THE MUSCULAR SYSTEM

what there is, is carried off from the gastric organs to the muscles. What is needed is plenty of blood, and that of the right kind. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and to gain in blood is nearly always to gain in teholesome fieth up to the healthy standard.

Every one should have a certain surplus of flesh to meet the emergencies of sickness; to resist the attack of consumption, grip, malaris and fevers. Thin blooded people are always getting sick, and hone of the organs of the body can get along without the food they require for work, which is, pure blood. To gain and to keep strength and flesh is the secret of health, usefulness and happiness. With new blood and refreshed nerves a confident feeling of returning health comes also.

Nervous manifestations, such as sleep-lessness, nervous debility and nervous prostration are in nine cases out of ten "the cry of the starved nerves for food." If you feed the nerves on pure rich blood the nervous symptoms will cease. It is bad practice to put the nerves to sleep with so-called celery mixtures coes compounds or mait extracts; what is needed is a blood maker. The "Discovery" is composed of vegetable ingredients which have an especial effect upon the stomach liver, and blood making glands. For the cure of dyspepsia, indigestion, liver complaint, weakened vitality, and for puny, pale people, Dr. Pierce's Golden Medical Discovery cannot be equaled. Thousands have testified to its merits.
