A BEAUTIFUL MONUMENT

Washington's Memory Honored in Pennsylvania's Metropolis.

THE PRESIDENT IN ATTENDANCE.

Formal Unveiling of the Beautiful Tribute to the Nation's Liberator Honored by the Presence of the Rulers of the Republic He Founded.

Philadelphia, May 15.—Washington and his memory rules Philadelphia today. The entire city presents a gala appearance in honor of the street pageant and the exercises connected with the unveiling of the Washington monument in Fairmount park, and the city is crowded with visitors from this and adjoining states.

The first important event in connection with the demonstration was the arrival yesterday afternoon of President McKinley, Vice President Hobart and the members of the cabinet, with the exception of Secretaries Sherman and Long.

Last night a banquet was given at the Union League in honor of the president, vice president and cabinet officers.

The ceremonies incident to the unveiling began at 12 o'clock. At that hour the troops began to form at Broad

PHILADELPHIA'S WASHINGTON MONUMENT. and Spruce streets. At 1 o'clock the members of the Society of the Cincinnati started in carriages for the Green street entrance to the park to await the coming of the president and his party.

President McKinley was then escorted back to the rostrum and made a brief address, and was followed by the orator of the day, W. W. Porter. Then Major Wayne formally presented the monument to the city. It was accepted in a speech by Mayor Warwick and in turn turned over to the park commission, President James McManes being the last speaker.

Then the greatest military parade that Philadelphia has seen in many years passed in review before the president. The formation of the column was, first, the cavalry, artillery, engineer corps and infantry of the regular army, followed by the naval battalions from the French and Italian warships and the forces of the Texas, Terror, Columbia, of the North Atlantic squadron.

The night was devoted to various phases of celebration apart from the

dinner. The women's parade, with over 15,000 in line, was the principal feature. So far as the wheelmen were concerned, it was a brilliant success, but the police arrangements were wretchedly inadequate, the populace being permitted to crowd the park roadways and force frequent delays.

The monument, which was designed by Rudolph Siemering, a celebrated sculptor of Berlin, is declared by experts to be one of the handsomest in existence. The pedestal, bearing an equestrian statue of George Washington, rises from an oblong platform of Swedish granite six feet six inches high and reached from four sides by 13 steps, symbolic of the 13 original states.

At the four corners of the platform are fountains, served by allegorical figures of American Indians, representing four rivers—the Delaware, Hudson, Potomac and Mississippi. On the sides each of these fountains is guarded by typical American animals, eight in all.

The equestrian statue, the figure and the bas-relief, as well as the numerous other ornamental groups, are of bronze, while the platform, pedestal, etc., are of Swedish granite.

Death of Cardinal Di Rende. Rome, May 17.—Cardinal Camillo Mellano di Rende, archbishop of Benevento, is dead. He was born in 1847, and received the red hat in 1887.

mansion until tomorrow morning, when the funeral will take place. It will be a state funeral. Senators Mills and Chilton and Congressman Henry were notified, also Governor Culberson and ex-Governor Hogg.

Richard Coke was born in Virginia in 1829, was educated in the William and Mary college, and was admitted to the bar when 21 years old. In 1850 he removed to Texas, and joined the Confederate army from that state. After holding minor offices he served two terms as governor of Texas, and took his seat in the national senate in 1887, being twice re-elected. He declined a re-election, and was succeeded by Horace Chilton.

Senate Secretary Sentenced to Prison. Helena, Mont., May 15.—Secretary of the Senate John Bidor was convicted yesterday by a jury of having secreted the "salary bill" to prevent its passage, and the punishment was fixed at one year's imprisonment. He was denied further bail, and is now in jail.

Two Drowned While Boating. New York, May 17.—Two unknown young men drowned in the Bronx river yesterday afternoon in the presence of many hundreds on the banks, and with a half dozen boats near at hand. The young men were rowing in a skiff, and capsized their boat while attempting to change places. One of them attempted to swim, but was seized by his companion, and for a few moments they struggled together in the water before sinking. The bodies were recovered, but not identified.

Beet Sugar Seed Exhausted. Washington, May 17.—The beet sugar seed which the agricultural department has been distributing is practically exhausted, about 10,000 pounds having been sent out to farmers in about four-fifths of the states.

Jumped Four Stories to Death. New York, May 17.—Mrs. Annie Goodsell, wife of Benjamin H. Goodsell, a dentist, committed suicide shortly after midnight by jumping from the fourth story window of her home. Her neck was broken.

A sick person trying to keep up on mere stimulating tonics is like any one pretending to swim while supported by a belt. The instant the support is withdrawn down you go.

Nearly all diseases result from a deep-seated impairment of the nutritive powers which cannot be reached by any temporary exhilaration. The only good that any medicine can do is to increase your own natural powers of recovery and make you able to swim for yourself.

The debilitating weakness, nervousness and digestive disorder which indicates this state of mal-nutrition can only be overcome by a scientific remedy like Dr. Pierce's Golden Medical Discovery which acts directly upon the digestive and blood-making organs, and effects the nutritive transformation of food into rich, healthy blood, which carries genuine permanent vitality to every corner of the system.

It is vastly more nutritious than malt-extracts. It does not paralyze the nerves, but feeds them with health. It is better than cod liver oil emulsions. It is assimilated by the weakest stomachs. It does not make flabby useless fat, but muscular strength and healthy nerve-force. It is the only perfect invigorant for corpulent people.

Mrs. Ella Howell, of Derby, Perry Co., Ind., writes: "In the year of 1894 I was taken with stomach trouble—nervous dyspepsia. There was a coldness in my stomach, and a weight which seemed like a rock. Everything that I ate gave me great pain; I had a bearing-down sensation; was swelled across my stomach; had a ridge around my right side, and in a short time I was bloated. I was treated by three of our best physicians but got no relief. Then Dr. Pierce's Golden Medical Discovery was recommended to me and I got it, and commenced the use of it. I began to see a change for the better. I was so weak I could not walk across the room without assistance. I took Dr. Pierce's Golden Medical Discovery and one bottle of the 'Pleasant Pellets.' I began to improve very fast after the use of a few bottles. The physicians who attended me said I had 'dropsy' and that my disease was leading into pulmonary consumption. I had quite a cough, and the home physicians gave me up to die. I thank God that my cure is permanent."
