WILSON LOCALS.

S. T. DANIEL, LOCAL EDITOR.
A WEEK'S NEWS BRIEFLY TOLD FOR BUSY READERS.

Home Matters Picked up on Our Streets by our Reporter—What he Sees and Hears.

—Superior Court convenes on Monday.

—A new sidewalk has been laid in front of Tucker's furniture store.

—The cotton mill is shut down at present for the purpose of putting in a new floor. Mr. J. E. Wilkins has the contract.

—The W. L. I. were out Monday afternoon with a small company. A meeting is called for Monday night. Let every member be present.

—We are glad to learn that the little child of Mr. and Mrs. R. P. Watson, who has been so ill, is better, and trust that it may soon be well.

—By using Hall's Hair Renewer, gray, faded, or discolored hair assumes the natural color of youth, and grows luxuriant and strong, pleasing everybody.

—Several of the younger set of boys have been practicing this week with the intention of giving a "show" in Elm City tomorrow night. Wilson is at the front in all things.

—Wilson was well represented at the Suggs' Grove Picnic on Tuesday. All who attended report a grand time and one of the largest crowds ever seen at such a gathering.

—Quite a crowd of country people were seen in Wilson on last Saturday. They are so busy with farm work that no time is found to "come to town" except on this day.

—The Wilson Book Store has had two attractive signs in aluminum letters put upon the windows. Mr. Alford Peterson did the work. He is the agent in Wilson for this style of advertising.

—Besides the large livery stables, Mr. Lamm is having built between Kemp & Perry's bar and F. S. Davis' office, a two story brick building, which will probably be used as an office. Contractor Wilkins also has charge of this work.

—Mark Farmer won the scholarship to the University offered by the Graded School. Hugh Murray who won it last year but did not accept had the offer extended to the coming session, so there are two scholarships from Wilson this year.

—The fire company were out for practice Tuesday night. They are hard at work preparing for the tournament which is to be held at Fayetteville in a few weeks. Their record for 150 yards and water is 22 seconds—good time when the kind of reel used and condition of the ground are taken into consideration.

—Eleven carrier pigeons belonging to the Penn Homing Club, of York, Pa., were received here yesterday by Mr. D. L. Hardy, the Southern agent. At the time of going to press the birds had not been turned loose but Mr. Hardy, upon instructions, will start them homeward immediately.

Runaway.

Mr. Alvin Clark's mule was standing in front of his ice house Monday afternoon when the military company passed by. The animal became frightened and made a dash to run when the swingletree snapped. He kept going though, and after running a short ways was stopped. The shafts to the wagon and the harness were broken. The mule was not hurt.

Died.

At the residence of its parents on last Friday night May 21st, John Hadley, infant son of Mr. and Mrs. George W. Connor, aged 18 months. The little fellow was only sick a few days when the angel of death visited the happy home and carried away the spirit of the little one. To the bereaved parents we offer our deepest sympathy.

On Monday last at the residence of its parents after a short illness, Roscoe Roberts, infant son of Mr. and Mrs. Frank Felton, aged 4 mos. The funeral was held on Tuesday. We offer our sympathy to the bereaved parents.

What It Means.

When we advertise that we will guarantee Dr. King's New Discovery Electric Bitters, Bucklen's Arnica Salve, or Dr. King's New Life Pills, it means that we are authorized by the proprietors to sell these remedies on a positive guarantee, that if purchaser is not satisfied with results, we will refund the purchase price. These medicines have been sold on this guarantee for many years and there could be no more conclusive evidence of their great merit. Ask about them and give them a trial. Sold at B. W. Hargrave's Drug Store.

Another stemmery.

Tobaccoists outside the State are recognizing the advantages of Wilson as a market. At the opening of the next tobacco season another stemmery will be found in operation. Messrs. W. T. Clark & Co., of Danville, Va., have rented one of the Woodard prizehouses and will fit it up with machinery at once. Such enterprises as this add to the value of tobacco and Wilson is fortunate in having these gentlemen cast their lot with her. The ADVANCE welcomes Clark & Co., and trusts their business may be so prosperous that it will be found necessary to erect a larger building.

"Picnic Week."

This week has been one of picnics. On Tuesday the Presbyterian Sunday School had one at Finch's, while the Baptists took their outing at Barefoot's. Both were well attended by young and old, and all returned late in the evening having spent a pleasant day in the country.

Yesterday the Methodist Sunday School had their annual picnic at Barefoots. Excepting the town picnic last week this was the largest yet held. Wagon after wagon passed passed through town loaded with a happy crowd.

This week will be long remembered by the young people as one of the happiest of the year, having associated with it "barbecue", cake, cream and a good time in general.

Negro Hurt.

Murphy, a negro who drives Mr. E. L. Applewhite's dray, was seriously injured on Monday. He had a large load of hay on the wagon and in driving into Mr. Farrior's livery stable was caught between the hay and the top of the door, being mashed very badly. Dr. Pennington was called upon and at present the sufferer is doing as well as could be expected, yet there are hardly any hopes of his recovery.

NOTICE.

Dentist's Advice as to the Care of Teeth.

The first process of digestion is performed in the admixture of the food with the fluid secreted by the salivary glands during mastication. This first step in the conversion of food into flesh and blood is a most important one.

If the food is not well masticated the stomach cannot successfully perform the second stage of digestion, and the second disastrous effects of malassimilation will soon be apparent, affecting in some degree the whole system. Good teeth are essential to proper mastication, without them the health cannot be maintained in its highest possible degree, and that this truth is becoming more and more appreciated by the general public is evidenced by the advance in dentistry during a few decades, from an humble art to one of the most exacting sciences, with a literature of its own, voluminous, learned and liberal to a degree in that it unusually advocates the instruction of the people in the matter pertaining to the preservation and care of the teeth.

When a tooth has begun to decay you cannot clean it, you cannot stop the decay, you must go to a dentist. When there is an accumulation of tartar on and around the neck of the teeth there is no way to take it off but with the dentist's instrument. The dentifrice may prevent the accumulation, but will not take it off. So make a visit to Dr. D. F. Watson's office; examine and consultation free of charge.

Remember, personal health cannot be maintained in its highest degrees without good teeth.

Caught Him.

A short while ago some one broke into a hardware store at Goldsboro and made his escape. Monday night a strange negro caused some trouble here and was arrested. Upon being searched it was found he had in his possession on or two fine pistols.

A telegram had been received by our authorities with an account of the robbery, so they at once telegraphed Goldsboro they thought the right one was under arrest in Wilson. The chief of police came and found that such was the case. Consequently the prisoner was carried back yesterday morning.
