children are employed on the home plantation, the other being leased on shares. Each man has a house and garden free and is paid forty-five cents a day. The women and children receive from twenty to forty cents a day."

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve and his leg is well. John Speaker, of Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured them entirely. Sold by A. W. Rowland, druggist.

Why will you suffer from indigestion and dyspepsia? Simmons Liver Regulator is pleasant and cures.

In advanced age the declining powers are wonderfully refreshed by Hood's Sarsaparilla. It really does "make the weak strong."

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

"Seeing is Believing."
And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

What It Costs

Must be carefully considered by the great majority of people, in buying even necessities of life. Hood's Sarsaparilla commends itself with special force to the great middle classes, because it combines positive economy with great medical power. It is the only medicine of which can truly be said "100 Doses One Dollar," and a bottle taken according to directions will average to last a month.

Sudden trust brings sudden repentance.
When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Proprietors of the

Planter's :-: Warehouse,
For the Sale of Leaf Tobacco,
Wilson, N. C.

WE wish to call the farmers attention to the fact that we are amongst them to give all the aid we can towards getting them full worth for their tobacco

Prices are much better now; we make a QUIOK and LIVELY sale, and do not DRAG and KILL the sale of your tobacco, for we SHOVE it for all it is worth. Come and see us sell and you will be convinced of the facts. Our buyers are out in full force every day and have large orders to fill.

We want to Buy
1,000,000 lbs.
Ourselves at our house this year, and
we want to Sell
5,000,000 lbs.

WE have added a large basement to our warehouse and are now prepared to handle the farmers tobacco in first-class style; we are working from 50 to 75 hands daily

Don't forget us when you come to town, and try us with one load and you will go home happy. We have the best auctioneer in the State, and the best lighted house in the State; no dark corners. We will be glad to show and tell the planters all we can about handling their tobacco. Don't hesitate to ask us; we have had long experience in growing and handling the weed. Tell your neighbor to come with you and don't stop until you are under our shed. Ample accommodation for man and beast which shall have the best attention. We have made our house headquarters for Eastern Carolina, so when you come to market come to headquarters. Yours respectfully,
