## Explosion of Dynamite Here Many Lives Into Eternity.

### NO CAUSE ASSIGNED FOR THE CRIME.

#### Pennsylvania Town Excited Over the Unprovoked Act of a Bomber and Determined Outlaws to Arrest.

WILKESBARRE, Penn., October 29.—At Laurel Run, this county, a large Hungarian boarding house was blown to atoms by dynamite at 3 o'clock yesterday morning and the three of the inmates killed outright, four fatally injured and half a dozen seriously hurt.

The friends who planned the explosion did their work well, despite the fact that the part of the building they placed about twenty-four sticks of dynamite under the building, each being about nine inches long and weighing about half a pound. A battery situated about fifty yards away. When the signal was given only about half a dozen of the sticks exploded. They were sufficient however, to completely wreck the building, not a beam or plank of which was left standing. Several of the inmates who occupied beds in the upper floor were hurled fifty feet in the air. Some of them escaped fatal injury by alighting in the trees near by. Half dazed by fear and sleep, they managed to hold on to the branches until they recovered their senses and were able to reach the ground. A truck walker, who arrived on the scene shortly after the explosion, says it resembled a battle field.

### HEARDENING CRIMES OF THE INMATES.

The cries of the injured were heart-rending. Some of them were in the trees others were lying on the ground and under the debris of the wrecked building. One of the boarders who escaped injury made his way to a neighboring shanty and woke the inmates. Blankets and bedding were carried to the scene and the injured made as comfortable as possible. At daylight the officials of the Lehigh Valley road were notified and a special train, with a number of physicians, was hurried to the scene. The doctors dressed the wounds of the injured, who were brought to the hospital in this city.

The boarding boss says he is at a loss as to what prompted the deed. As far as he knows he has no enemies in the world. Some of the boarders think the motive was robbery, as several of them were known to have considerable money in their possession. If this was the object of the explosion it was plain why they placed so much of the explosives under the building. They wanted to kill every person in the place in order to get the plunder and then escape detection. Up to 3 o'clock last night no arrests had been made. One of the wounded men says immediately after the explosion he saw four strange men running down the roadway leading to the village of Miner's Mills. They carried a bundle which he lay on the ground another stranger approached him and rifled his pockets. He also cut the belt which encircled his waist and carried away.

### VERSION OF ONE OF THE VICTIMS.

Another of the injured gives it as his opinion that the men seen on the ground after the explosion were tramps. The dynamite used was of the best quality, which fact may be a clue to the recovery of dynamite of that character is used by the railroad contractors, whose tool house is near the scene. The house had been broken open and a new battery taken out. An old battery was found near by. The suspicion is that the latter would not work and a new one was necessary.

### WAGED BY CATHOLIC WOMEN.

#### New Phase of the Female War Against the Tammany Candidates.

NEW YORK, October 29.—A delegation of Catholic women of the eastern part of the twelfth congressional district called upon the headquarters of one of the anti-Tammany associations this morning for tracts, anti-Tammany literature and speakers. They are forming an organization and will begin meetings next Tuesday afternoon. They are strongly in favor of Mr. Goff for recorder, and are equally opposed to Recorder Smyth.

The secretary of the delegation said of it: "We are taking this action not as citizens, but as Catholics, and women of Irish birth as a practical protest against unscrupulous Tammany men who have been deceiving the women of the league in an A. P. A. organization, and that all good Irish Catholics belonged to Tammany. This is an insult to us women on the one side, and to our country on the other. Most of us come from the same county in Ireland where Mr. Goff was born, and we know of him and of his family for a long time, and know he is the right kind of a man for the office. We don't want to see a man from here and we don't want to see a man from there. If there are more like him in that place they had better stay there and not come to New York."

The assessed valuation of Wichita county is \$1,500,000, and the bonds bought for \$5,000,000. A state law prohibits school fund commissioners from buying bonds offered whose indebtedness exceeds 10 per cent of its assessed valuation. The same law prohibits school fund commissioners from buying bonds which are not issued by the county, the validity of which is questioned.

### PERSONAL AND LITERARY.

#### Dr. Oliver Wendell Holmes' death has been attributed to various causes, but it is interesting to note that the official certificate of death, signed by the attending physician, gives the cause as old age.

—Gov. Hughes estimates the population of Arizona at seventy thousand, of whom eleven thousand are Mexicans. There has been a shrinkage in values, owing to the closing of the silver mines, but Gov. Hughes looks hopefully to the irrigation and land reclamation of the territory.

—Miss Wreche consecrated herself to prison work in Finland twelve years ago. From that time she has patiently, with unostentatious heroism, visited the inmates of the various prisons and every prisoner in each prison in the early morning and leaves it late in the day, and every day of the year. She has steadily pursued the same ministry. Some of the most hardened criminals have been brought to repentance through her.

### CHARLES SCHARLOW, OF OMAHA, HAS RECEIVED AN OFFICIAL LETTER FROM EMPEROR WILLIAM ASKING HIM TO VISIT GERMANY AT THE EMPEROR'S EXPENSE.

On August 16, 1870, the Prussian army was battling with the French at Mars la Tour, and a mitrailleuse, stationed on a hill, was pouring shot into the ranks of the French. Nearly one hundred and fifty men had fallen under its fire, and it was necessary that the invaders should silence the gun or fall back. No officer would give his command to capture it, for that meant his own death. Dr. Charles Scharlow, a volunteer, stepped forward and fifteen men responded. Scharlow was one of these, and was one of the three who returned alive after the gun was captured. Scharlow will accept the invitation.

### BRITAIN'S COLONIAL POLICY.

#### Fells German Plans, It is Alleged, Under the Disguise of Friendship.

BERLIN, October 29.—The Norddeutsche Allgemeine Zeitung voiced yesterday the discontent felt in the foreign office with the hostile colonial policy of Great Britain. With the same indignation the paper expressed the greatest pretensions of friendship, it is said, Great Britain intrigues actively to foil German plans of colonial extension. It pointed out how the British colonial policy is the result of the expansion of nations in Africa, and in referring to the Delagoa bay troubles, justified the transvaal in assisting the Portuguese. Such assistance in the interest of the transvaal and the exclusion of the British must be approved by all persons outside Great Britain and her colonies. The Kreuz Zeitung says that South Africans now in Berlin are sure that the British will not curb their antagonism to England but will defy her every attempt at interference.
