The pension roll soon will reach the million mark, predicts the New York Press. Commissioner Evans has issued a statement showing that at the beginning of the fiscal year the pensioners numbered just 985,528, an increase in twelve months of 12,850. The New Orleans Picayune thinks that "when cotton spinning shall, as in a few years it will, become a leading industry in the cotton States, Northern white female cotton operatives will find it to their interest and may be even driven to come South to work in mills, while cheaper negro labor will be carried North to work the mills there. The negro will work for lower wages than the whites can, and the result is going to be that Northern factories will be filled with negroes from the South."

A critic of the piano has come out with the statement that the instrument in question is the greatest social nuisance of the age, inasmuch as "it utterly ruins rational conversation." He adds: "The unhappy visitor is doomed to undergo a tickle tickle of the keys, which falls short, in soul and spirit, of the performance of a street urchin on an old kettle. With pianoforte teachers on every stair in town, the temptations to the evil are numerous enough. For the sake of mercy, let us keep it out of the school."

Will some one please hand this critic over to the fool killer.

A new study of human development has been published by a German author, E. Hahn. He maintains that primitive man was an omnivorous feeder upon whatever could be picked up, and that he then became generally a hunter, a fisher, a planter and a herder, but that those modes of gaining a livelihood were not taken up successively as at evolutionary stages. He finds barley to be the first cereal, and wheat the latest, cattle were first domesticated as draught animals, especially to draw the plow, and their milk was not used as food until long afterward. The wagon is assigned a religious origin. It is believed to have had four wheels derived from spindles and to have first transported the goddess of fertility.

THEY SHOW CAUSE.

The Two Wilsons, Members of the Railroad Commission, File Their Answers To The Governor.

Some days ago Governor Russell wrote letters to Major J. W. Wilson and Mr. S. Otto Wilson, citing to them to appear before him on September 1st and show cause why they should not be suspended from office for certain charges set forth against them.

In accordance with this notice they went before the Governor with their counsel and made answer to the charges, set forth in the Governor's letter.

Major J. W. Wilson wrote his own answer, which we herewith give in part as follows:

Raleigh, 30, 1897.

To Daniel L. Russell, Governor of North Carolina,

Sir—Your favor of the 25th inst. came to my attention before you on Wednesday, the first day of September, and reply in writing to certain rumors of charges from parties unknown to me, and show cause why I should not be removed from the responsible position as Chairman of the Railroad Commission, agreeable to section 1 of the Act creating this Commission was duly received.

In obedience thereto I herewith submit this my answer to each charge in the order as given in your letter. It is written by myself, and possibly free from the elegant diction which a lawyer would have imparted, but feel sure it will carry conviction to an impartial mind.

First—It is not true as alleged that I am the joint owner with Col. A. B. Andrews, Vice-President of the Southern Railway and general political manager of the same for North Carolina in a certain piece of hotel property known as Round Knob.

Second—It is not true that said hotel is worthless for that purpose except when designated and patronized by the Southern Railway Company as an eating house for their passenger trains.

Third—It is not true that said hotel property has been unoccupied and unused for any purpose for several years past and brought in no revenue to me as one of its owners.

Fourth—It is not true that it was impossible to use, lease or rent said property unless some understanding, agreement or contract could be made with the Southern Railway Company to designate and patronize the said hotel as a railroad eating house.

Fifth—It is not true as alleged that I with the other owner or owners of said property have secured an agreement, understanding or contract from the Southern Railway Company to abandon other eating houses and designate Round Knob as an eating house, and by virtue of said arrangements with said railroad that I have been able to lease said hotel property to Otto Wilson, or his mother through the said Wilson for profit.

Sixth—It is untrue as further alleged that I have been in the employment of the Southern Railway Company at any request and that he was appointed over other employees to the place by promotion under the practice of the company and this was done for my accommodation and at my request. I hereby denounce these allegations as made to you by my persons as false and demand the proof.

In explanation I will state that about 1881 Col. Andrews and myself built this hotel at a cost of about \$8,000. It is not worthless as stated but is a most convenient and beautiful hotel with 20 rooms, closets and baths on each floor, and was leased and run as a hotel for several years with no meals supplied to passengers. The property had not been occupied for years as charged, but on the contrary was leased up to last year at an annual rental of \$500 per annum to a respectable party, with no understanding of any kind with the Southern Railway Company.

As to the charges about my son, I will say that he is no minor as charged, but in 27 years old and is now one of the oldest employes on the Division upon which he is situated. About 4 years ago the agent at Morganton resigned. My son was his chief clerk and in the very line of promotion, V. E. McBoe, General Superintendent of the S. A. L. was at that time Superintendent of the Division, he had previously promised my son as was told that he would promote him at the first opportunity. Mr. McBoe kept his promise.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease by one of two ways. The first way is from imperfect action of the kidneys. The second way is from carelessness or treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unwholesome kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not diseased, too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder, or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be easily avoided. To find out correctly, sit your time aside for twenty four hours a sediment or setting indicates kidney or bladder trouble. The mild and extraordinary effect of Dr. Kilmor's Swamp Root, the great kidney and bladder remedy is soon realized. If you need a medicine you should have the best. At druggists 50c. per bottle and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the Roanoke News and send your address to Dr. Kilmor & Co., Birmingham, N. Y.
