HON. WILLIAM C. OATES, ALABAMA.

Marshall 4, Morgan 8, Perry 10, Randolph 3, Sumpter 4, Talladega 10, Walker 3. Total 186.

The primary in Dallas has not been held as yet, but that county is an acknowledged chinch for Johnston. The gentleman estimating who, by the way, are well posted, agreed among themselves on the result as above stated. They could not agree on the following counties, however, and have been able to find no returns that will throw any light on the subject at this time.

Augusta 4, Baldwin 3, Clark 7, Clay 5, Cleburn 4, Coffee 4, Elmore 7, Escambia 8, Geneva 4, Hale 9, Lanier 5, and they are 7. Mangrove 17, Monroe 1, Pickens 7, St. Clair 6, Shelby 7, Tallapoosa 8, Tuscaloosa 10, Washington 3 and Winston 2.

Of these it is claimed that Captain Johnston is absolutely certain to get Autauga, Clay, Cleburn, Hale, Lanier, Limestone, Pickens, St. Clair, Shelby, Tuscaloosa and Winston, which would nominate him by a scratch, but these, it must be remembered, are in-side figures and represent only what Johnston is sure beyond peradventure to get. His friends believe that he will divide the remainder of the doubtful counties with Colonel Oates, and they claim furthermore, that when the returns from the inland precincts come in a good many of the counties which are now poised in the Oates column will be transferred to the Johnston list. Not until the county conventions on May 19th, the Johnston men say, will they be able to convince the Oates followers that the latter don't know how to figure.

Oates Wins.

MONTGOMERY, Ala., May 14.—Returns from the counties point to the fact that Colonel W. C. Oates has received a majority of delegates in the state convention, which assembles here on May 22, to nominate a governor.

From the reports received this morning the votes of Baldwin, Clark, Coffee, Escambia, Lanier and Washington, and part of Clay, are added to the Oates column, making altogether 28 delegates, and running up the grand total to 244—eleven votes more than a majority, which nominates.

—Salisbury Healed: A few days ago Mrs. Margaret Moore lost \$22.75 in her yard. The money was in gold and silver and was wrapped in paper. When the loss was discovered and a search instituted the paper only was found. It had been torn and chewed by a dog in the yard, and as no trace of the money was found the opinion was at once formed that the dog had swallowed it. The dog was tied up until this morning when he was taken out and killed and his stomach cut open and examined. No money was found in the dog and a more thorough search of the premises was made. It was finally found under the sleight, in the bed in which the dog slept. Mrs. Moore was rejoiced at the finding of her money but regrets the unnecessary killing of the dog.
