

THE ROANOKE NEWS.

THURSDAY SEPTEMBER 17, 1891.

NEWS OF THE WEEK.

ITEMS PICKED UP FROM EVERYWHERE SINCE OUR LAST ISSUE.

A citizen of Hart county, Ga., who is over 100 years old, has lived within five miles of his birthplace all of his life.

According to expert figures the permanent tramp population of the United States number 60,000.

The Liverpool Journal of Commerce is informed that the engineering world will shortly be started by the appearance of a new engine that will revolutionize motive power.

Chicago's saloons are open Sunday. The closing of the World's Fair on that day would greatly increase the saloonist's business. The lawless elements are not advocating an open fair; the principal plea for it come from the law and order people.

A company is being formed in Ohio to pipe Lake Erie water through central and southwestern Ohio to Cincinnati, taking in the most important cities and towns along the route. The company is composed of prominent capitalists. The purpose is to supply the inland cities and towns with pure lake water. The point from which it is to be piped is Sandusky.

Final preparations have been made and everything is now in readiness for the meeting of the Sovereign Grand Lodge of the Independent Order of Odd Fellows, which will attract thousands of visitors to St. Louis during the six days it continues, of this month. An interesting programme for the meeting has been prepared.

Every housekeeper who found it necessary during the past six weeks to add to her stock of glass fruit jars got excited when she went to make her purchases. Last year she could buy as many as she wanted at 75 cents a dozen. Now her dealer wants to charge three times as much. The Whitney Glass Works, of Glassboro, N. J., the largest fruit-jar works in America, has full control of the market, and prices are being boomed as never before. The concern is credited with having already raked in nearly \$200,000 in profits.

Artificial frost prevention is now suggested as an outgrowth of Senator Farwell's scheme for artificial rain production. Mr. L. C. Kniffen, of Chicago, has written a letter to Secretary Rusk on the subject. His theory is that clouds of artificial mists prevent the radiation of the heat from the earth. He suggests that the machinery and tools used by Colonel Drydenfurth in causing rain be tested as a means for bringing the clouds closer to the earth and of creating a sort of fog, which will be a preventive against the ravages of frost.

"The best protection a young woman can have in this city," said a big policeman on the Broadway, New York, squad yesterday, "is one of those little silver crosses that the King's Daughters wear. I've noticed that nowadays the professional washer will look first at the bosom of a woman's dress, and if that little cross is dangling from a button-hole he passes her by without even a stare. It's the same way on street cars as on the street. The young woman who wears one of those badges has got the whole car load of men to take care of her and jump on the fellow that dares to annoy her. The cross is getting to be looked on with the same respect and deference as a nun's garb. As a safeguard it beats the average policeman all hollow."

THE MEDICAL PROFESSION.—The attitude of the medical profession toward what is known as "patent medicines" is not at all unreasonable. Thousands of these nostrums are offered to the public every year. Some of them are dangerous, and most of them are futile. Swift's Specific (S. S. S.), we are glad to say, is not classed among these nostrums. It has overcome the wholesome prejudices of physicians in all parts of the country, and some of the strongest testimonials in its behalf come from medical men who have used in their practice, and who do not hesitate to endorse its wonderful results. This is extremely gratifying, but by no means astonishing, for every claim that is put forward in behalf of S. S. S. is based on a series of actual experiments extended over a long period of time.

ADVERTISEMENTS.

READ! READ! READ!

LIQUID ENAMEL PAINT.

HAS BEEN IN THE MARKET 22 YEARS.

MIXED READY FOR USE.

ANY ONE CAN APPLY IT.

Wilson, N. C., Sept. 8, 1876.

Mr. C. P. Knight, Baltimore, Md.

Dear Sir:—In reply to your letter as to the merits of the Liquid Enamel Paint, it affords me pleasure to say it has given entire satisfaction, so much so it has converted the painter that applied it. In fact the opposition to it was so intense when I was about to buy, I should have likely bought lead and oil had I not have known you so many years and having great confidence in your integrity.

Yours truly,

K. R. COTTEN.

ARMSTRONG, CATOR & CO.,

WHOLESALE MILLINERS,

Baltimore, Md., 1884.

Mr. C. P. Knight, Sole Agent, N. J. E. Paint Co., Baltimore:

Dear Sir:—In January 1878, our store was painted with the Liquid Enamel Paint made by the New Jersey Enamel Paint Company. We used tints that generally show the effects of exposure, but the paint has retained its color, gloss and freshness. We shall take pleasure in using it in the future.

Yours truly,

ARMSTRONG, CATOR & CO.

Chapel Hill, N. C., Jan. 9, 1884.

Mr. C. P. Knight, Baltimore:

Dear Sir:—I take pleasure in stating that I have used, with much satisfaction, your Liquid Enamel Paint on our dwelling house in this town, and can confidently recommend it to all who would like to see a beautiful and durable paint for any purpose.

Very respectfully,

E. B. MARTIN.

JOHN ROBINSON, J. A. LEAR, President, Treasurer.

JOHN T. PATRICK, Secretary.

DIXIE AGRICULTURAL & MECHANICAL FAIR ASSOCIATION.

Wadesboro, N. C., Nov. 21, 1879.

Certificate of merit awarded to C. P. Knight, Baltimore, for best prepared paint, being the New Jersey Enamel Paint, exhibited at the Dixie Fair of November, 1879.

Petersburg, Va., Dec. 16, 1889.

Mr. C. P. Knight, Baltimore:

Dear Sir:—We have used the Liquid Enamel Paint made by the New Jersey Enamel Paint Co., which I purchased through you, and we found it first class in every particular, and it justly deserves all that is claimed for it as to beauty, durability and economy.

Yours, etc.,

LEROY ROPER & SON.

Woodsboro, N. C., Oct. 23, 1877.

C. P. Knight, Esq.:

The Paint, Liquid Enamel, reached me promptly. I will state that it has given entire satisfaction to both myself and painter. I regard it as the best in use as to quality and economy and I can unhesitatingly recommend it to all who desire entire satisfaction.

Very respectfully,

R. H. READ.

Baltimore, Dec. 18, 1880.

C. P. Knight, Esq., Baltimore:

It gives you great pleasure to certify to the good qualities of your Liquid Enamel Paint, made by the New Jersey Enamel Paint Co. After using the old style paint for a number of years, we were induced to try your paint by those who had used it. We have now been using it some six or seven years, both for inside and outside work, and it gives entire satisfaction.

Yours respectfully,

DEFORD & CO.

C. P. KNIGHT,

SOLE GENERAL AGENT,

No. 102 South St., one door South Lombard St. BALTIMORE, MD.

(Sample Cards furnished by mail gratis) sep-23-91.

S. H. HAWES'

COAL ELEVATOR,

Richmond, Va.

THE ONLY COAL ELEVATOR SOUTH.

There are seventy-five screens in the building.

No dust or dirt can possibly get into the Coal as it runs over these screens in passing from the Elevator into the carts.

Consumers get their coal dry and perfectly clean.

I have now and shall always keep on hand, a large stock of all kinds of coal best suited for foundry, factory and family use.

All coal selected and of best quality.

Prompt shipments. Orders solicited.

The railroad cars run alongside the Elevator, and the Coal is loaded into them there, thus lessening the cost to the trade Southward West.
