They had been rambling over the hills, ers that their fears were realized - it was

ue wind, no rain.

storm hal come.

growing blacker as it rose in height. Still

Then, under the low-hanging blackness,

along the lace of the sea, told that the

the wind and raging for prey.

On she came, the fosm fiving over her

and often hiding her from view; and still

the stray sights given had told the watch

Such 1s Life.

Of this ever changing life, Pushing, crowding in the struggle, Fainting, falling the strife.

Where are hearts that once were joyful Now to them no gladness comes.

Oh, the sighing and the weeping In the sad and broken homes,

Ob, the watching and the watting

For the brighter days to dawn, For the dark and weary shadows. To give pisce to beauteous morn.

Oh, the hoping and the wishing

For the st rms to pass away, When the sun in all his splendor,

Ushers in the new born day.

Oh, the dreaming and the waking,

Wake, to struggle on alone.

Of this rostless human tide, Toss'd about on foaming billows,

Reach at last the other side.

THE ECHO IN HER HEART.

John Holt was in love; aud, as he was

one of that class who never do anything

by balves, when he concluded to let the

charms of Sarah Pentley rule his happi-

authority for its people on all points save

Sarah Pentley was like her lather, brave

generous, proud; and perhaps it was for

this reason that, although John Holt was

I said 'perhaps,' but it might have been

because she had not weighed the matter,

or analyzed her own feelings. She had

liked the young skippe ; who had sup

ported his mother and sister lor a long

years, and still found time to sturdy both

books and nature, so that when he was

twenty-five he was looked upon as an au-

the people. He was trusted, too, aud one

S rah Pentley knew this, and knew

money laid by; she knew, too, that he was

a good companion, and many a pleasant

s roll had they taken across the sands,

But she had rever thought of love in

su p ised, and retured him.

connection with him, and when John the Spray,

and had come to a point from whence the the Spray.

thority, and loved and respected by all the clouds held firm.

fishing, physic and theology.

a good match, she retused him

Oh, the obbing and the flowing

As on wings of time we're borne,

Dream, that loved ones still are near us

Oh, the hurry and the worry,

WELDON, N. C., THURSDAY, JANUARY 8, 1880.

There was much wonder when it was partially protected by the wrecking vesknown that John Holt had sailed to soon, sel. Holt should out his wishes and but none guessed the cause.

the Spray was doing better than ever beschooner broke up, and the spars and planks mingled with the yeasty foam,

Other crafts called at the harbor, and Waves broke over them, fragments stayed a lew days; and such previous to the wreck dashed against them, still they this season had been John Holt's custom; felt that they were going on toward safety. and on the beach strong hands were waitbut the summer passed and he came not. The season was over, and the sutumnal ing to se ze the line and bring them breaker. equinox at hand, and still the Spray was ashere.

Hands that were so eager that their There came a day that will always be owners waded out into the surf, to be remembered at Rough R at Beach-one of dashed back on the sards.

At last the boat, still forced on by its ness," those days that take a hold on times and acts, and become marks in the yearsweary but un launtel mistress, rese on a known as that of the great flood,' or 'the heavy roller, and came rushing up the cove, to be grasped and held firmly against
