CLEVELAND'S STRENGTH.

Some of the papers anxious for the nomination of Mr. Cleveland are claiming that he already has 737 of the 900 delegates composing the national convention and that therefore his nomination is assured without the consent of New York.

We have not the means at hand now to verify this claim, but admitting it to be true, it is very great evidence that his nomination is equivalent to an election? We think not, for the reason that many of the States which it is now claimed will vote for Mr. Cleveland in the convention will not vote for him at the polls.

For timepassed the county and sub alliances of Georgia have been endorsing the people's party movement under direction of leading alliance men who are also Third party leaders.

This is in direct conflict with the constitution of the alliance which prohibits anything like political action, and recognizing this the State Executive Committee has unanimously passed a resolution demanding that all alliances which have taken such action rescind it promptly or surrender their charters.

The alliance is not partisan, it says in its constitution that the members will not be interred with in the exercise of their political opinions.

This means that a man can be a good alliance man and still disagree with his brethren on important questions.

The sub-treasury is not a test of what constitutes a good alliance man, neither is the land loan scheme, the St. Louis platform, or various other measures which are advocated by members of the order.

Members have a right to differ upon any question of means, all are or ought to be actuated by the same purpose.

Is it not time for the District committee to meet and appoint a time and place for holding the Democratic Congressional convention of this district, or will there be no convention until later?

How? This.

voted for President. Nebraska, always Republican; Iowa always Republican; Kansas always Republican; the Pacific slope—California, Colorado and Oregon—gives twelve electoral votes. These votes have always been given to the Republican party except that California voted for Hancock in 1880 and in 1868 Oregon voted for Seymour.

The number of Democratic electoral votes given by States in the above table is sixty-seven. They are Connecticut 6, New Jersey 9, Missouri 16, Kentucky 13, Tennessee 12, Texas 13. The number of votes in the electoral college is 444—necessary to a choice 223. Of the 223 electoral votes necessary, therefore, to the election of a Democratic President the States mentioned in the above table which give Mr. Cleveland 737 votes in the National convention only furnish sixty-seven.

It is true that States whose electoral votes go to the Republican nominee have as much weight and influence in the conventions which select the Democratic nominees as those States which vote with the Democracy, but it is equally true that hopelessly Republican States should not attempt by mere force of numbers to nominate a candidate who is not popular and may not be able to hold all the Democratic States in line.

Mr. Cleveland is a great man, he made a great President, and would again be a great Chief Executive, but what is needed is a candidate who can be elected. Mr. Cleveland with all his greatness can be of no avail unless he can hold the Democratic States and win a few Republican States. His friends claim that he can do this, but they do not and cannot prove it.

Mr. Cleveland has not thus far shown that he can do this, his strength in the convention yet appearing chiefly in Republican States. We believe all these facts make Mr. Cleveland a weak candidate.

We believe Mr. Hill is the strongest man to nominate, and we believe he will be elected if nominated. He has every requisite of success. Nominate him and he will hold the Democratic States while making inroads into Republican strongholds.

NOVELTIES IN WATCHES.

TWO IMPROVEMENTS UPON AN ANCIENT WONDER OF MECHANISM.

One of the most ingenious and inexpensive novelties of the day is a gun metal watch, keyless, and showing upon its face, through small apertures, the day, date, month and state of the moon. The watch requires only to be wound in the usual way, and when the hour of twelve o'clock—midnight—arrives, with a slight click the day and date change in a magic, although automatic, manner.

Dyspepsia

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion.

I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, it had cured his wife of dyspepsia.

I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

N. B. If you desire to take Hood's Sarsaparilla do not be induced to buy any other.
