THE SUGAR TRUST.

The more perfectly acquainted we become with the workings of a tariff law the more strongly we favor absolute free trade. We would like to see our people sell where they can command the highest price and buy where they can get goods cheapest. This seems to us right and just. Here sity, that will prove convincing:

trust, and are operated "in harmony" on Foreign Affairs, of which James lized at \$85,000,000, and it will pay than the appropriations for the same this year 34 per cent, on that false purposes last year. capitalization, or 37 per cent on actual

It was extorting less while it had opposition, but since it bought up the remaining opposition it has deliberately added three-eights of a cent a boundto refined sugar. In other words, it has levied an additional tax of \$22,-500,00 a year upon the people of the country who consume sugar.

This is extortion, pure and simple. There is nothing whatever given in return for the money taken, and the trust is enabled to take it solely by I have now on hand a select virtue of the tariff duty of one half cent a pound on foreign refined undersell foreign competitors. The not yet to be trusted? additional tariff duty enables it to

pound of the purchase price of all raw things? sugar bought by the trust from And excellent driving and American producers. Why should the Government also give the trust the means of extorting \$20,000,000 a year over and above naturally enormous profits? Why should there not be bill presented at once to put refined sugar on the free list, so that the sugar trust may be compelled to take Lemon Elixir sell sugar at a reasonable price and a fair profit? Why should an organization of enormously rich monopolists
