The Late Capt. E. C. Woodson. The Committee of the Press Associan tion, appointed to draft resolutions re-lating to the death of the lamented Woodson, reported the following, which were

WHEREAS, Gs.1, in His infinite mercy and wisdom, has, since our last annual gathering, called from among us and gathered unto Himself one of the bright est of our number, therefore

Resolved. That in the death of our esteemed associate, the press of North Carolion has lost a brilliaut and estimable er presentative, the members of this association a loved companien and endeared triend, and the State a valuable and useful

Resolved. That we deeply and sincerely lament the death of our genial brother that we reverently cherish his memory and trust that his gaujus and goodness may be perpetuate 1.

Resolved, That we retain a remembrance of his mun; good qualities, and take this occasion to extend to his ber aved wife, family and many friends our sincere condolence at his demise.

Resolved, That a copy of these resolutions be spread upon the minutes of this Convention, that a copy be forwarded to the family of the deceased, a copy fornighed the Observer, and the press of the State be requested to capy the same.

BOOK NOTICEN.

The Edinburg Review for July has been republished by The Leonard Scott Publishing Co., 41 Barclay Street, New York. We note the subjects of the principal papers.

1. "Marquess Wellesley's Indian Administration." Recent events have made British India very conspicuous, and this paper will be found to be a useful contribution to a general knowledge of its early history and of the growth of the British power.

2. "The Remains of Edward Edmund J Armstrong." A minute criticism, with numerous extracts, of the poems, lettersand essays of this author, who died at the early age of twenty-three.

3 "Lecky's England in the Eightgenth Century." With certain exceptions, the reviewer expresses his admiration of the industry and good taste with which Mr. Lecky has described the leading features in the social history of England during the first of the eighteenth century,

4 "Origin and Wanderings of the -Gypsica." A very interesting commentary on the historical testimony relating to the Gypsy Irstennity.

5. Primitive Property and Medern So cialism." Admitting the important constributions of fact made by M. de Laveleye to the science of .comparative sociology the writer declares his conclusions and suggestions to be as ansound as they are alarming.

6 "M. Dondan's Letters. These are described as striking pictures of men, manpers and society in France for the past fifty years,

.7. 'Russia sudiRoumania."

"The Gold Mines of Midian." An account of Capt, Surton's expedition last year in search of the same during a fortnight's tour in North Western Arabia. 9. "Finlay s History of @resce."

10. The Constitution and the Crown." The periodicals reprinted by The Leonard Scott Publishing Co. (41 Bar. clay Street, N. Y.) are as follows: The London Quarterly, Edinburg, Westminster, and British Quarterly Reulews, and Blackwood's Magazine. Price, \$4 a year for any one, or only \$15 for all and the pointment at night, postage is prepaid by the Publish rs.

The numbers of Littell's Living Age for mave the following valuable contents: Giardano Bruno and Galileo Galilei, Quarterly Roview, Among the Burmese, Fraser; What the Son is Made of, by J. OFFICE OF PATRICE DAILY, CITT MARSHAL, NEW YORK, June 11th, 1878.

Accelerators a thorough test, single, double, attached them to the rains, to the things ever invented to produce speed and

Morsemen and humanitarians have for years sought to invent attachments for horses' mouths, the former looking prinsingly to speed, the latter seeking relief for the horse from the strain of checks and bits on the mouth. The Accelerators accomplish both, for they remove the permanent strain of checks and bits from the mouth and head of the horse by imparting the proper clasticity, which the whether trotters, roadsters, coach or bus ngss horses, should use them. Any horse ecommend them to every one awning

Hoping you will succeed in establishing what I firmly believe to be the best thing ever devised for horses, is the wish of one thoroughly convinced of their useful
