ADVERTISEMENTS.

DYSPEPSIA

Is that misery experienced when suddenly made aware that you possess a diabolical arrangement called stomach. No two dyspeptics have the same predominant symptoms, but whatever form dyspepsia takes

The underlying cause is in the LIVER,

and one thing is certain no one will remain a dyspeptic who will

It will correct Acidity of the Stomach, Expel foul gases, Alleviate Irritation, Assist Digestion and at the same time

Start the Liver working and all bodily ailments will disappear.

"For more than three years I suffered with Dyspepsia in its worst form. I tried several doctors, but they afforded no relief. At last I tried Simmons' Liver Regulator, which cured me in a short time. It is a good medicine. I would not be without it."—JAMES A. ROANS, Philad'a, Pa.

SHERIFF'S SALE OF LAND.

Under and by virtue of the executions in my hands issued from the Superior court of Halifax county, N. C., both in favor of Cardozo, Aloop, Moseley & Co., and against J. O. Heptinstall, I have levied upon and will sell at public auction for cash at the court house door in Halifax, N. C., on Monday, November 14th, 1892, that being the 1st day of November Superior court, all the right, title and interest of the said J. O. Heptinstall in the following real estate situated in said Halifax county, to-wit:

1. In all that tract of land known as the home tract of the late J. W. Heptinstall, containing 2000 acres, save and except 400 acres, thereof allotted to the said J. O. Heptinstall as a homestead said land adjoining the lands of W. W. Butts, J. N. Morris, R. A. Patterson and B. A. Lavender.

2. In all that tract known as the Jackson tract adjoining the lands of—Snitter et al.

3. In the tract known as the Murphy place, and adjoining the lands of Wm. Travis and R. J. Boyd.

4. The Powell Plantation of 744 acres, adjoining Norman Powell, George Massey and J. H. Wood, deceased.

5. The John Faulcon place of 217 acres adjoining James Faulcon and James E. Glasgow.

6. The Piney Fork place of 84 acres, adjoining Buck Hux and R. J. Lewis.

7. A tract of 35 acres, near W. L. Mcmill.

8. The place where T. J. Hamill lives, of 111 acres.

9. The Dr. Green place now connected with the Wintery place, of 434 acres, near Roper's Springs, adjoining the lands of John Thomas and John Dillehay.

10. The place where Henry Higgs, Jas. Alston and others lived, of 500 acres, adjoining W. E. Bowers, and R. A. Patterson.

11. The tract bought of John M. Thorne and wife.

A tract containing 40-50 acres, lying near Gaston, purchased from Ida Dillehay.

12. A tract containing 31 1/2 acres purchased from Canby and wife, and the reversionary right of said J. O. Heptinstall to the Ferry Road.

EPISCOPAL CONVENTION.

THE SUPREME LAW MAKING BODY OF THE EPISCOPAL CHURCH.

The supreme law making body of the Protestant Episcopal church of the United States, the general convention of 1892, assembled at Emanuel church in Baltimore, Wednesday, October 5th, and began its three week's session. The scene at the church was impressive as the venerable bishops, clergymen and laymen marched up the aisles to their respective seats. The bishops, of whom there were sixty three present, occupied seats upon a platform which had been constructed in front of the altar. The delegates were seated in the body of the church. They numbered over four hundred. Admission to the church for the celebration of the holy communion, the only feature of this morning's gathering, was by ticket. Twelve hundred were issued, and as many more applications were necessarily refused. Nearly every seat was occupied. The services were conducted by Bishop Williams, of Connecticut, the senior bishop of the church. He was assisted by Bishops Potter, of New York, Littlejohn, of Long Island, Doane, of Albany, Dudley, of Kentucky, and others. The celebrants and all the other bishops were in vestments. The sermon was preached by the Right Rev. R. H. Wilmer, bishop of Alabama.

The house of bishops assembled at 9:30 p. m. and organized by the re-election of Rev. Dr. William Tatlock, rector of St. John's church, Stamford, Conn., as secretary. Dr. Tatlock appointed as his assistant Rev. Dr. C. C. Tiffany, of New York. Bishop Neeley, of Maine, was elected chairman of the house and it will be his duty to preside in the absence of the senior bishop, Right Rev. John Williams, of Conn. The meeting of the house was simply for organization and as soon as this was effected, the names of the deceased bishops recited, and prayers offered for them, the seven bishops who have been consecrated since last convention were introduced. The house then adjourned until to-morrow.

The assembling of the house of deputies brought together a distinguished body of clergymen and laymen. Among them were Chief Justice Melville W. Fuller, of the United States Supreme Court, who is a representative of the diocese of Chicago; Dr. Sethlow, president of Columbia college, New York and ex-mayor of Brooklyn, one of the deputies from the Long Island diocese; ex-Governor Henry P. Baldwin, of Michigan, from the Michigan diocese; Mr. Erastus Corning, Mr. Hamilton Fish, Mr. J. Pierrepont Morgan, and Mr. W. R. Culling, of New York. The deputies were called at 3:30 by the secretary, Rev. Dr. Chas. L. Hutchins, of Concord. After the roll call, nominations for President were received. Rev. Dr. Joseph Carry, of Albany, placed in nomination the Rev. Dr. Morgan Dix, of Trinity church, New York. A number of delegates seconded the nomination. The rules were suspended and the secretary instructed to cast the vote of the house for Dr. Dix. Taking the chair, Dr. Dix thanked the convention for its testimonial of esteem in his re-election for a third term, and spoke of the important work to be transacted during the session.

POISONED BY SCROFULA—Is the sad story of so many lives made miserable through no fault of their own. Scrofula is more especially than any other hereditary disease, and for this simple reason: Arising from impure and insufficient blood, the disease locates itself in the lymphatics, which are composed of white tissue; there is a foetal life when the whole body consists of white tissues, and therefore the unborn child is especially susceptible to this dreadful disease. But there is a remedy for scrofula, whether hereditary or acquired. It is Hood's Sarsaparilla, which by its powerful effect on the blood, expels all trace of the disease and gives the vital fluid the quality and color of health. If you decide to take Hood's Sarsaparilla do not accept any substitute.

IF YOUR BACK ACHES, Or you are all worn out, really good for nothing, it is general debility. TRY HOOD'S SARSAPARILLA. It will cure you, cleanse your liver, and give a good appetite.

PRESIDENT HARRISON

FULLY COMMITTED TO THE FORCE BILL.

Inaugural Address, March 4, 1889: "It is very gratifying to observe the general interest now being manifested in the reform of election laws. Those who have been for years calling attention to the pressing necessity of throwing about the ballot box and about the elector further safeguards in order that our elections might not only be free and pure, but might clearly appear to be so, will welcome the accession of any who did not so soon discover the need of reform. The National Congress has not, as yet, taken control of elections in that case over which the Constitution gives it jurisdiction, but has accepted and adopted the election laws of the several States, provided penalties for their violation and a method of supervision. Only an inefficiency in the State laws, or an unfair or partisan administration of them, could suggest a departure from this policy."

First Annual Message, December 8, 1889: "The power to take the whole direction and control of the elections of members of the House of Representatives is clearly given to the General Government. A partial and qualified supervision of these elections is now provided by law, and, in my opinion, this law may be so strengthened and extended as to secure, on the whole, better results than can be attained by taking all the processes of such election into Federal control. The colored man should be protected in all of his relations to the Federal Government, whether as litigant, juror or witness in our courts, as an elector or member of Congress, or as a peaceable traveler upon our interstate railways."

Second Annual Message, December 1, 1890: "In my last Annual Message I suggested that the development of the existing law, providing a Federal supervision of Congressional elections, offered an effective method of these abuses. The need of such a law has presented itself in many parts of the country, and its wholesome restraints and penalties will be useful to all. * * * * The same law provides for the appointment of Deputy United States Marshals to attend the polls, support the supervisors in the discharge of their duties and to arrest persons violating the election laws. * * * The present law stops just short of effectiveness, for it surrenders to the local authorities all control over the classification which establishes a prima facie right to a seat in the House of Representatives. This defect should be cured."

Third Annual Message, December 9, 1891: "An attempt was made in the last Congress to bring to bear the constitutional powers of the General Government for the correction of frauds against the suffrage. It is important to know whether the opposition to such measures is really rested in particular features, supposed to be objectionable, or includes any proposition to give to the election laws of the United States adequacy to the correction of grave and acknowledged evils." Letter accepting the nomination of the Minneapolis Convention: "In my last annual message to Congress I said, 'I must yet entertain the hope that it is possible to secure a calm, patriotic consideration of such constitutional or statutory changes as may be necessary to secure the choice of the officers of the Government to the people by fair apportionment and free election.'"

OPERATIVES—there are all sorts, some good, some bad, some indifferent. You want the best. So take Simmons' Liver Regulator only. It is the best operative in any attack of Indigestion, Dyspepsia, Constipation and Bilioussness. It is a mild laxative, without griping, or any debilitating effects. You will know the article by the large red Z on every package. Take no other.

When baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had children, she gave them Castoria.

THIRD PARTY EXPENSES.

REPUBLICANS COMPLAINING OF THE MONEY SPENT IN THE SOUTH.

Some of the republican leaders are beginning to complain about the expense of their campaign in connection with the third party in the Southern States and they are wondering whether after the votes are counted it will not be found that the third party political workers have carried off all the gain and left the republicans nothing but the experience. They sent \$70,000 into Alabama to help Kolb in his fight for the governorship, and, though the returns on that investment were not very encouraging, they have, it is understood, yielded to the earnest solicitations of needy republicans and third party men in several of the Southern States and have contributed quite large sums of money for the Presidential campaign.

One republican, who has given considerable attention to the situation in the South, remarked to-day: "The only trouble with the people's party is it has no people in it. It is largely made up of a lot of politicians who could get nothing from either of the old parties, and who are working it for the money there is in it to them individually. Beyond carrying a few congressional districts I do not believe it will cut any figure in the November elections." One certain effect of the third party movement in the South is that it will arouse the democrats, and there is every reason to believe that the entire vote of the Southern State will be more nearly polled in the approaching election than it has been for many years past. In many of the States where the opposition has been merely nominal heretofore the third party has put a real rival in the field, and the consequence is that while the campaign in the North has been less energetic than usual in the Southern State it has been full of life and vigor, and many democrats who have not felt the necessity of political activity for the past ten or twelve years are now actively in the harness, and will get out a party vote larger than has been cast in any recent election.—Washington Cor. Baltimore Sun (Oct. 2.)

THE HAND OF PROVIDENCE

NARROW ESCAPE FROM AN AWFUL DEATH.

Henderson Gold Leaf.

Mr. G. A. Cunningham tells us of a narrow escape from death in which the hand of Providence seems plainly visible. At Kittrell last Saturday a little boy 5 or 6 years old, son of Mr. J. J. Stone, while playing in the gin house, fell into the cotton press through an opening in the side of the building.

There was some cotton at the bottom and the little fellow was completely buried in the soft fleecy staple. Hands went on putting in more cotton preparatory to pressing out a bale, the hum of the machinery deadening the child's cry so he could not be heard.

At this juncture the band slipped and the gin was stopped. Then the little fellow was heard crying and was promptly rescued from his impending danger. A few minutes later and he would have smothered to death in the bottom, the powerful pressure of the machine turned upon him and his little body would have been packed in the bale, and the chances are that his sudden and mysterious disappearance would have remained a secret until it was opened in some foreign market. What force of circumstances or unseen hand threw the belt off the gin and stopped the machinery at that critical moment?

Dyspepsia and Liver Complaint. Is it not worth the small price of 75c to free yourself of every symptom of these distressing complaints, if you think so call at our store and get a bottle of Shiloh's Vitalizer, every bottle has a printed guarantee on it, use according and if does you no good it will cost you nothing. Sold by W. M. Cohen.

If you feel weak and all worn out take BROWN'S IRON BITTERS

TO PRESERVE HEALTH.

ANNOUNCEMENT BY THE SECRETARY OF THE STATE BOARD OF HEALTH.

In the death of Dr. Thomas F. Wood, of Wilmington, late Secretary of the North Carolina Board of Health, the State lost one of its most patriotic and useful sons. He was an able, conscientious and accomplished physician, an amateur botanist of note, editor and proprietor from its beginning of the present North Carolina Medical Journal, always in the forefront of those working for the elevation and advancement of his profession, and doing more to promote both than any man we ever had; but the nearest thing to his heart, second only to his love for his Divine Master, was the North Carolina Board of Health, which was originated by him and kept alive during the years of its feeble infancy only by his personal devotion and sacrifice of both time and money, and through it the welfare of the people of his State.

Having been honored by the Board in my election to the Secretaryship made vacant by his decease, I cannot assume the duties and responsibilities of the office he adorned without thus testifying to his high and admirable qualities, the loss of which is irreparable.

In taking up this work I feel that it would be well to remind the people of the State that the Board of Health was created for their benefit—for the purpose of acquiring and distributing as thoroughly as possible, information and instruction as to the best means of preventing disease. Any citizen of the State therefore desiring such information would confer a favor by writing to the Secretary, who would cheerfully answer his inquiries.

The subject of pre-eminent interest at present is the epidemic of cholera threatening our country. The board has watched the indications with sleepless eye, and has given the subject the most thoughtful consideration, but it has not deemed the danger imminent enough at any time to justify publications which would probably excite and alarm unnecessarily many of our people. The danger is daily growing less, and the board does not anticipate any trouble during the coming winter, but fears the awakening in warm weather of spring of the germs which may slip into the country during the cold weather, when the vigilance of the health officers at our ports is liable to be relaxed. Should its fears be justified the people may rest satisfied that it will exhaust every means within its power to keep it out of our State. From time to time the secretary proposes to publish in all the papers in the State kind enough to print them, short practical articles on matters relating to the preservation of health. In the meantime, if you need information or advice on such subjects, write to

RICHARD H. LEWIS, Secretary, Raleigh, N. C.

RHEUMATISM

Is emphatically a blood disorder caused by inability of the kidneys to throw off certain poisons which accumulate in the tissues about the joints and muscles.

P. P. P., is very simple, quickly and surely cures this disease neutralizing impurities in the blood. Experience and science both endorse P. P. P., as the only infallible blood purifier known.

Terrible blood poison, body covered with sores, and two bottles of P. P. P. (Prickly Ash, Poke Root and Potassium) cured the disease, making the patient lively as a ten-year-old.

For sale by all druggists. LIPPMAN BROS., Props. and druggists, Savannah, Ga.

JOHNSON'S CHILL CURE—In this malarial season of the year people want to know what will cure chills for certain. They want to keep some kind of a dead shot in the house all the time. This way of having two or three chills before they can be broken is not satisfactory at all. One chill is too many; and the remedy which will knock the first one hot even before it knocks you cold is the remedy that sells. Johnson's Chill Cure is that remedy. It is for sale by W. M. Cohen, Weldon, and Jonas Cohen, Enfield. Price 50 cents.

NEW ADVERTISEMENTS.

Rose Tobacco Cure!

A QUICK and ABSOLUTE CURE for the TOBACCO HABIT!

Next to the whiskey traffic, it is the most expensive and loathsome habit of the American people. The annual cost runs up into millions. The average tobacco user pays to gratify this unnatural appetite from five to ten times more than he gives to support the Church. Shame on us.

This Cure has not yet failed where the party was in earnest about quitting and followed directions. Thousands have been cured of chewing, smoking and dipping. Here are samples of certificates:

BIRMINGHAM, ALA., March 16, 1892. Messrs. Brazeal & Co.:

GENTLEMEN—I used tobacco for nineteen years, and finding it injurious, decided to quit it. About seven months ago, with the Rose Tobacco and Snuff Cure, I quit it, and now find my health greatly improved, and that I have gained 30 pounds in weight. A. T. BAKER.

MESSRS. BRAZEAL & CO.:

Dear Sirs—The tobacco tablet bought of you December 30, 1891, has given perfect satisfaction. It has cured two persons of the tobacco habit—myself and another. I smoked cigarettes for four years, and had been chewing fourteen years. Since the use of the tablet I have no desire whatever either for smoking or chewing. It did the work in four days. Yours truly, E. T. ODOM, Gadsden, Ala.

ROCKY FORD, GA., Jan. 12, 1892. Messrs. Brazeal & Co., Birmingham, Ala.

DEAR SIRS—I have used one of the tablets for cigarettes, and it has cured me. Enclosed find \$10. Please send me amount in tablets. Will take agency or territory. Give me full particulars. Refer to any business house of this town. Yours truly, G. R. HEAD.

Mrs. J. F. Judd, of Fayette C. H., Ala., writes:

"I received my box of Snuff Cure and am delighted with it. There is no doubt of its curing any one who will give it a fair and honest trial and really has the desire to cease using the weed, and exercise this willing desire. I think I can sell many boxes for you. I do want to help those who want to help themselves."

PRICE PER TABLET, TOBACCO CURE, \$1.00
" BOX, SNUFF CURE, 1.00
