

Purgatorial Pills.

The druggist would hardly smile if you asked for "purgatorial pills." There are many of them. But he would probably recommend a pill that did not gripe; a sugar-coated pill, gentle in action, and sure in effect. What are they called?

Ayer's Cathartic Pills.

THE ROANOKE NEWS.

THURSDAY, APRIL 22, 1897.

TOWN AND VICINITY.

SUNDAY was a lovely day.

This is the last oyster month for this season.

The fishermen are now having excellent sport.

Early vegetables are now on sale at the green groceries.

Monday being holiday a good many people came to town.

It is generally believed that fruit is safe after the full moon in April.

The sale of guano here this season exceeds that of last year this time.

Spining fever seems never lack where proper sanitary precautions are taken.

The summer girl will be on deck just as soon as she gets her summer crop of freckles.

When you are weak, tired and lifeless, you need to enrich and purify your blood with Hood's Sarsaparilla.

A well known business man of Halifax informs us that he would willingly take some stock in a furniture factory here.

The Seaboard Air Line has issued an order allowing buyables owned by passengers on its trains to be carried free of charge.

We have only to put forth a little effort to induce capitalists to seek this town as a proper place for the investment of their money.

The Corn Mill and the Oil Mill are both running night and day to fill orders. Why wouldn't other manufacturing enterprises here pay as well?

Dandruff forms when the glands of the skin are weakened, and if neglected, baldness is sure to follow. Hall's Hair Renewer is the best preventive.

The smallest bicycles in town are Masters David and Elliot Clark, sons of Mr. E. Clark. They have a beautiful little wheel and they are two of the proudest little fellows in the city.

Why will you buy bitter nauseating tonics when Grove's Tasteless Chill Tonic is as pleasant as Lemon Syrup. Your druggist is authorized to refund the money in every case where it fails to cure. Price 50 cents.

An exchange tell a great truth in the following: "Much of the hard times would be relieved if people who can would make an effort to pay their debts. One man holding back what he owes keeps somebody else from meeting an obligation, just like the payment of one debt leads to the cancelling of others."

Spring is full of terrors to all whose constitution is not able to resist the sudden changes of temperature and other insubstantialities of the season. To put the system in condition to overcome these evils, nothing is so effective as Ayer's Sarsaparilla. Take it now.

TRAMP KILLED.—John Lane, a negro tramp, in attempting to board a through freight train, was run over and killed at Edfield Wednesday night of last week.

He was badly mangled. Both legs were cut off and his head was severed from the body.

HYMENAL.—On the 14th instant, near Weldon, Mr. W. N. Powell was united in marriage to Miss Susie Rebecca Cobb. The ceremony took place at the residence of the bride's brother, Mr. J. F. Cobb, and was most impressively performed by Rev. P. N. Stainback in the presence of a few of the relatives and friends of the contracting parties.

THE EASTER GIRL.—The demure Lenten maiden has blossomed out, like the butterfly breaking its chrysalis and spreading its wings to the glorious sunshine, in all the glory of her Easter costume. Her return to earth has been a dazzling transformation, and she, too, like the butterfly, has wings, but they are on her hat.

MARRIAGE AT KINSTON.—Invitations were received here to the marriage of Mr. W. Waverly White, a native of Halifax county and for several years a resident of this town, to Miss Lena Rivers Humphrey, of Kinston. The wedding was to have taken place last evening in the Methodist Episcopal church of that town. The happy pair have our congratulations and best wishes.

THE REASON WHY.—Why is it, asks an exchange, that the sun shines brighter on Easter, the birds sing sweeter and the flowers appear to be more beautiful on Easter morn, and their perfume more fragrant?

The explanation is simple enough. It is because there is sunshine in the heart, and when the heart is joyful all nature appears to put on her most beautiful and her brightest robes. When there is joy within there is always brightness without and vice versa.

Enrich Your Bowels With Cascarets. Candy Cathartic, cure constipation forever. 10c. See H. C. G. Co. full, druggists refund money.

EASTER EGG HUNT.—The children of Grace Episcopal church Sunday school had an exciting Easter egg hunt last Sunday morning immediately after the school closed.

The superintendent and teachers entered heartily into the hunt with the children and the little people enjoyed it immensely.

WELL KNOWN COLORED WOMAN DEAD.—Harriet Roberts, wife of William Roberts, who for years was a well known colored police officer of this town, died at her home here last Thursday. She had been sick only a few days and her death was wholly unexpected and came almost suddenly. Heart failure is said to have been the cause. The remains were laid to rest Friday afternoon.

U. S. COMMISSIONER'S COURT.—A. J. Pittman, of Heartsville, was before United States Commissioner Gooch here Friday charged with selling liquors without a license.

Deputy Marshal B. F. Gary brought the accused into court, and after hearing all the evidence, Commissioner Gooch decided that the charges had not been sustained and the accused was honorably acquitted.

TAKE HEED.—Last week we sent out a number of bills to delinquents. Some were merely sent out as reminders that subscriptions had expired, others were to subscribers long in arrears. To the latter class we must say unless you pay attention to the bill sent you, your name will be dropped from our list. We don't want to lose a single subscriber, so pay up at once. Pay, pay, pay, pay and don't delay.

The difference between Pills and Simmons Liver Regulator, is just this: Pills don't go down very easy with most people, and you feel them afterwards. While Simmons Liver Regulator in liquid or powder is very pleasant to take, and the only feeling that you have afterwards is the great relief that it gives from Constipation, Biliousness, Sick Headache and Dyspepsia. It is a mild laxative and a tonic.

POSTOFFICE CHANGES.—For Halifax and adjoining counties the following changes in postmasters have been announced: Alice E. Burt, vice W. R. Harvey, resigned, Glenview, this county; Millard F. Smith vice, Rebecca L. Reems, resigned, Ita, this county; James S. Wortham, vice Lucy A. Cheatham, resigned, Severn, Northampton county; John F. Williams, vice Kenneth Scholger, removed, Ridgeway, Warren county.

WATCH LOST AND FOUND.—Last Saturday Miss Ada Bodeman lost a very handsome and valuable gold watch while returning from Roanoke Rapids on her bicycle. The watch was found by a colored woman and has been returned to its owner. Miss Bodeman was delighted when she received it, as it was a present to her and she prizes it very highly. Although no reward had been offered for its recovery, Miss Bodeman rewarded the woman liberally for her honesty in returning the watch so promptly.

SERIES OF MEETINGS.—Rev. J. A. Hornaday will begin a series of meetings at the Methodist Episcopal church tonight. The pastor will strive to make these services interesting and profitable to all and the public generally is most cordially invited to attend all the services. There will only be evening services, beginning at 8 o'clock, during the remainder of this week. On and after Sunday Mr. Hornaday expects to have two services each day. The hour for morning services during next week will be announced Sunday.

WEDDED ALREADY.—He had been telling her of his great love and the pretty Weldon girl was looking at him with a suspicion of tears in her soft, brown eyes. "You know how devotedly I love you," he said taking courage from what he read in her face, "will you be my bride?"

"It is impossible," she said, with emotion, "I love you, but there is an insurmountable barrier between us and I can never, never be your wife."

"And why, my darling?"

"Because I am wedded to my wheel already."

MR. POARCH'S CONDITION.—Mr. W. D. Poarch, who was so terribly injured at the Oil Mill recently and of whose unfortunate condition mention was made last week, is getting along as well as could be expected. He being an old man his recovery will naturally be slow. In mentioning the skillful operation performed by Drs. Green and Ellis we omitted to state that they were ably assisted in the amputation of Mr. Poarch's arm by Dr. A. R. Zollicoffer. Dr. Zollicoffer is not only well up in materia medica but he is also a very skillful surgeon.

BICYCLE THIEF CAUGHT.—Peter Broadnax, a young negro dude came here last week and for two or three days he rode around town on a hired bicycle. Saturday, Chief of Police Sam Brown arrested him on a warrant received from Raleigh.

Broadnax some weeks ago stole a bicycle from a member of the Capitol Club. It was only recently that the authorities at Raleigh succeeded in locating him. He was taken from here to Raleigh where he will be required to answer the charge.

Don't Tobacco Spit and Smoke Your Life Away. To quit tobacco easily and forever, see Dr. King's Great Peppermint Cure. It cures the smoker's habit, makes weak men strong. All druggists, 50c or \$1. Cure guaranteed. Booklet and sample free. Address: Sterling Remedy Co., Chicago or New York.

IT WAS 16 TO 1.—Again 16 to 1! It was 16 to 1.—Again 16 to 1! The ladies of St. Mark's Episcopal church will give an entertainment at Halifax next Tuesday evening the 27th, for the benefit of the parish. The entertainment will consist of a minstrel and two short plays, with music between the acts.

The ladies have been requested to request the entertainment at Edfield. Should they decide to do so, due notice will be given.

The Halifax people always give delightful entertainments, and we can promise all who may attend, on the above occasion, a most pleasant evening.

RECOMMENDED FOR POSTMASTERS.—The Washington correspondent of the News and Observer of the 20th says that Representative White has filed at the Postoffice Department the following recommendations for postmasters in his district: C. P. Anthony, Seaside Neck, H. D. Mayo, Littleton, H. L. Early, Aulander, D. W. Baker, Lewiston, and Louis T. Bond, Windsor.

The correspondent also states that Representative White, in company with Capt. J. P. Leach and Mack M. Ferguson, of Halifax, called on the Attorney General and urged the appointment of Judge Robinson for the judgeship of the Eastern district of North Carolina.

CAPT. J. P. LEACH.—During the recent campaign Captain J. P. Leach, of Littleton, was a Palmer and Buckner elector and claimed to be a better Democrat than the Bryanites. Now we see it stated in the Washington correspondence to the News and Observer that Captain Leach wants to be United States Minister to Victoria and is being urged for the place by Representative White, of this district.

Captain Leach is a gentleman we all like, and we do not know that he has renounced the Democratic faith in asking to be appointed as an ambassador of the United States to Victoria, but it is a little significant that the majority of the Palmer and Buckner advocates appear to think the administration should recognize them along with the regulars.

AN ATLANTA ENTERPRISE OF GREAT MERIT.—It affords us great pleasure to call special attention to the advertisement of the "Mother's Friend," appearing in this issue.

The Bradford Regulator Co., of Atlanta, Ga., have at great expense issued a most attractive and meritorious book, which they mail free, containing information of the great value and importance to all ladies expecting to become mothers.

That the "Mother's Friend" is a remedy wonderful in its effects, and relieves the expectant mother of incredible suffering and robs the final hour of confinement of its dread, pain and terror, is fully attested by the experience of happy mothers all over this continent.

A perusal of the book will convince any lady, and the use of "Mother's Friend" cause her to become its enthusiastic friend, blessing the hour when first she heard of it and was induced to use it.

Send your name and address to The Bradford Regulator Co., Atlanta, Ga., and receive in return, free, this excellent book, "To Expectant Mothers," containing information of value to all ladies.

TILLEY-GARRETT.—Mr. W. B. Tilley, one of our most popular young men, left Tuesday for Oxford for the purpose of being one of the principal actors in the most pleasant event of his life.

Yesterday morning at 11 o'clock, he was united in marriage to Miss Myra C. Garrett, at the residence of her uncle, Mr. S. W. Parker. Of course we go to press too early to give particulars, Oxford being some distance from here.

Rev. Janius Horner was selected to perform the ceremony.

While the wedding was a quiet home event, yet owing to the high social standing and popularity of the contracting parties it excited much interest in social circles and was witnessed by many of the intimate relatives and friends of the young people.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure.

ENTERTAINMENT AT HALIFAX.—The ladies of St. Mark's Episcopal church will give an entertainment at Halifax next Tuesday evening the 27th, for the benefit of the parish. The entertainment will consist of a minstrel and two short plays, with music between the acts.

The ladies have been requested to request the entertainment at Edfield. Should they decide to do so, due notice will be given.

The Halifax people always give delightful entertainments, and we can promise all who may attend, on the above occasion, a most pleasant evening.

DEATH OF ED. SUMMERELL.—Mr. Edward Summerell, a son of Mr. J. H. Summerell, of this county, died in Richmond, Va., Tuesday morning, last of pneumonia.

The death is a very sad one. Mr. Summerell was only 23 years old and had been married less than two years. His wife was formerly Miss Lillie Garner, also of this county. She, with an infant child, about six months old, survives him. The remains were brought out on the Atlantic Coast Line train No. 23, yesterday, and were taken to the old family burying grounds, near town, for interment. The deceased was a young man of very excellent habits and had many friends here who join in with the NEWS in expressions of sympathy for the young wife and child and other members of the afflicted family.

A WOMAN OF NERVE.—Near Aurlian Springs Saturday a man named Moore was on trial before a magistrate on a warrant sworn out by a Miss Crawley. While the trial was in progress, Miss Crawley pulled a pistol from her pocket and fired at Moore's head. The ball took effect in the scalp and ran around under the skin and came out several inches from where it entered. Miss Crawley was in the act of firing again when someone took the pistol from her hands.

We do not exactly know the nature of the charges against Moore, but learn that the majority of the people in the neighborhood are in sympathy with Miss Crawley and say she did exactly right under the circumstances. There are others, though, who take sides with Moore. While Moore's wound is not considered dangerous he will be laid up for several weeks. His escape from death was most miraculous. Miss Crawley is said to be a woman of considerable nerve.

PERSONAL MENTION.

The Coming and Going of Popular People. Who Like to Get Out in the Sunshine.

Rev. J. M. Rhodes, of Littleton, was here yesterday.

Miss Lucy Leach, of Littleton, was in Weldon Tuesday.

Hon. T. W. Mason, of Northampton, was in town yesterday.

Mr. Thomas Allen went up to Richmond Sunday on a visit.

Prof. William Holmes Davis, of Rocky Mount, was here last Tuesday.

Mr. S. M. Gary, clerk of Halifax Superior court, was here Saturday.

Miss Margaret Brickell spent last week in town with Miss Mary Long Green.

Mr. F. H. Treacy, of Roanoke Rapids, paid this office a pleasant call Tuesday.

Mr. C. L. Clark left Tuesday for an extended trip in the interest of Garrett & Co.

Mrs. George T. Massie and children are visiting relatives in Northampton county.

Miss Coradia Filyaw, who has been visiting Miss Bessie Green, returned home Monday.

Mr. Fred Hornaday came down from Ridgeway to spend the Easter holidays at home.

Mr. B. A. Pope spent a few days near Edfield this week on a visit to Major William Burnett.

Miss Otelia Bland returned to Weldon Saturday from Barbours where she had been on a visit to relatives.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine is found in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and swelling pain in passing it, or bad effect following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention The Roanoke News and send your full postoffice address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietor of this paper guarantees the genuineness of this offer.

A NATURAL RESULT.—A government inspector, entering a rural postoffice, expressed some surprise on seeing a woman at the delivery window. "I was under the impression," said he, "that a man was in charge of this office."

"And so he was," replied the woman, sharply, "but I married him!"

Two thousand yards fine cotton warp Japanese matting just received from a big closing out sale. 12c. 15c. 20c. Spiers & Davis.

OBSERVANCE OF EASTER.

How Weldon People Observed the Day Commemorative of the Resurrection of Christ.

IF THE DAY HAD BEEN made to order for Weldon people, they could not have asked a more beautiful Easter. It was a day typical of the resurrection, bright and joyful. The sun arose in splendor and not a cloud marred its beauty from the rising until the going down of the same.

Large congregations attended morning services at all the churches and every "duck of a girl" was looking her sweetest in that "dream" of artistic beauty which had filled her heart for so many days before she could appear with it upon her shapely head.

At the Baptist church Rev. Mr. Kendrick occupied the pulpit for the first time since the church was remodeled, and a large congregation was present and the service was interesting. The church is now one of the bandstands in the State. The interior is lovely and the beautiful stained glass windows add greatly to the appearance of the building, and the congregation is now delighted with their new house of worship.

Rev. J. A. Hornaday preached a fine sermon in the Methodist Episcopal church at the morning service. He chose for his subject the only appropriate one for the day, "The Resurrection," and his sermon was full of beauty and comfort for all who are earnestly striving to become members incorporate into the mystical body of Christ and to have a lively faith in the promise of the new life which lies beyond the grave.

The evening service was an entertainment by the Bright Jewels. This consisted of songs, recitations, etc., by the children of the society and the large congregation present was delighted with the excellent manner in which the programme was carried out.

There being no rector present at the Episcopal church, lay services only were held, but the services and songs were all appropriate to the glad Easter day and were entered into with joy and gladness by all who were present.

To all Christian people Easter is the greatest of all the festivals of the year, and it is gratifying to observe that nearly all the Churches of the land now recognize it as such and that appropriate services are now held in nearly all the Protestant Churches of the world.

SERIOUS ACCIDENT.

Dr. Pendleton Goes Over a Fifteen Foot Precipice on the Canal and is Painfully Injured.

D. R. A. S. PENDLETON, OF Roanoke Rapids, met with a serious accident last Saturday, while coming to Weldon on his bicycle.

He was riding the tow path of the canal bank and ran off at the waste way nearest to the Rapids, and fell a distance of fifteen feet on the sharp rocks below. His left hip was broken, two fingers were dislocated, and his wrist was sprained and he received other injuries.

The place where the accident occurred is one of the most dangerous along the entire canal, and the majority of cyclists usually dismount and lead their wheels over the plank walk way.

Dr. Pendleton lay for about one hour after his terrible fall before he was discovered. He was first seen by Misses Mary Long Green and Ada Bodeman, who had been up to the Rapids on their wheels. When they reached this waste way they stopped for a moment to wait for some members of their party who were coming on behind. It was then that they heard a voice say, "Look over, look over." Miss Green looked over the precipice and saw Dr. Pendleton lying upon the rocks below.

He told how the accident occurred, and while suffering agony he was cool and deliberate and showed remarkable nerve. One of the young men was instantly dispatched to Roanoke Rapids for help and as soon as possible his friends came with a stretcher and carried him back to town. Meanwhile word had been sent to Weldon and Dr. I. E. Green and Dr. A. R. Zollicoffer went up as speedily as possible. They found his injuries to be about as above described and with their usual skill and knowledge they set to work and rendered the unfortunate man as comfortable as possible.

At last accounts Dr. Pendleton was doing well and his recovery is now a question of time only. It will be some days, however, before he will be able to mount his wheel again.

The great wonder is that he was not instantly killed. While his injuries are serious and painful, he has much to be thankful for. Nine men out of ten would never come out of such an accident alive. We would add a word of warning to all the cyclists who ride the tow path of the canal. It is much better to dismount and lead your wheels over the waste ways than to try to break the record by riding recklessly over them and take the fearful risk of breaking your neck, or some of your limbs.

An exchange reports a school teacher as saying that the pupils who have access to newspapers at home are better readers, better spellers, better grammarians, and read more understand fully, and obtain a practical knowledge of geography in half the time it requires others. All of which speaks well for the educational powers of the papers.

The express cars now going north are filled with fruits and vegetables.

The new soda water cooler is inventing new drinks with marvelous names.

The market is now well supplied with fish.

ROANOKE RAPIDS.

Pencilmen From Our Regular Correspondent.

The company has put the road leading from the mills to the siding in thorough order. They are beautifying the town in many ways.

Mayor Emry spent several days in Washington recently.

Messrs. W. G. Maxwell and W. M. Habliston were in town last week.

J. M. Grizzard, Jr., Mrs. Thos. Hardy and Mrs. D. M. Fields attended the Hale-Cooper marriage at Halifax last week.

Mayor Emry gave the baseball team here their grounds free of rent and Supt. J. P. Morris gave them the use of the road machine, and so their grounds are now second to none in the county. Messrs. Brown, Fitzgerald, Pierce, Treacy, Robinson and even Rev. Mr. Frizzle worked diligently to have the boys good grounds.

B. F. Tilley was here one night last week the guest of his brother, W. D. Tilley.

Mr. Frank Hudson handled the saw mill here very acceptably during the winter. He sawed and delivered lumber enough to build fifty frame two story houses in ninety days.

R. E. Jarratt spent Sunday with relatives at Jarratts, his former home.

Over five thousand dollars paid out here by the mills within ten days.

We are glad to know that Dr. D. B. Zollicoffer has nearly recovered from his severe attack of rheumatism.

Mrs. E. Scott Gibbs, who has been visiting her daughter, Mrs. T. H. Smith, has returned home.

Miss Ella Reno and niece Miss Mease, who have been visiting Mrs. J. A. Conley, returned to their home in Canton, N. C. one day last week.

A new baseball team has been organized here. The mechanics played a game Saturday evening with a nine composed of the operatives in the two mills.

Our town ordinance prohibits the running at large of horses, cows, hogs, goats, turkeys and geese.

The people here are fond of Mayor Gooch and would be glad to hear of his reelection to the office of Mayor of Weldon.

C. D. Habliston and wife, of Petersburg, contemplate coming here to live soon. He is a brother of Mr. W. M. Habliston.

The farmers in this section are at work in dead earnest.

WHEN TRAVELING.

Whether on pleasure bent, or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver, and bowels, preventing fevers, headaches, and other forms of sickness. For sale in 50 cent bottles by all leading druggists. Manufactured by the California Fig Syrup Company only.

THELMA ITEMS.

A Picnic—An Impudent Tramp Taken Down—Personal.

Easter Monday the young people of this section spent quite a pleasant day at a baseball picnic at King's X Roads. The picnic was given by people in the surrounding vicinity, and was much enjoyed.

A few days ago a tramp visited a lady's house in this neighborhood and asked for food. After being informed that there was none prepared, he became impudent and said that he had a partner and had to have food. The lady told him she would go and see about it. When she returned she had a pistol in her hand. The tramp seeing the weapon implored her to give him three minutes to get away. The three minutes were granted and he hustled.

The people of Calvary were highly pleased with Rev. P. N. Stainback, who preached an excellent sermon for them on the 17th.

NEW ADVERTISEMENTS.

GETTING READY. Every expectant mother has a trying ordeal to face. If she does not get ready for it, there is no telling what may happen. Child-birth is full of uncertainties in nature is not given proper assistance.

Mother's Friend is the help you can use at this time. It is a liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects. Mother's Friend is good for only one purpose, viz.: to relieve motherhood of danger and pain.

10c per bottle at all drug stores, or sent by mail on receipt of price.
