NEW POSTAGE STAMPS.—"Unity, art and harmony," according to Third Assistant Postmaster-General Britt, will be combined in a new issue of postage stamps about to be authorized. The head of President Washington will appear on the first six of the series, while the last five will bear the likeness of Benjamin Franklin.

All of the new stamps' denomination will be in Arabic, and this, as well as the use of a separate color or shade for each denomination, is expected to prevent the confusion of which two conventions of postal clerks have complained.

BIG BAKERY OVEN.—M. S. Mountcastle has just installed in his bakery a huge new bakery oven, one of the latest and most up-to-date for baking all kinds of bread, pies, cakes, etc. The capacity of the new oven is 150 loaves of bread at one baking and the cooking is thorough. His baker is experienced and is most careful as to the sanitary condition of his kitchen. Everything used in the manufacture of breads, cakes and pies is kept scrupulously clean and the public can rely upon anything in the bakery line they may obtain at Mountcastle's.

EXCURSION TO PORTSMOUTH-NORFOLK.—The Seaboard will run an excursion from Greystone and intermediate points, Weldon and Garysburg, Wednesday, Aug. 2. Tickets will be good returning on any regular train up to No. 93 night of August 4th.

Train will leave Linton August 2, 2:37 p. m., Thelma 2:50 p. m., Roanoke Junction, 3:05 p. m., Weldon 3:15 p. m., Garysburg 3:25 p. m. Fare for the round trip, any station mentioned, \$2.

FINE GROP PROSPECT.—Not since 1890 has there been such a fine prospect for an abundant harvest. Cotton, corn, peanuts, and all growing crops, appear to be doing well, and show careful and good cultivation. The farmers of Halifax county are alive to new farming methods. They also use the highest and best grades of fertilizers, realizing that it always pays to buy the best of everything. While the indications point to somewhat lower prices this year, the tremendous yield will more than compensate. There is a big demand for cotton, as it now enters into the manufacture of nearly everything, consequently we may expect good prices regardless of the size of the crop.

GOOD ROADS MEETING.—The county commissioners met at Halifax with the township superintendents of public roads Monday for the purpose of formulating plans for the improvement of the highways of Halifax county.

There were quite a number of citizens present who are deeply interested in the matter of good roads. Some practical talks on road building were made by men who study the subject of improved highways and the question of a bond issue for this purpose was also discussed.

The only action taken was that the superintendents proceed to work the roads as economically as possible at present.

DIED OF APOPLEXY.

Life of Young Melville Hart Cut Short by Sudden Summons—Impressive Funeral Service.

Melville Hart, aged 19 years, died suddenly of apoplexy, Monday afternoon. He had been sick for a few days with a slight fever but Monday morning his condition was quite favorable. About twelve o'clock he complained of a pain in the head over his eyes. His condition soon grew alarming and Dr. Green was hastily called in, but before his arrival the young man was about unconscious and soon passed away.

Melville Hart was a bright and promising young man of splendid habits and high character. He stood high in his classes at school and was popular with all who knew him. He was the only son of Mrs. Lula Hart, widow of the late M. F. Hart, and his sad and sudden end has caused much sorrow in this community.

The funeral took place at the residence of his mother, on Fourth street, Tuesday afternoon, at 4:30 o'clock. His pastor, Rev. S. E. Mercer, of the M. E. Church, was assisted in the service by Rev. J. G. Blalock, of the Baptist Church, and Rev. J. S. Wood, of the Presbyterian Church. The large number of sorrowing friends present to pay the last sad tribute of respect, attested, in a measure, the love and esteem in which he was held in the community.

The active pall bearers were: D. R. Anderson, R. E. Draper, O. W. Pierce, B. B. Pope, A. L. Stainback, C. J. Owen, W. T. Shaw, James Tilghman. Members of his Sunday school class acted as an honorary escort. They were: Willie Taylor, Fred. Bourds, Pierce Johnson, James Pierce, Vernon Mountcastle, Camm Tilghman.

THE UNION SERVICE.

Interesting Papers on "Religion and Sanitation" at M. E. Church Sunday Night—Usual Service at All the Churches Sunday morning.

The usual services were held at all the churches in town Sunday morning. Rev. J. E. Thompson, of the N. C. Conference, preached at the M. E. Church. His sermon was an old time gospel sermon, full of love and good will, and at times, as the venerable man of God, physically weak, would catch the old time fire of inspiration his audience was moved and stirred. Mr. Thompson has been a faithful laborer in the vineyard for a long time and is now on the supernumerated list, and retired from active work. May the Lord add to his days many more years and give him the blessings vouchsafed by the Psalmist: "I have been young and am now old, yet have I not seen the righteous forsaken nor his seed begging bread."

At the evening service there was a union meeting of all the churches and some excellent talks on "Religion and Sanitation."

Rev. J. S. Wood, of the Presbyterian church, was the first speaker. He spoke on the Bible and Sanitation and quoted scripture freely to show how closely allied Godliness is to cleanliness. He was followed by Rev. J. G. Blalock, of the Baptist church, who made a strong and practical talk on the "effect of health on the religious life," showing conclusively that man cannot perform his work if his body is racked with pain; and good health, he showed to be essential, both in religious and temporal matters.

W. T. Shaw followed with a paper on Christian co-operation in town sanitation. Mr. Shaw showed how very essential it is for neighborhoods and communities to co-operate in an effort to rid the town of everything that is opposed to the laws of good health and perfect sanitation.

Dr. Platt W. Covington followed with a well prepared paper on the "prevention of disease and how the Christian can co-operate." Dr. Covington, of the North Carolina Board of Health, is here waging war on the "hookworm" and preventable diseases, and in view of his work in Halifax county in the establishing free dispensaries for the relief of suffering humanity, he was given the closest attention during the reading of his excellent paper.

A large congregation filled the main auditorium of the church, and the pastor, Rev. S. E. Mercer, presided over the meeting and had charge of the program, which was well carried out to the enlightenment of many along certain lines of thought for the health, safety and happiness of the entire community.

HAS A GOOD CROP.—J. A. Holdford has our thanks for a melon sent to this office last week. OTTUMWA WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Ottumwa, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

Consider This Advice.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous medicine, made only from roots and herbs, has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, confidential, and always helpful.

HALIFAX LETTER.

News Notes Gathered by Our Regular Correspondent at the County Seat.

(SEE THE HOUSEWIFE NEWS.) HALIFAX, N. C., July 26; Mr. and Mrs. E. W. Gilliam and son, of Gastonia, have been here several days to see Mrs. George Gilliam.

Misses Alice and Lizzie Hale, went up to Rosemary Friday to visit relatives.

Miss Lucy Butts left Friday for West Point, Va., and will be gone about four weeks.

Miss Ethel Brown, of Robertson county, has been the guest of Miss Laura Shaw several days.

Miss Ida Twisdale, of Warren county, came last week to visit her father, J. F. Twisdale.

"Billy" Neville, of Headfordsville, spent Monday here on business.

Walter Beavans, of Enfield, was a visitor here Monday.

Miss Stella Dickens, of Weldon, has been spending some days with her sister, Mrs. Walter Stephenson.

Joseph Butts, Jr., and Masters Monroe and Johnny Jenkins, of Rosemary, were here Sunday.

Mrs. Sterling Gary returned from Wrightsville Beach Monday. Ex-Senator F. L. Travis left for Raleigh Monday to resume his duties as Corporation Commissioner.

Mrs. Travis and Master Louis went up also to spend the week with relatives.

Misses Bessie and Ida Twisdale left for Enfield Monday to spend the week with relatives.

Mr. Musselman returned a few days since after visiting his parents who reside near Washington, D. C.

Miss Marie Partin, of Enfield, is this week visiting Mrs. Walter Stephenson.

Mr. and Mrs. N. L. Stedman went up to Baltimore last week to carry little Elizabeth for treatment. Mr. Stedman returned Friday.

E. W. Foster, of Greenville, spent Sunday here with his family.

Mrs. T. W. Worthy, of Greenville, has been here for several days with Mrs. W. A. Sater.

Our farmer friends are now making strenuous efforts to "lay by," though since the rains began to come much grass is in evidence and this will make them a little later than usual. Many are wearing smiles that does one good to see, brought about by the very promising crop, perhaps. By the way we have heard of one prominent farmer that was afraid so much cotton would be made that the labor would not be sufficient to get it out. Maybe it will work out right though. We have some moonshiny nights in the autumn, you know, and we remember when we were a boy of seeing cotton picked that way. There is so much progress in the way of inventions these days that perhaps Mr. Price or some other will have the cotton picking machine nearer perfection by the time we have another bumper crop to come round.
