LAMAR'S LASH.

HOW THE EARNEST SOUTHERNER FLOORED ZACH CHANDLER.

The death of Justice Lamar has re called his well known devotion to the Confederacy, and his love for the leader of the lost cause was productive of one of the most dramatic scenes in the history of the Senate. The Mexican Pension bill was under consideration and an amendment pended extending its provisions to all veterans irrespective of their course in the war between the States. It was near adoption. Congress, it was said, could now best show its desire to forgive and forget by extending the benefits of the measure to those who had once borne arms against the common country. The amendment was near adoption when Senator Zach Chandler came to his feet while in the main he agreed to the general tenor of the amendment, yet under the provisions even Jeff Davis would be restored to citizenship. "And," he added, 'I am not prepared to go so far as that.'

Lamar rose. His intense excitement was evident. Between him and Chandler a strong personal antagonism existed. An outburst was expected, and it came.

"Mr. President," said the Mississippian, with outstretched finger pointing at his foeman, his tall form trembling with emotion, but his voice bell-like in its clearness and without a quiver in "when Prometheus lay bound to the rock it was not the king of beasts who availed himself of his distress. It was not any other of the nobler brutes of the field or birds of the air. It was the vulture, the scavenger of the animal kingdom gluttoning upon carrion, which preyed upon his vitals, knowing that in a defenceless man, who could move neither hand nor foot, he had one into whose vitals he could dig his beak.'

He sat down amid a stillness so profound that the rustle of a paper sounded harshly. Chandler was deadly pale. Drops of perspiration stood upon his forehead and he clinched the arms of his chair until the strained wood creaked. It he half rose then sank back. He did

WHAT SHALL I TAKE?-Why Simmons Liver Regulator, of course. can't be beat in any attack of Indigestion, Biliousness, Sick Headache, or Constipation. It gives quick relief, and if continued for a while will completely cure these ailments. The Regulator comes in liquid and powder form. The powder is wonderfully convenient for the vest pocket. A pinch of the powder and a swallow of water leaves no taste and works effectuately.

BUTLER AND THE SPOONS.

One of the best stories told about Ben Butler was about his experience, while the democratic candidate for governor of Massachusetts. At one of his meetings, while he was speaking, a fellow cried out in a loud voice: "General Butler, tell us something about those spoons you stole in New Orleans!" The general replied by saying he would tell him all about it when he got through, and went on with his speech. When he ceased speaking and was gathering up his notes and papers preparatory to leaving the stand without making the explanation asked for, the same peremptory tone demanded an explanation as to those 'stolen spoons." "Ah, yes," responded the general. "The matter had escaped my memory." Then in his most persua, sive tones he innocently inquired: "Are you a Republican, my friend?" "I am," rejoined the other, "and I am proud of it." "So was I," sharply retorted the general, "when I stele those spoons," and turning about he left the stand amid such a storm of laughter and applause as was never heard before in that hall.

UNCLE TOM'S CABIN.

THE HISTORIC RELIC WILL BE EXHIB ITED AT THE WORLD'S FAIR.

It is proposed to bring to Chicago for exhibition at the World's Fair the log cabin which is believed to have been the home of Uncle Tom, one of the characters in Mrs. Stowe's "Uncle Tom's Cabin." It is not a matter of certainty that the log but is the identical cabin of Uncle Tom, but many who have examined into its history claimed to have been the abode of the now historic Uncle Tom. The cabin stands in the midst of a cotton in Louisiana It is 16x18 feet, nine logs structure is covered with rough sawn cy press boards fastened on with nails made at the plantation blacksmith shop. All of the material is yet sound, and the whole cabin is intact except the flooring of the loft, which has been removed, al though the beams still remain. It has not been used for any purpose for twen ty-five years.

Thinks its unequalled by any other. Mr Robert J. Lanyon, in a letter from his home 1347 Warnous street, Philadelphia, Pa , says: "I had two severe cold-and one bottle of Dr. Bull's Cough Syrup on the body, while all the rest of the cured ue in both cases. This valuable remedy is unequalled by any other."
