This is mid Lent. New moon Saturday. PLANT your gardens. The kite season is here. Peach trees are almost in bloom. NEXT Tuesday is St. Patrick's Day. FARMERS are now speeding the plow. TODAY is 11 hours and 50 minutes long. Now is the time to fix up your front yard. SUN rose this morning at 6:16 and will set at 6:05. NICE weather for preparing the lands for another crop. THE trees will all come out in new green easter dresses. BASE ball cranks are getting ready to test their lung capacity. THREE more Sundays in Lent and then comes the joyous Easter. THE woods have been on fire in the county to a considerable extent recently. ROANOKE Rapids merchants find the canal convenient for the hauling of goods. THE canal bank is in fine order for bicycling between Weldon and Roanoke Rapids. THE children of the Methodist Sunday school are being trained for an Easter entertainment. It is not to be wondered at that Ayer's Pills are in such universal demand. For the cure of constipation, biliousness, or any other complaint needing a laxative, these pills are unsurpassed. They are sugar coated, easy to take, and every dose is effective. MACHINE SHOPS.—The Roanoke Rapids Machine Shops, at Roanoke Rapids, N. C., is equipped with the latest machinery for turning out first class work. Special attention given to repair work. See advertisement in another column and consult them when in need of work in their line. C. E. RALLY.—A rally of the Christian Endeavor society will be held at Whitaker's Chapel, six miles from Enfield, on Wednesday, March 13th. Rev. T. M. Johnson, of Henderson, president of the M. P. denominational union in the State, is to be present on that day and will deliver an instructive address. A programme has been prepared for the occasion and every one who may attend is assured of a most pleasant and profitable day. THE BISHOP'S APPOINTMENTS.—Bishop Chesley's appointment for this section are as follows: March 23, Monday—Littleton " 25, Wednesday—Gaston. " 26, Thursday—Jackson. " 27, Friday—Weldon. " 29, Sunday—Ringwood. " 31, Tuesday—Enfield. April 1, Wednesday—Halifax. " 3, Friday—Scotland Neck. MORE ROLLING STOCK NEEDED.—The Seaboard Air Line is to have four teen new freight engines and a large number of cars built. Work has already commenced on the cars at Portsmouth, Va. It is said that specifications have been sent out for bids for the construction of the engines. Increasing traffic necessitated more rolling stock. According to the signs of the times, this order will have to be increased in the near future. NEW GOODS.—Mr. M. Fredlander, the only live, hustling Hebrew merchant Weldon has ever had, is now receiving his stock of clothing, furnishing goods, etc. He has a well selected stock and will continue to sell at very low prices. Mr. Fredlander is reliable and will not misrepresent his goods. By fair and honest methods he is building up a fine trade, and invites an inspection of his new spring stock. HORSES DYING.—There seems to be a fatal epidemic among the horses and mules of the county. Mr. W. D. Harrison lost one of his fine hack horses Saturday, Maj. Eury has lost one of two, and a horse belonging to one of our citizens died Sunday. Mr. J. R. Pettit informed us Saturday that he had lost the finest mule on his farm, and we hear of others who have lost horses and mules. No one appears to know just what the disease is and some apprehension is felt that it may prove contagious and cause considerable loss to our farmers, as well as to others who own horses. Johnson's Magnetic Oil cures all pains internal or external, cramps, colic, neuralgia, rheumatism, sprains, bruises, lame back, pleurisy instantly. \$1.00 size 50c, 50 cent size, 25c. For sale by W. M. Cohen, druggist, Weldon, N. C. A returned foreign dress goods buyer says that broadies in silk and wool combinations are the latest. While no physician or pharmacist can conscientiously warrant a cure, the J. C. Ayer Co. guarantee the purity, strength, and medicinal virtues of Ayer's Sarsaparilla. It was the only blood purifier admitted at the great World's Fair in Chicago, 1893. Johnson's Kidney and Liver Regulator invigorates the liver, regulates the bowels, cures dyspepsia, biliousness, indigestion, sour stomach and makes your head as clear as a bell. 25c and 50c. For sale by W. M. Cohen, druggist, Weldon, N. C.

EVANGELISTIC SERVICES.—Rev. Edward Benedict has been holding special services at Grace Episcopal church (this week afternoon at 5 and evening at 8). These services will be continued throughout the remainder of the week. Mr. Benedict is an earnest worker in the Lord's vineyard, and is doing much to stir up in the hearts and minds of the people a greater diligence and devotion in spiritual things. These services are intended as a special effort to impress upon all the importance of personal religion. The evening services are well attended and the speaker always has some word of comfort for those who are striving earnestly to lead a better life. The public generally is most cordially invited to attend these services. Mr. Benedict will also conduct services here next Sunday. TAKE IN TIME.—Hood's Sarsaparilla has achieved great success in warding off sickness which, if allowed to progress, would have undermined the whole system and given disease a strong foothold to cause much suffering and even threaten death. Hood's Sarsaparilla has done all this and even more. It has been taken in thousands of cases which were thought to be incurable, and after a fair trial has effected wonderful cures, bringing health, strength and joy to the afflicted. Another important point about Hood's Sarsaparilla is that its cures are permanent, because they start from the solid foundation of a purified, vitalized and enriched blood. But it is not what we say but what Hood's Sarsaparilla does that tells the story. AN IMPORTANT FACTOR.—The effort of any newspaper to build up a town is practically nullified unless it is backed up by the business men. A stranger turns from the news columns of a paper to its advertising pages, and if he fails to find there the business cards of the merchants and professional firms, he comes to the conclusion that the publisher is not appreciated, in which case it is a good place for him to keep clear of. No town ever grew without the active assistance of its newspaper. Nor can papers grow and build up their localities without the assistance of the town. Business men should realize this and remember in giving support to the newspapers they are not only building up their own business, but helping to support that which is steadily working for the growth of the whole town. BENJAMIN BALLARD BURGESS.—Judge Walter Clark informs us that when in Mexico recently he met many North Carolinians, and among them at the city of Guadalupe, some four hundred miles west of the City of Mexico, Mr. Benjamin Ballard Burgess, a native of this county. Mr. Burgess moved to Mexico some years ago and has relatives in Halifax and Warren counties. His father was Augustus Willis Burgess. His brothers and sisters were John, Mortimer, Lovett, Samuel, Mary Elizabeth, Melissa and Betsy Burgess. We learn that Mr. Burgess made inquiries about his relatives in this and Warren county and appears anxious to learn something about them. If any of our readers can give information about any of them and will write to Judge Walter Clark at Raleigh he will take pleasure in forwarding the same to Mr. Burgess in Mexico. REV. R. W. SPILLMAN.—The following item is taken from the Raleigh correspondence of the Richmond Dispatch and will be read with interest by our people. "Rev. R. W. Spillman, of Kingston, was last night elected Sunday school missionary for the Baptist Church in North Carolina. He will live here. This is a new office. Its creation means a new step forward in the Sunday school work of this denomination. Mr. Spillman will also have charge of the Sunday school supply store. He is a graduate of Wake Forest College." Mr. Spillman is a native of this town and is a son of Mrs. W. H. Brown by a former marriage. He is a splendid young man and the Baptists of North Carolina are to be congratulated on their wisdom in selecting him to fill the new office created in their Church. OIL MILL STARTS.—The Weldon Cotton Seed Oil Mill has started up and Superintendent Sims is making things hum. The machinery in this mill is very pretty and there is a good deal of it. The work is very pretty and interesting and wheels and belts are flying in every direction. The mill has a large supply of seed on hand and it will run day and night during the remainder of the season. The whir of the wheels makes pleasant music. The mill is most conveniently arranged and requires very little labor. The seed are taken up from the seed house by machinery and carried into the mill and they then pass right into the linters and so on until the oil is pressed out and the meal bagged. Mr. Sims had entire control of the construction and the convenient arrangement reflects credit upon him. He is an enterprising and pushing young man and is very popular with all. The seed house is in charge of Mr. Allen, another young South Carolinian, who has made hosts of friends here. We are always glad to welcome such excellent citizens as Messrs. Sims and Allen, and but for the fact that we are strictly temperate, and there is no doubt that our young friends from South Carolina are so, also, we would be pleased to make to them the famous remark of the Governor of North Carolina to the Governor of South Carolina.

STOCKHOLDERS MEETING.—A meeting of the stockholders of the Weldon Corn Mill was held in the office of the company last Friday afternoon. Major J. W. Wilson, president, presided. Major Wilson explained the object of the meeting and submitted a report of the operations of the mill which was satisfactory. Major Wilson then stated that Messrs. W. W. Wiggins, general superintendent, and W. J. McCabe, superintendent of machinery, desired to buy the stock of any and all stockholders, and take entire control of the mill. The stockholders present were willing to sell out to Messrs. Wiggins and McCabe and a new organization was effected as follows: J. W. Wilson, president; W. W. Wiggins, secretary and treasurer; W. J. McCabe, superintendent of machinery. The mill is now making most excellent meal and there is every reason to believe that it will do a fine business. The new company will push it for all its worth. Mr. Wiggins is a most excellent young man and a thorough going business manager. Mr. McCabe is from Milwaukee, Wisconsin, and is a practical machinist and we welcome him as a permanent resident. Major Wilson, the president is known throughout the State. He is chairman of the railroad commission and is taking much interest in the prosperity of Weldon. The mill will continue to send out the very best meal. Orders are coming in rapidly and we learn that Monday morning they received an order from one firm for 10,000 bushels of meal. 16 TO 1.—She had been reading up on the financial question and she had heard the only gold bug merchant of her town spouting at a lively rate about a ratio of 16 to 1, which he opposed, of course. She had a little gold dollar hid away among her trinkets and things, so she thought it a good time to make the piece of yellow metal do good service. She walked into the store of the gold bug and said, "I would like to see some nice dress goods, please." "Certainly," said the obliging yellow metal advocate, pulling down some late style fabrics. "What is this worth?" she asked, with a winning smile. "Only one dollar a yard, and its—"

AN AGED LADY PASSES AWAY.—Mrs. Mary Walker, one of the oldest and most esteemed ladies of the county, died at the residence of her sister, Mrs. M. E. Daniel, near Aurelian Springs, last Thursday. The deceased was born Nov. 2, 1813, and was for over fifty years a consistent member of the Methodist Episcopal Church. She connected herself with the church in 1837 and was baptized by Rev. John Edwards. She had been three times married. Her first husband was James R. Binford, to whom she was married in 1832. Her second husband was Wm. H. Pope and she was married to him in 1847. Her third husband was J. H. Walker to whom she was married in 1855. He died some years ago. Mrs. Walker was a most excellent lady and was a faithful worker in seasons of revival and took a deep interest in the young people. She spent a good portion of her time here and always had a pleasant smile and a kind word for all with whom she came in contact. Her remains were laid to rest by the will of her father at the old family home-stead. She fought a good fight and finished her course, henceforth there is laid up for her a crown of rejoicing. The afflicted family have our sympathies. But their loss is her eternal gain, for she now rests from her labors. ROANOKE RAPIDS. The News of a Week Gathered by our Regular Correspondent. Mr. Faison Calvert was in town one day last week. Mr. Skinner Pearson was in town Saturday. Glad to see the associate editor of the ROANOKE NEWS in town one day last week. Mr. J. A. Chanler went North Friday evening and returned Monday. The night school is progressing rapidly. Mrs. J. H. Wirtz has been quite sick for two weeks. We have organized a club known as the Roanoke Rapids Social club with Capt. J. B. Fitzgerald, as president; W. B. Whitehead, vice president; J. H. Smith, Secretary and Miss Hattie Daniel, treasurer. There are several other committees. We have now on roll fifty or more members. Messrs. Maxwell, Chanler and Eury are honorary members. We will meet at the home of some citizen one night in each week and spend an hour or two pleasantly. We were nicely entertained Tuesday night at the residence of our esteemed townsman, Mr. Geo. H. Savage. Married on the evening of the 4th at 7 o'clock, at the residence of the bride's mother, Mrs. Mary Daughtry, of this place, Mr. Charles H. Miller, of Wilson, to Miss Stella C. Daughtry. Rev. P. N. Stainback, officiated. The following named ladies and gentlemen were the attendants: Mr. J. L. Daughtry with Miss Lizzie L. Merritt; Mr. R. P. Daughtry with Miss Charity Hymas; Mr. V. C. Daughtry with Miss Mattie Hyman. After receiving the congratulations of their friends they repaired to the dining room where a most elegant supper awaited them which was highly praised and much enjoyed. The bride is a very pretty young lady and much admired. They were left on train No. 35 that night for Wilson the home of the groom, carrying with them our best wishes for continued happiness and prosperity. Mr. D. M. Fields, of Halifax, was here last week. He will become druggist for Dr. D. B. Zillicoffer. He is said to be a clever gentleman. J. C. Flood and family, of Wilson, are visiting relatives here. Capt. J. C. Simmons was in town Friday. Rev. Edward Benedict preached at the school house Sunday to a fairly good audience. Some of your people were present. Mr. J. H. Hayes has been indisposed for several days. The farmers in this section have gone to work in earnest. Fire broke out in the dry kiln of the saw mill about Roanoke Rapids Tuesday night at 9 o'clock, burning about 1200 feet of lumber. Engine not damaged. The company has bought a nice road machine which they are using on the streets here. It is drawn by four horses and cuts the streets in thorough order. Mr. J. Sid Moore, of Garysburg, was in town Sunday. Mr. Dallas Shearin and Miss Lattie Harrison were in town Sunday. Mr. J. E. Fitz, Jr., of Petersburg, was in town Monday. Mr. C. H. Bell and wife were both on the sick list last week. W. B. W. HOW'S THIS. We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J.
