

THE ROANOKE NEWS

THURSDAY AUGUST 6, 1891.

"We had not seen a copy of the Weldon News in a month or two. But did not we make haste with it?"

The ROANOKE NEWS is mailed regularly to the Messenger every week. There are some Weldon boys in the Messenger office and we suspect they "cabbage" it, as the NEWS is always in demand.

A Farmers' Alliance store in South Carolina failed some time ago and as it was under the auspices of the order creditors were told that the Alliance had none of the responsibility of the concern but that the managers must be looked to personally.

SECRETARY JOHN W. NOBLE, of the Interior Department, has tendered his resignation. It is said that his resignation was on account of delicate health which will not allow the Secretary to attend to the duties of the Department as fully as he should without endangering his life.

It is generally believed now that Mr. Blaine, while not seeking the Republican nomination for President, will accept it if tendered him by the next convention. It is said that his candidacy was first suggested by people who are not friends of his, but who wanted to use him merely to defeat Harrison.

TEXAS has by legislative enactment denied to aliens the right to acquire title to and hold land, and the results of the law are not as satisfactory as were hoped for, it seems. A vast amount of foreign capital is preparing to withdraw from the State, as no one will lend money on land when not allowed the right to possess the security given.

BENJAMIN GASTON, a colored native of Georgia but who emigrated to Liberia in 1867, is now in this country with a scheme to induce the negroes to go to Liberia which, he says, is a splendid country and the government of which offers inducements to emigrants.

Ex-Senator Bruce says that the negroes will not go to Liberia, that they were born and raised in America and in America they will stay. This is the fifth movement of the kind, the first having been started seventy years ago, and yet there are fewer than twenty thousand American born negroes in Liberia.

W. R. VAUGHAN, of Nebraska, delivered an address before a colored audience in Washington City last week in which he proposed that negroes should demand pensions from the government for all ex-slaves.

It continues to rain and crops are sorry. Dr. G. E. Matthews and two sons, will probably visit Wrightsville tomorrow (the rain permitting them.) The Dr. gets plenty of practice. He has had his hands full and now needs some rest from his labors.

It is proposed to hold a convention of the farmers of the South in Atlanta on the first Wednesday in September to consider:

- 1. The cotton acreage, can it be regulated and controlled?
2. The gathering and handling of the farm, can it be improved?
3. The shipping, grading and selling of our staple, can it be regulated and adjusted as to do equal justice to both producer and consumer?

The election in Kentucky on Monday resulted in the success of the Democracy by the usual majority. The Third Party had a small vote, taken chiefly from the Republican ranks.

PANACEA SPRINGS.

THE CROPS, SOME IMPROVING OTHERS NOT—THE SUGAR TRADE—A HORSE RUNS AWAY.

The weather continues rainy and the crops are suffering for the last working. Corn has improved very much tobacco is good, I can say little about cotton till later on.

The hotel is crowded with guests and they are having a gay time at present.

The merchants are again buying large lots of summer. It is surprising where so much of it comes from.

Mrs. Helen Owens' horse ran away with her a few days ago. She is an expert with the ribbons, but her horse was not accustomed to a roadcart.

RINGWOOD.

PICNIC—SUNDAY SCHOOL CELEBRATION—ADDRESS—CROPS—PERSONAL.

There was a most enjoyable Sunday school picnic at the Bat. F. Arrington school house near here on Friday last. The managers did everything in their power to make the large crowd enjoy themselves and well did they succeed.

Late in the evening the large crowd dispersed well pleased with the day so well and happily spent and hoping to have many such days in the future.

Prof. W. C. Pullen, long a teacher and well known in Nash and other counties and who is visiting friends and relatives around his old home, was present and enjoyed the occasion and the meeting of old friends very much.

Dr. G. E. Matthews and two sons, will probably visit Wrightsville tomorrow (the rain permitting them.) The Dr. gets plenty of practice.

A picnic at Medoc on Thursday was much enjoyed. Miss Fannie Weller, a noble young lady of Littleton, aged about 18 years, died in that place on Friday morning and was interred in the Episcopal cemetery at Ringwood, Saturday the 1st.

HE CAUGHT IT. AND THE LADY IN FRONT OF HIM WISHED HE HAD MISSED HIS MARK.

A gentleman who attended church at Camp Ellis last Sunday evening came near breaking up the meeting and spoiling a love of a bonnet at one fell swoop. He sat serenely in his pew and found the services very enjoyable until the mosquitoes began to interfere.

Up went the right hand and the bug took his departure to reappear on the other end. It was no use, the restraint of a lifetime was thrown off and with a mighty thrust out went the right hand and smothered at the little offender when, to the consternation of two people and the irrepressible amusement of a score of less devout worshippers, the gentleman found in his hand the feather of a lady's hat and the lady felt her hat violently wrenched from her bowed head.

Dyspepsia

Few people have suffered more severely from dyspepsia than Mr. E. A. McMillan, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year I had developed into acute dyspepsia, and soon I was reduced to 102 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion."

Intense Suffering

I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla.
