COMMITTEE MEETING.

WELDON, N. C. April 6th.

Notice is hereby given that the County Democratic Executive Committee is called to meet at Halifax Friday, the 15th inst., to fix the date of the County Convention and for the transaction of such other business as may properly come before it.

As this will be an important meeting every member is earnestly requested to be present.

I. E. GREEN, Ch'm'n. Dem. Ex. Com., Halifax County.

Following is a full list of the committee:

- Brinkleyville—S. S. Norman. Butterwood—A. E. Carter. Conococheague—J. A. Norfleet. Enfield—J. Cohen, Sr. Faneetts—W. C. Daniel. Littleton—C. D. House. Palmyra—H. N. Clark. Rosemeath—B. M. Bradley. Scotland Neck—A. B. Hill. Weldon—R. W. Brown.

A meeting of white Republicans representing thirteen counties was held at Wilmington a few days ago and R. M. Norman, G. W. Stanton and D. L. Russell were appointed a committee to issue an address to the Republican voters of the State expressing the views of meeting on the political situation.

The address says the Republican party in all the negro belt is weaker to-day than it has ever been since the day of its birth. New men who have started to it have been driven back by the vision of negro supremacy.

The most hopeless Democratic counties are the negro counties. In North Carolina there is no Republican party worth mentioning except that which is comprised of white men in white communities.

Many of the best Federal officers have been given to colored men. While they profess not to complain of this and say it is perhaps but simple justice, yet they say in distributing this favors the preferences and sensibilities of white Republicans, as well as of the white people generally, have been ignored and despised.

The administration has been misled by the advice of unscrupulous politicians with whom honorable men will not associate. White Republicans feel, while admitting the justice of recognizing all elements in the distribution of party rewards, that they should not be humiliated by the appointment of black men whose conduct makes them offensive to the white people of their communities.

They say that the tendency of the negroes now is to elevate the most corrupt negro element to the control of the party in the black counties. This policy established the party becomes in Eastern North Carolina simply a negro party, comprising not all the colored people but controlled by the most ignorant and vicious and corrupt elements of the race.

"From this dismal outlook," says the committee, "there is but one escape, and that is to so manage Republican policy so as to invite a break in the now substantially solid white vote." The policy suggested is to cease to contend against the white people for the control of negro communities but held to the principles of the national party; to discourage the nomination of a State ticket and oppose the nomination of county tickets in the negro counties this year.

The committee appeals to the colored people to adopt this policy and thereby defeat the schemes of Democratic leaders who seek to solidify the whites by pointing to the solidity of the blacks, and of certain noisy negroes who seek to drive the white men out of the party.

If the Wilmington meeting be sincere in the suggestions contained in the address it authorized the committee to issue, the salient points of which are given above, the gentlemen who composed that meeting and those whom they represent have completely turned their backs on the negroes who furnish ninety-nine one hundredths of the Republican votes in the eastern part of the State and judging from the address, the sole reason they have thus thrown the negro overboard and abandoned him is because the negroes, tired of being the political hewers of wood and drawers of water for their white leaders, have asserted themselves and thereby obtained a share of the fat things which they, by their votes, have placed in the hands of the Republican party for distribution among the faithful.

They ask the negroes to make no nominations for county offices, and yet of these offices are most profitable, they ask them to remain true to national party and vote for a Republican president while they denounce the administration for giving the negroes the few minor Federal offices which they hold.

But are these gentlemen sincere in their advice? Are not they preparing a trap for the Democrats? Does not their address indicate that they want the offices themselves, and will they leave nothing undone to secure them? Does it not appear that they are very willing to sacrifice the local offices which the negroes rightly insist on filling with men of their own color, in order that they, the white leaders, may at the last moment bring out a State ticket composed of white Republicans and rally the negroes to its support in order that these white Republicans may get the State offices? The negroes may take the advice contained in the address so far as the local offices are concerned, but it is hardly probable that the white Republicans of the West will heed it when they come to decide about putting a State ticket in the field.

A conference of Republicans was held at Raleigh last week and one of those present whose name was not given is reported as saying that Republican prospects depend on the action of the Third party. That means that they will have a full State ticket in the field if they see any possibility of electing it, and that such possibility will exist if the white people split.

John Williamson, a colored politician of Raleigh, said in a recent speech that the white people were splitting to pieces and as soon as the gap was wide enough the negroes could slip in, and on this account he advised the colored people to stand solid.

All of these rumors and indications should furnish food for serious thought to the white people of North Carolina who remember the disastrous Republican government of the State and counties.

WITH this issue the ROANOKE NEWS begins its twenty-third annual volume, the eleventh under its present management. Its course in the past is its guarantee for the future.

S. S. CONVENTION AT NEW BERN. MESSRS. EDITORS:—I believe the press of North Carolina expressed itself as being ever ready to do its part in extending the cause of Christianity in the betterment of the people of our State in her respective counties.

As a delegate from Halifax county I attended the convention of S. S. workers at New Bern, and with your consent and help, will make a report of some things through your paper to our people in this wonderful old county—and as persons generally like short articles I expect I had better adopt the installment plan and give you a little each week until I am through. We adopted a constitution during the sitting of the conference.

This N. C. State Sunday School Association is an auxiliary to the International Sunday School Association. Its objects are to secure the attendance of every child and youth in the State upon a Sunday school; to encourage the establishing of such new schools as may be necessary, and to co-operate with all fellow workers in increasing an interest in Bible study, and in S. S. work generally. The ultimate end of all is to save and make useful in Christ's Kingdom the youth of our State.

The statistics show 400,000 minors in our State without any S. S. home for instruction. This interdenominational association calls upon all denominations to help and get helped in this great work. I saw on the map of this great State of N. C., which hung in one end of the Convention room 14 different denominational S. S. represented Union, Friends, Baptists, Lutheran, Christian, Moravian, Methodist E., Episcopal, Presbyterian, German Reform, Wesleyan Methodist, M. Protestant, Reformed Presbyterians and Lutheran Evangelical Association. w.

RINGWOOD. A few of our farmers have planted corn. Gardening is very backward. Several farmers of considerable hands will plant no cotton. I think not more than half will be planted as heretofore.

Are not the roads in the county worse than for years? They are so, only around here it takes a very good man to drive over them and refrain from sin.

The Rev. Dr. Smith came up Friday and will remain for a few days. He preached an excellent sermon on Sunday. A Republican meeting in town Saturday brought out quite a crowd of voters. The usual caucuses loquendi was indulged in and delegates appointed.

It is unfortunate that this year, so hard on the masses financially, is a political year. The time consumed in political brawlings and meetings, which is worse than lost on the average voter as they get none of the spoils and but little recognition after election, could be much better spent following a one-eyed mule or a bobtailed steer and pan out more when the leaves begin to fall. G. E. M.

PANACEA SPRINGS.

Died at the residence of Samuel J. Clark, at Enfield, the 25th ult., that dear good Christian woman Mrs. Nannie Alston, daughter of the late Plummer Alston, of Warrenton, and widow of the late Dr. Thomas H. Clark, of this place, aged 38 years.

The farmers are busy planting corn this fine weather and if we can only squeeze through the next four months we believe an abundance will be made for home and some to spare. The fruit crop has not been injured up to date.

A farmer sold a bale of cotton to a merchant yesterday for the small sum of fifteen dollars. Brethren don't plant it.

The political thunders are beginning to rumble about the horizon and very soon the mighty waves of excitement will be surging over the land. \* \* \*

ENFIELD.

Our streets and stores are quiet to-day. Farmers at home and at work.

Bishop Lyman is in town and will hold his annual service in his church to-day.

Trade dull. We see this a. m., some of our merchants on their way to Fishing Creek, others returning from Beaver Pond, others repairing old canoes and still others knitting nets. So mote it be.

A colored child was burnt to death in our town one day last week by falling into the fire.

The contract for carrying the mail to Heathville, Ringwood, Medoc and Brinkleyville has been given to Cary Pender, one of our colored citizens, for three hundred and eighty-five dollars, cheaper by one hundred dollars than it is carried now by Mr. James Benton, who has been carrying the same for nineteen years.

Mr. Tom Harrison and Dr. G. E. Matthews, of Ringwood, are in town to-day. The former gentleman had his foot mangled in a runaway some time ago, but he says it is getting well fast.

Two car loads of hay arrived here again last Saturday for some of our merchants. Why cannot our farmers raise it? Would it not pay better than to make cotton at 5 cents a pound?

The parties from Virginia mentioned in your paper last week, as looking for timber have bought several lots of it around here, and they are going to bring several mills here to cut it, and will build a tram road from their mills to this town, and they may have a planing mill here.

Mr. Walter Pittman is very sick yet. M.

If he (being a married man) dreams of some fearful, mysterious danger, it is a sign that his mother-in-law is coming to spend a few days with her darling little daughter.

NEW ADVERTISEMENTS. Makes the Weak Strong. The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes that tired feeling, creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

Fagged Out. "Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." E. C. BROOKER, Editor Enterprise, Belleville, Mich.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Insist upon having Hood's Sarsaparilla.

Sold by all druggists, \$1.00 per box. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar.

LIQUID ENAMEL PAINT. HAS BEEN IN THE MARKET 23 YEARS. MIXED READY FOR USE. ANY ONE CAN APPLY IT.

Wilson, N. C., Sept. 8, 1876. Mr. C. P. Knight, Baltimore, Md.

Dear Sir:—In reply to your letter as to the merits of the Liquid Enamel Paint, it affords me pleasure to say it has given entire satisfaction, so much so that it has converted the painter that applied it. In fact the opposition to it was so intense when I was about to buy, I should have likely bought lead and oil had I not have known you so many years and having great confidence in your integrity.

Yours truly, R. R. COTTEN. ARMSTRONG, CATOR & CO., WHOLESALE MILLINERS, Baltimore, Md., 1884.

Mr. C. P. Knight, Sole Agent, N. J. E. Paint Co., Baltimore. Dear Sir:—In January 1878, our store was painted with the Liquid Enamel Paint made by the New Jersey Enamel Paint Company. We used this paint generally and the effects of exposure, but the paint has retained its color, gloss and freshness. We shall take pleasure in using it in the future.

Yours truly, ARMSTRONG, CATOR & CO. Chapel Hill, N. C., Jan. 9, 1889. Mr. C. P. Knight, Baltimore.

Dear Sir:—I take pleasure in stating that I have used, with much satisfaction, your Liquid Enamel Paint on our dwelling house in this town, and can confidently recommend it to all who would like to use a beautiful and durable paint for any purpose. Very respectfully, E. B. MARTIN.

JOHN ROBINSON, President. JOHN T. PATRICK, Secretary. DIXIE AGRICULTURAL & MECHANICAL FAIR ASSOCIATION. Wadesboro, N. C., Nov. 21, 1879.

Certificates of merit awarded to C. P. Knight, Baltimore, for best prepared Paint, exhibited at the Dixie Fair of November, 1879. Petersburg, Va., Dec. 16, 1880. Mr. C. P. Knight, Baltimore: Dear Sir:—We have used the Liquid Enamel Paint made by the New Jersey Enamel Paint Co., which I purchased through you, and we found it first class in every particular, and it justly deserves all that is claimed for it as to beauty, durability and economy.

Yours, etc., LEROY ROPER & SON. Woodsword, N. C., Oct. 29, 1877. C. P. Knight, Esq.: The Paint, Liquid Enamel, reached me promptly. I will state that it has given entire satisfaction to both myself and painter. I regard it as the best in use as to quality and economy and I can unhesitatingly recommend it as such. Very respectfully, R. H. HEAD. Baltimore, Dec. 18, 1880.

C. P. Knight, Esq., Baltimore: It gives me great pleasure to certify to the good qualities of your Liquid Enamel Paint, made by the New Jersey Enamel Paint Co. After using the old style paint for a number of years, we were induced to try your paint by those who had used it. We have now been using it some six or seven years, both for inside and outside work, and it gives entire satisfaction.
