RECOGNITION FOR CUBA.

The Senate Passes the Resolution of Senator Morgan

BY A NEARLY UNANIMOUS VOTE.

Determined but Futile Efforts of the Opponents of the Measure to Prevent Its Passage—House Passes Appropriation to Relieve Americans in Cuba.

Washington, May 21.—The long and exciting debate on the joint resolution recognizing the existence of a state of war in Cuba, and declaring that strict neutrality shall be maintained by the United States, passed the senate by the decisive vote of 41 to 14 at a late hour yesterday afternoon.

An analysis of the vote shows that the affirmative was cast by 18 Republicans, 19 Democrats and 4 Populists, and the negative by 12 Republicans and 2 Democrats.

Prior to the final vote the motion of Senator Hale to refer the resolution to the committee on foreign relations was

SENATOR JOHN T. MORGAN.

tabled by a vote of 34 to 19. Mr. Fairbanks, of Indiana, then proposed a substitute providing that the president extend the good offices of the United States to Spain toward securing an end to the conflict and the ultimate independence of the island.

The voting occurred after an exciting debate, participated in by Senators Thurston of Nebraska, Elkins of West Virginia, White of California, Fairbanks of Indiana, Hale of Maine, Gorman of Maryland and Spooner of Wisconsin. Mr. Thurston, who presided over the Republican national convention at St. Louis, recalled the stirring scene when that convention enthusiastically inserted a Cuban plank in the platform, and declared that this resolution was in partial fulfillment of the pledges.

This brought Mr. Hale forward for a final protest. He spoke with intense earnestness and feeling, and with a trace of bitterness in his words. He declared that elements opposed to the administration—Democrats and Populists—had furnished the bulk of the vote in favor of the resolution, and that the foreign policy of the administration was thus to be dictated by its opponents.

The Morgan resolution recognizing the belligerency of the Cuban insurgents, which passed the senate last Thursday, will not be acted upon in the house next week. That is the decision of the Republican leaders. They have decided to block the resolution until the plans of the president, which are now maturing, are formulated. There will doubtless be a demand on the part of the minority for immediate action, but they are powerless to secure consideration unless the rules committee will report on special order. This the rules committee will not do.

WORKMEN BURIED ALIVE.

One Man Killed and Several Seriously Injured by Caveins.

New Castle, Pa., May 24.—The big Rosena furnace in this city, owned by Senator Mark Hanna and ex-Senator Cameron, let go yesterday, and a great volume of coke, iron ore and coal came crashing through the roof of the casting house, burying 30 men under the debris.

Others injured are: Samuel Moody, burned and bruised; Mike Petro, head cut in half dozen places and bruises and burns about the hands and arms; William Hanna, head cut and arms almost severed by falling sheet iron; Joseph Love, head a mass of cuts, laying the skull bare in three places; Frank Sheard, head badly cut, legs badly bruised, back burned and arms terribly burned, may result in death. Half a dozen other men were also injured.

About 20 minutes after the accident at the Rosena furnace a cavein occurred at the big 70 foot cut of the New Castle Traction company, that is engaged in making a track to the New Cascade park. Michael Curdy was buried under 75 feet of sand, gravel, clay and rocks, and was dead when taken out. Peter Herinsky was terribly crushed about the shoulders and hips, while his chest was crushed.

Excessive Sugar Production. London, May 24.—A dispatch to The Times from Buenos Ayres says: The sugar industry is threatened with a severe crisis, owing to overproduction. The excess of available exports for the current year is more than 100,000 tons. Telegrams from the Brazilian frontier of Uruguay say that the rebels made a determined stand at Rivera. The government troops tried to capture the town, but were repulsed with severe loss. They are now waiting for reinforcements.

The Chess Playing Statesmen.

Washington, May 24.—The arrangements for the international chess match between selected teams from the British house of commons and the house of representatives are practically completed. The games will, at the request of the English contestants, take place May 31 and June 1. The members of the house have been coached by Mr. Pillsbury, of Brooklyn, the winner of the great international chess tournament at Hastings, England. There will be five players on each side. Although the players in behalf of the house of representatives have not yet been officially announced, it is understood that four of them have been selected—Messrs. Pearson of North Carolina, De Grefenreid of Texas, Bodine of Missouri and Handy of Delaware.

Streetcar Robber Shot Dead.

Tacoma, Wash., May 22.—A single robber yesterday afternoon held up and attempted to rob a car on the Stella-coom Electric line. As he got on the platform he pulled a mask down over his face, produced a revolver and ordered Superintendent Dame, of the motor line, and Motorman Wellman to a compartment in the rear of the car. They complied with alacrity. The robber then ordered the passengers to hold up their hands, and commenced relieving them of their valuables. Superintendent Dame drew his gun and fired through the compartment door at the robber, who returned the fire. The robber dropped dead, with bullets through his lungs and heart. Dame was shot in the arm and a passenger was shot in the leg.

New York's Striking Tailors.

New York, May 24.—No meetings were held at the headquarters of the striking tailors yesterday, and quiet prevailed there. Strike Leader Schoenfeld said that the executive board of the tailors had decided to give permission to strikers to make settlement with the manufacturers. The agreements must provide for only 59 hours of work weekly at a 15 per cent increase. He said that one manufacturer who employed 250 persons would reopen his shop tomorrow under that agreement, and that several others had promised to accede to the demands of the strikers. The Lithuanian Tailors' union, numbering about 1,200, struck today. This makes the total number of strikers about 21,000.

Lynched in His Prison Cell.

Houston, Tex., May 24.—R. W. Stewart, a prominent merchant of Lindale, was recently enticed from his home by a negro and murdered. Effie Jones, a negro, was arrested for the murder, and in a confession implicated Will Jones, a white man prominent in the community. Jones was arrested and placed in jail. Shortly after 1 o'clock yesterday morning a mob broke in the jail doors, went to Will Jones' cell and shot him to death as he sat on his cot. They refused to kill Effie Jones, the negro who killed Stewart, saying that as he did not have the means and influence to escape punishment they would let the law take its course.

Four Years' Strike Ended.

Pittsburg, May 24.—The strike of the American Flint Glassworkers' union, which was inaugurated four years ago, has been declared off. The dispute was over working the "unlimited turn," and of the 7,500 men connected with the American Flint Glassworkers' union 1,900 struck. The strike cost the glassworkers' union over \$1,000,000, and during the four years 400 strikers died. Now that the strike is over it is thought the United States Glass company will reinstate a large number

FATAL NEW YORK FIRE.

Mother and Child Lose Their Lives in a Furnished Room House.

ANOTHER WOMAN FATALLY HURT

She Jumped From the Third Floor to the Ground, and Will Probably Die. Escape of the Dwellers in the House Cut Off by Flames.

New York, May 24.—Two persons were killed and three seriously injured in a fire which started shortly after 4 o'clock yesterday morning in the four story and basement brown stone building at 149 West Twenty-third street. Several persons narrowly escaped death. The dead are: Mrs. Katherine Mossway, aged 32 years, died at hospital from suffocation and burns; Beatrice Mossway, 4 years old, daughter of the former, suffocated in her room.

The injured are: Mrs. Mary C., or Carrie, Bowles, boardinghouse keeper, 28 Hollis street, Boston, dangerously hurt by jumping from a window on the third floor; Miss Macdonald, slightly burned on face.

The building was occupied for both business and dwelling purposes. In the basement is an all night eatinghouse. The Wesner Piano company occupy the first floor, and the upper part of the building is a furnished room establishment, conducted by Mrs. Minnie Curtis.

Before the firemen reached the scene the entire building was filled with flames. The hallways from the first floor to the roof were in flames, and escape by the front door was cut off. Panic seized the inmates of the house. While a tenant named Lamont was crawling along the narrow sill to reach the adjoining house the body of a woman struck a large sign which hung on the outside of the building and to which he clung for support. The sign was torn from its fastenings, and fell with a crash to the street. The woman was Mrs. Bowles, who roomed on the third floor, and had precipitated herself to the street below when she found that egress from the house by way of the stairs was checked by the flames. She was picked up and taken to a hospital. Lamont did not fall to the street. Several other tenants had escaped in the same way.

On the top floor the wildest sort of panic had seized the tenants, among whom were Mrs. Mossway and her daughter. Most of the tenants, including Miss Macdonald and Mr. Phelps, had escaped to the roof.

Mrs. Mossway, who lost her life, was sleeping with her little daughter when she was aroused by the smoke. She ran into the hall and gave the alarm, and then went back after her daughter. When she started to return the smoke and flames drove her again to her room. She attempted to open the window, but it did not yield readily, and she broke the glass with her hands. The window would not open, and even if it had there would have been little chance for her, as it is protected on the outside by iron bars. When the firemen searched the house they found the little girl dead in bed, the mother lying on the floor, blistered by the heat and almost dead from suffocation. She was removed to a hospital, where she died three hours later.

Late in the afternoon Mrs. Bowles recovered consciousness at the hospital, but no hopes are entertained of her ultimate recovery. She arrived in the city three days ago from Boston on a shopping tour. She is about 35 years old.

The origin of the fire is not known, but it is believed that a belated tenant lit a match in the hallway to see his way and carelessly tossed the still burning match away. The damage was about \$2,000.

Presented at Court

A young woman about to be presented at court receives the fullest instructions as to her behavior. She is told how to dress; how to manage her train; how to courtesy correctly. Every incident is carefully rehearsed so that she may commit no blunder in the presence of royalty. If all this trouble is worth while for the satisfaction of one brief moment, how infinitely more important it is that a young girl about to enter into the sacred precincts of womanhood, should be properly instructed in all that concerns a life-time of possible happiness, or possible misery.

Every mother ought to see to it that her daughters are healthy and strong in a womanly way. She ought to make them aware that any neglect or irregularity of the special functions of womanhood may result in life-long weakness and disease. Any mother or daughter may write concerning these delicate ailments, with the utmost confidence to Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. Her letter will be answered free of charge with suggestions for self-treatment at home, by which these complaints may be overcome without need of mortifying examinations. Dr. Pierce has had over thirty years' experience in the treatment of women's diseases, and is an eminent specialist in this particular field of practice. His "Favorite Prescription" cures completely and permanently the most obstinate cases of feminine weakness and disease. It heals all inflamed conditions, strengthens and tones the nerves-centres and the entire womanly organism. For prospective mothers and nursing mothers, the "Favorite Prescription" is a perfect strength sustainer.

Seeking Evidence Against Leutgert. Chicago, May 24.—Charred bones and some old clothing, said to be blood stained, were taken by the police yesterday from a building in the rear of the home of Adolph L. Leutgert, who is accused of wife murder. The bones will be examined to determine if they are of a human body, and the stains on the clothing will be put under chemical test to ascertain whether they are blood stains. The police attach great importance to this find.

JOHNSON'S CHILL AND FEVER TONIC

Cures Fever in One Day.

Toronto's Sunday Streetcars.

Toronto, Ont., May 21.—The streetcars ran yesterday, and were liberally patronized, notwithstanding that there was a steady downpour of rain all day. There was no disturbance or incident of any kind connected with the running of the cars. In view of a decision given by Judge Ferguson Saturday night denying an injunction, it is not likely any further attempt will be made to interfere with the running of the cars. The money taken by the company yesterday will be given to the city hospitals.
