PLATFORM OF THE DEMOCRATIC PARTY RESOLVED, 1. That the Democracy of North Carolina reaffirm the principles of the Democratic party, both State and National, and particularly favor the free coinage of silver and an increase of the currency, and the repeal of the internal revenue system. And we denounce the McKinley tariff bill as unjust to the consumers of the country, and leading to the formation of trusts, combines and monopolies which have oppressed the people; and especially do we denounce the unnecessary and burdensome increase in the tax on cotton ties and on tin, so largely used by the poorer portion of the people. We likewise denounce the iniquitous force bill, which is not yet abandoned by the Republican party, but is being urged as a measure to be adopted as soon as they regain control of the House of Representarives, the purpose and effect of which seure will be to establish a second pe-

of reconstruction in the Southern ates, to subvert the liberties of our people and inflame a new race antagonism and sectional animosities.

2 That we demand financial reform, and the enactment of laws that will remove the burden of the people relative to the existing agricultural depression, and do full and ample justice to the farmers | Carr, 127; Jarvis, 3 3-10. and laborers of our country.

3 That we demand the abolition of national banks, and the substitution of legal tender treasury notes in lieu of national bank notes, issued in sufficient volume to do the business of the country on a cash system, regulating the amount needed on a per capita basis as the busi- deriio, 27; J. S. Carr, 243 9-10; Elias ness interests of the country expand, and Carr, 627 3-10.

that all money issued by the government shall be legal tender in payment of all debts, both public and private.

4. That we demand that Congress shall pass such laws as shall effectually prevent the dealing in futures of all agricultural and mechanical productions; providing such stringent system of procedure in trials as shall secure prompt conviction and imposing such penalties as shall secure most perfect compliance with the law.

5. That we demand the free and unlimited coinage of silver.

6. That we demand the passage of laws prohibiting the alien ownership of land, and that Congress take early steps to devise some plan to obtain all lands now owned by aliens and foreign syndicates; and that all lands now held by railroads and other corporations, in excess of such as is actually used and needed by them, be reclaimed by the government and held for actual settlers only.

7. Believing in the doctrine of "equal rights to all and special privileges to none," we demand that taxation, national or State, shall not be used to build up one interest or class at the expense of another. We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all revenue, national, State or county, shall be limited to the necessary expenses of the government economically and honestly administered.

8. That Congress shall issue a sufficient amount of fractional paper currency to facilitate the exchange through the medium of the United States mail.

RESOLVED, That the General Assembly pass such laws as will make the public school system more effective that the blessings of education may be extended to all the people of the State alike,

Mr. Charles McDonald, of Cabarrus made a motion that the platform be adopted by acclamation. There were cries of "No." A delegate from Haywood sent forward the following plank: "That we demand a graduated tax on innd then a motion was made that the platform as thus amended be adopted by a rising vote.
