# Impossible to be Well

It is impossible to be well, simply impossible, if the bowels are constipated. You must pay attention to the laws of nature, or suffer the consequences. Undigested material, waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. A sluggish liver is responsible for an immense amount of suffering and serious disease. Ask your doctor about Ayer's Pills. He knows why they act directly on the liver. Trust him. J.C. Ayer Co., Lowell, Mass.

'Halifax County Teachers' Association held session in the graded school auditorium of this place

Prof. Latham, superintendent of Weldon graded schools, presided over the meeting and Prof. Coon, superintendent of the Wilson graded school, gave two interesting lectures. In the forenoon he lectured on Reading in primary grades, and gave blackboard demonstration of the various points which he emphasized in his lecture. In the afternoon he lectured on Geography in the primary grades and presented the subject to the teachers from a viewpoint new to them. Prof. Coon greatly pleased the teachers and others present and created new enthusiasm in the THURSDAY AFTERNOON CLUB, work

Following his lecture was the report of the Betterment Association showing the good work done in

"A Musical Romance," read by the county, Dr. A. S. Harrison, of Enfield, county superintendent, then made an interesting talk on medical inspection in the public schools.

Prof. Latham also read an interesting paper on the same subject. A delightful lunch had been prepared by the ladies of the town,

# Stop Women Consider addressing Mrs. Pinkham year diseases covers kham, daunt

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

### MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.
