DEATH IN THE WRECK

Three Negro Tramps Mashed Literally to Pieces.

ONLY FATALITIES OF THE DISASTER.

SAVANNAH, Ga., June 17.—Passenger train No. 23, on the Charleston & Savannah railroad ran into the fast mail coming south Sunday morning at 1:06, near Hardeeville, about 23 miles from Savannah. Both engines were badly wrecked and the mail car on No. 78 was pretty badly smashed up. Three negro tramps who were riding on the blind baggage on train No. 78 were mashed to pieces and buried under the wreck. There were scarcely enough left of them to identify them.

Through some unaccountable mistake Operator Givins at Yemassee wired the train dispatcher at Charleston that the fast mail had not passed Yemassee some time after it had gone by. The usual meeting place is just this side of Hardeeville, and the dispatcher thinking the fast mail had met with some accident at the siding near Yemassee some time after it had gone by. PENSION OFFICE DISMISSALS.

AN effort to be made for a Congressional investigation.

WASHINGTON, June 17.—It is said that an effort will be made to have the removal of a hundred employees of the pension office investigated by congress next winter, on the ground that the law has been violated by the dismissal of old soldiers who were specially protected by the statute. The dismissals were the result of a recommendation by Commissioner Lockren to congress last winter that his force be reduced, as it was out of proportion to the work to be done. In consequence, 100 dismissals were authorized by congress, to take place at the close of the fiscal year.

STAND BY THE PARTY

The Fight for Silver Within the Democratic Ranks.

WORK OF THE MEMPHIS CONVENTION.

MEMPHIS, Tenn., June 18.—Notwithstanding the cloud that for a moment threatened to darken the horizon of the free silver convention of Southern and Western states, in the shape of the holding of prominent democrats, because of the advocacy of the abolition of party lines by one or two of the speakers, the resolutions adopted yesterday were no fight over the resolutions after they were read to the convention for the reason that they carefully avoided any reference calculated to produce dissent. The resolutions advocated the free and unlimited coinage of silver at the ratio of 16 to 1, declare that international co-operation is not necessary and attribute the recent hard times to the demoralization of silver.

The universal sentiment of the resolutions was that they cannot get a party line as proposed by Sibley, Stewart and others, the speakers yesterday almost without exception, took care to make it plain that they were not in any affiliation with either republicans or populists. The resolutions follow:

The Resolutions Adopted.

Silver and gold coin have in all ages constituted the medium of exchange, and the money of the father of the republic, a mixture of silver and gold, was the best medium of exchange that the world has ever known. The coinage of silver and gold together constitute the best medium of exchange that the world has ever known. The coinage of silver and gold together constitute the best medium of exchange that the world has ever known.

HE'S ALREADY A MINE OWNER.

W. A. Clark, the Millionaire, Talked of Vice-Presidency.

BURT, Mont., June 17.—In an interview yesterday W. A. Clark, a wealthy mine owner and politician, states that the association of his name with the vice-presidency ticket was news to him. "I am not posing for presidential honors for any other political honors," said Mr. Clark. In any event, he added, he would not run on a ticket with President Cleveland or one that had the endorsement or support of the Democrats. He also said he would support the democratic ticket unless the party declared for free silver. Mr. Clark has always been regarded as one of the administration democrats in the Senate and his utterance creates some surprise.

GERMAN DIPLOMACY DISGRACE

MANY of the Ambassadors to Be Recalled by the Emperor Soon.

BERLIN, June 17.—The reports in circulation yesterday and generally credited in diplomatic circles asserted that Mr. Herbertie, the French ambassador, will be recalled, and that the German minister at Pekin and the ambassador at St. Petersburg and Paris had been recalled. CHANGES MAY OCCUR

The Probable New Leaders in the Senate From Dixie.

IF THE FIGHT IS MADE ON FINANCES.

WASHINGTON, June 17.—The fight in the south over silver has gone just far enough to develop the new democratic leadership for that section in the case of gold ultimately wins within the party ranks. In nearly every state below Mason and Dixon's line some man has lately arisen to challenge the old attitude of the party on the financial question, and to insist that there should be a right-about-face by the democracy as to free coinage.

A general shake-up of the leadership of a democratic senator that is disputed, and this, if gold wins in the south, will bring about a decided change at an early day in the personnel of the democratic membership of the senate.
