In its issue of November 2nd, the News Observer pays a handsome compliment to our former townsmen, Prof. Dred Peacock, President of Greensboro Female College.

The county commissioners met on Monday and transacted the usual routine of work. The people were too much taken up with politics to pay much attention to such matters.

Messrs. Albert Kramer, of Durham; J. N. Boyd, and P. T. Conrad, of Richmond, were following the sales on Friday last. All these gentlemen have large orders placed on this market.

The Washington contingent that went home to vote comprised the following well known Democrats: Col. H. G. Williams, Mr. Arthur Barnes, Mr. S. M. Warren, Jr., Mr. R. Bruce Evans, Mr. Henry Farmer, Mr. Thos. Ruffin, Dr. Sterling Ruffin, Lit Alley, and Chas. T. Harris.

All good people have cause to rejoice that the rule of Tamany in New York City is over. That great monster has been snuffed under completely, and it is to be hoped that it is gone forever.

The political pot began to boil in earnest on Monday last. All the street corners were crowded with people talking this way and that, all eager to be heard and to have their side prevail.

Mr. J. G. Cobb, one of Edgecombe's old reliable Democrats was in to see us last week. He is the right sort and says that Democracy is good enough for him. He has plenty of company.

Just before the polls closed last Tuesday some coward threw an egg over the heads of the poll holders, which struck the wall over the judge's stand. No one knew who the coward was throwing it, or whether he intended to strike anybody.

Sadler, one of Edwards & Broughton's best job printers and we will be glad to have every one send us in a sample order. In a Republican meeting at the court house last Saturday night Sam Vick said, so it is said, that if the Democrats carried the legislature this time they would change the constitution so as to disfranchise all ignorant negro voters. He then advised all negroes to vote the Populist ticket. Vick knew he was stretching the blanket too much, and we have heard that he so admitted afterwards.

Use the Head. Miss Willard says she once asked Thomas A. Edison if he was a total abstainer, and when he said that he was, she said, "May I inquire whether it was home influence that made you?" and he replied, "No; I think it was because I felt that I had better use for my head." —Newbern Journal.

Get your smoked glasses ready and see the sight next Saturday.

Its Pay Day. Now that the fall of the year is come and the election is over, we should like to remind some of our subscribers that pay day has come too. We have been sending the paper all these months quite cheerfully hoping that when the fall came we should be remembered by the delinquents upon our lists. We have endeavored to give the public a readable paper. We have tried as hard to do that as our ability and means would allow, and we believe that a large portion of our subscribers will grant that we have achieved some measure of success on that line. Now, what we want is a substantial recognition and we will promise a good paper, and give it, too, if earnestness of purpose can.

Stronach's Calla Lilly is the best. Housekeepers all agree that Gilt Edge is the best flour.

Wilson was considered right much of a strategy point by the leaders of two political parties in the last few days of the campaign. Butler and Holton both came here and looked over the land and laid plans which were not carried out. Their plan was, no doubt, to take Freeman down, but Freeman said that he had as good a chance as anybody and was going to stay, and did stay. There was tramping of the politician's foot here for some days last week.

Wasson from Goldsboro, a very intelligent negro, spoke here Monday. He advised the negroes to have nothing to do with the Populists. His speech was quite opposite to the one Sam Vick made Saturday night. In fact, the Republicans were in a mud-dle before the election, and they were getting worse and worse. It was in reality confusion worse confounded. Some of them were advising others to vote the Populist ticket, while the others were advising some to not do so.

Last Saturday the Populists closed their canvass of the county at Wilson. A good crowd of both Democrats and Populists turned out to hear the speaking. The candidates announced themselves in a few words, except Dr. Person who consumed the greater part of two hours in an announcing himself for the legislature. He was quite severe on the Democratic campaign orators who have spoken in Wilson, especially upon W. R. Henry and F. D. Winston. Mr. Hoover spoke also, announcing himself for the Senate.

The Methodist church last evening was crowded to witness the marriage of Mr. W. H. Tyson and Miss Maggie Deans. The church was beautifully decorated in roses and chrysanthemums and palms. Promptly at eight the bridal party entered to the strains of the wedding march. The ushers Messrs. Offie Parker and Richard Tyson leading, followed by the bride, dressed in white satin and carrying a bouquet of white brides roses, and her maid of honor, Miss Stransbery, of Baltimore, in a beautiful gown of cream silk, and carrying a bunch of cut roses. They were met at the altar by the groom and his best man Mr. S. B. Parker and took their places. The marriage service was read by the Rev. T. N. Ivey. Mrs. George Connor presided at the organ. Immediately after the ceremony the bridal party drove to the residence of the bride's mother where a reception was held.

The ADVANCE joins a host of friends in wishing the happy couple much prosperity.

PRESIDENT CLEVELAND has appointed Thursday, November 29th, as a day for thanksgiving. He urges all persons to meet in their respective houses of worship and render unto God their thanksgiving for the goodness that he has shown them.

We have been told that certain people in our town buy such papers as the Police Gazette. At any rate a copy of the Police Gazette was found in the possession of a boy at the graded school this week. We don't know where he got it from. Perhaps he got it without the knowledge of his father or mother. But those papers are being circulated in our community and the young are reading them either with or without their parents' knowledge. We can hardly conceive of a father's doing his son such a wrong as to give them to him and must think that the boys get them without the knowledge of their parents.

It is an evil that should be broken up. If there is no law against it, there should be such a healthy sentiment against it as to break up the practice.

There is perhaps no sport that has during the past few years made as great a progress toward popular favor as cycling.

Until very recently the riders of the wheel have been few and far between, now the bicycle has its votaries among those of every walk in life. Many have however been debarred from the enjoyment of this sport by the price asked for a high grade wheel and have been anxiously awaiting a reduction. At last they are to be rewarded, as it is generally known that all the high grade machines will be sold at a much reduced price in 1895.

The inevitable result of this reduction will be that the wholesome and delightful exercise of cycling will be open to the enjoyment of all. Not only this but a new era will open for the bicycle and it will take a place among vehicles which it has never before held, superseding the horse in the future more rapidly than it has in the past.

NORTH CAROLINA.

THE OLD NORTH STATE DEMOCRATIC, BUT BY A REDUCED MAJORITY. The Legislature is Democratic by a Safe Majority. Judicial and State Ticket Elected by a Thousand.

Below we give the returns from this State as far as heard from. Indications show a powerful reaction against Democratic supremacy.

RALEIGH, N. C., Nov. 7.—Raleigh shows a Democratic loss Wake county is probably Republican. The Democrats lose Durham and gain in Halifax.

WELDON, N. C., Nov. 7.—Weldon gives 500 Democratic majority. The county is safely Democratic by about 2,000.

PEARSON, N. C., Nov. 7.—Pearson (fusionist) claims to be elected in the Ninth district. The Fifth district indicates that Settle is probably elected. Other districts are probably Democratic, but news is very meagre. The Legislature is Democratic by greatly reduced majority, and the Democratic State Judicial ticket elected by reduced majority.

KINSTON, N. C., Nov. 7.—Lenoir is very close. The vote in LaGrange township is said to be illegal and has been referred to the canvassing board to decide.

FAYETTEVILLE, N. C., Nov. 7.—Nearly all the returns are in. The Judicial Legislative and county tickets are probably defeated. Judge McRae will probably have a majority. Shaw will have a plurality.

LUMBERTON, N. C., Nov. 7.—Roberson county is Democratic by 300 or more.
