HOWELL E. JACKSON.

NOMINATED BY THE PRESIDENT TO SUCCEED JUSTICE LAMAR.

The President last Thursday nominated Howell E. Jackson, of Tennessee, to be Associate Justice of the Supreme court of the United States, vice L. Q. C. Lamar, deceased.

Howell Edmunds Jackson is an ex-Senator, and is at present Judge of the United States Court for the district embracing Tennessee. He is a native and life-long resident of Tennessee. He is remembered at the Capitol as a man of quiet, unassuming manners, generally well liked, and distinguished for fairness and judicial consideration of the questions arising there.

Inquiry about the Capitol shows that the appointment is considered from a judicial and not a political view, as a splendid one. President Harrison has shown once more a great deal of judgment in his selection of a man for a place on the bench of the highest tribunal in the land. It is stated that Mr. Jackson has made a fine circuit judge and that no doubt is entertained as to his making a good justice.

The appointment was a great surprise to the Tennessee delegation in the House. The two Republican members felt sore over the selection of a Democrat and a States rights man, but when asked as to Mr. Jackson's fitness conceded that his character and abilities were all that could be desired. The selection was politically not more pleasing to some of the Democratic representatives, who recall the fact that Judge Jackson was a leader of the "Pay School" Democrats of Tennessee—an element which made a warm but unsuccessful fight within the party in favor of the payment of the State debt dollar for dollar substantially as demanded by the bondholders. These men said, however, that the new Judge was strong, clean and able.

Representative Heuk, of Tennessee, when asked about the appointment, said: "I think President Harrison has followed his inclinations and has betrayed the Republican party and committed a crime against the Constitution by appointing a man who by birth and schooling is a States rights Democrat. But, barring his belief in a strict construction of the Constitution and the supremacy of the State over the nation, I have nothing to say against Judge Jackson. As a man he is just, able, and humane."

Representative Enoles said: "It is an excellent appointment. Judge Jackson is able, industrious, pure in character, and a good judge. I have never heard his Democracy questioned."

Representative Pierce said: "It is a fine appointment."

JUDGE JACKSON'S CAREER.

Howell Edmunds Jackson was born in Paris, Tennessee, April 8, 1832. In 1840 he removed with his parents to Jackson, Tennessee, was graduated at the West Tennessee College in 1848, and then passed two years in the University of Virginia. In 1856 he was graduated at the Lebanon Law School and began practice at Jackson. In 1859 he removed to Memphis, and was twice appointed judge of the State Supreme Court. He returned to Jackson in 1876, and was elected a representative in the Legislature in 1880. He was elected United States Senator from Tennessee for the term beginning March 4, 1881, but resigned in 1886, and in March of that year was appointed by President Cleveland United States District Judge for the Western District of Tennessee—a position he still holds.

The childish prattle is hushed, the happy haunts of baby's toddling feet are deserted, the funeral bells toll their farewell dirge, home is desolate. Had the young mother not been indifferent to the warning of that little cough, when she rocked the baby to sleep; had given it one or two drops of Dr. Bull's Cough Syrup, the relentless croup would not have appeared, and then bitter tears would not have been shed.

HIS ERROR.

He: JUST ONE, PLEASE.
 She: WHAT GOOD WILL THAT DO? YOU'LL WANT ANOTHER.
 He (eagerly): NO, I WON'T. I PROMISE YOU.
 She: THEN YOU CAN'T HAVE IT.

From Life

KALAKAUA.

HE IS DESCENDANT OF A NATIVE OF THIS COUNTY.

The Sandwich Islanders, who killed Capt. Cook in 1778, are now knocking at our door, and there will be a pretty strong commercial influence, particularly on the Pacific coast, favoring their admission.

Hawaii contains 4,000 square miles, being larger than Wake county, while the others are insignificant, and some are not inhabited. About one hundred years ago one of the savage kings got possession of the entire island, and in 1825 the missionaries got a foothold there, and a dozen years later the king allowed a civil constitution to the people, which was followed in 1852 by grant of free suffrage. In 1872 the Legislature elected a king for the first time, and two years like Kalakaua, who was said to have been a descendant of Saracusa, an Indian chief of Halifax county, in this State, was elected King. On his death there were emetics, and the present Queen gained the throne, now to be displaced by the progressive party who are in favor of more civilized methods of administration than the semi barbarous people of the Island desire. The politics of the Island hinge on the sugar interest, and on the relative influence of Great Britain and of this country.

Great Britain will not desire to see the annexation now proposed take place.

To Day—Hood's Sarsaparilla stands at the head in the medicine world admired in prosperity and envied in merit by thousands of would-be competitors. It has a larger sale than any other medicine. Such success could not be won without positive merit. Hood's Pills cure constipation by restoring the peristaltic motion of the alimentary canal. They are the best taunting cathartic.

PICTURES FOR STAMPS.

A POSTMASTER NEAR ASHEVILLE DOES NOT UNDERSTAND COLUMBIAN STAMPS

Charlotte Observer.

Ten miles from Asheville is a postoffice known as Chandler. Mr. J. S. Henry, of this city, sends a good many letters there, and lately has been using the Columbian stamps. Yesterday he received a letter from his correspondent there saying that the postmaster at Chandler had made him pay regular letter postage on every letter he (Mr. Henry) had sent with a Columbian stamp on it and compelled him to state who it was sending letters "with them pictures on them for stamps," so he could "have the man indicted." In vain did Mr. Henry's correspondent explain and remonstrate but the letters with the Columbian stamps on them were not forthcoming, until, as the postmaster said, "the postage was paid."

A NOTABLE GATHERING.

Mr. Robert S. Gilmer, of Mt. Airy, gave his friends quite an enjoyable as well as interesting entertainment on the 28th ult., the occasion being his 84th birthday. Notable among his guests were Messrs Winston Fulton, 71 years old; H. J. Moore, 77; W. R. Bray 80; W. L. Mitchell, 81; Rev. Miles Foy, 82; German Haymore, 86; Robert Hines 86; Jacob McCraw 92; William McCraw 97; William Roark, 98 and Rev. James Needham, 98.

The repast was elegant and was enjoyed immensely by the guests, all of whom were able to walk from their homes to that of Mr. Gilmer. Mr. Gilmer was very happy over the affair.

No flowery rhetoric can tell the merit of Hood's Sarsaparilla as well as the cure accomplished by this excellent medicine.

THE ANTI-OPTION BILL

PASSES THE SENATE WITH AMENDMENTS.

The anti-option bill which passed the House last summer passed the Senate last week which takes it back to the House for concurrence. The main provisions of the bill are as follows:

The first section defines the word "option" to mean a contract or agreement for the right or privilege to deliver at a future time or within a designated period any of the articles mentioned in section 3.

The second section defines "futures" to mean a contract or agreement to sell and deliver at a future time or within a designated period any of such articles when the party so contracting was not the owner of such articles or had not agreed for a right to their future possession. The act, however, is not to apply to any contract to supply national, State or municipal governments with any of such articles, nor to contracts by farmers and planters for future delivery, nor to agreements to pay or deliver a part of the product of land as compensation for labor done or to be done on the same, nor to agreements with farmers or planters to furnish such articles for use or consumption; provided that such contracts or agreements shall not be made or settled for on any board of trade or exchange.

The third section specifies the articles to which the bill is to apply, as cotton, (raw or manufactured), hops, wheat, corn, oats, rye, barley, pork, lard and bacon.

The fourth section imposes special taxes as follows: Dealers in "options" or "futures" at \$1,000 a year license fee and 5 cents a pound on cotton, hops, pork, lard or bacon, and 20 cents a bushel on grain.

Sections 5 to 14 relate to the details for enforcing the tax, and section 15 provides that the act shall take effect on the 1st of July 1893.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficiency. NEVER BOTH DISAPPOINTED.

As a general family remedy for dyspepsia, Colic, Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed. In the effect produced it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.
