

CONSUMPTION TAKES 350 PEOPLE DAILY

Over 350 people succumb to consumption every day in the United States. Science proves that the germs only thrive when the system is weakened from colds or sickness, overwork, confining duties or when general weakness exists. The best physicians point out that during changing seasons the blood should be made rich and pure and active by taking Scott's Emulsion after meals. The cod liver oil in Scott's Emulsion warms the body by enriching the blood; it peculiarly strengthens the lungs and throat, while it rebuilds the restive forces of the body to avoid colds and prevent consumption. If you work indoors, tire easily, feel languid or nervous, Scott's Emulsion is the most strengthening food-medicine known. It is totally free from alcohol or any stupefying drug. Avoid substitutes. Scott & Bowne, Brooklyn, N. Y.

RATES OF SUBSCRIPTION IN ADVANCE:
One Year, (by mail) postpaid, \$1.00.
Six Months, .75.

A weekly Democratic journal devoted to the material, educational, political and agricultural interests of Halifax and surrounding counties.

Advertising rates reasonable and furnished on application.

"SPREAD of cattle madly attributed to Congress."

A HARVARD professor says the average American is mannerless. JAMES BRUCE says the British abhor war. So do most other civilized peoples.

If New York is so wicked as to discourage Billy Sunday from trying to save it, it has at least that satisfaction. The new Governor of Colorado announces that his wife will be assistant governor. If that's all he is a lucky man.

The 1914 business of the five big packing houses of Chicago was considerably greater than that of the preceding year. The "hills around Nazareth" are being fortified against attack. The Peninsula of Sinai is a source of war bulletins. Onward, Christian soldiers!

The Greensboro man who has opened an office in Sweden in order to sell cotton in Germany should pass for an aggressive business man.

BECAUSE the Legislature has always taken sixty days to discharge its duties is no reason it should continue to do so, if it can complete the work in forty days.

AN "alarming" shortage of officers and men needed to man American warships for battle is reported by Rear Admiral Fletcher, commander in chief of the Atlantic fleet, in a letter to the House Naval Committee.

"DELIVER us from another armed peace!" is the message that James Bryce sends to the American people through President Butler, of Columbia University. This is not the casual sentiment of an emotional pacifist but the profound opinion of a profound statesman and historian.

THE Southern farmer gets up at the alarm of a Connecticut clock, buttons Chicago suspenders to Detroit overalls, washes his face with Cincinnati soap in a Pennsylvania pan, sits down to a Grand Rapids table, eats Chicago meat and Indiana hominy, fried in Kansas lard, cooked on a Kalamazoo range, puts a New York bridle on a Kentucky mule, fed on Iowa corn, plows a farm covered by an Ohio mortgage with a Syracuse plow. When bed time comes he reads a chapter in a Boston Bible, says his prayers, crawls under a blanket made in New Jersey, to be kept awake by a North Carolina dog, the only home product on the place, and then wonders why he cannot make money raising cotton.—Selected.

\$100 REWARD \$100.
The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure.

FOLEY KIDNEY PILLS
FOR BACKACHE, KIDNEYS AND BLADDER

LEE-JACKSON DAY.

The United Daughters of the Confederacy Celebrated With Appropriate Exercises.

The Junius Daniel Chapter U. D. C. met on Wednesday last to celebrate Lee and Jackson day with Mrs. Lee Johnson as hostess. The President in a few words explained why the meeting had been postponed until this time and proceeded with the regular routine of a business meeting. The Chapter decided to send a contribution to the children's chapter of Raleigh who wish to buy a Victrola or graphophone for the Soldier's Home. This in response to an urgent appeal stating that there were about 125 of these old men, who must spend many lonely hours away from familiar scenes and faces, and when it was hoped in this way to comfort and cheer.

Mrs. W. E. Hatcher, of Richmond, was present and gave some interesting points in connection with the U. D. C. work in that city.

The committee, assisted by Mrs. W. T. Shaw, had arranged a very pleasing program which was as follows:

Voice Selection, Mrs. R. T. Daniel. Reading, "Aunt Jemima on the war," Miss Mary B. Sledge. Instrumental Duet, Mrs. W. A. Pierce, Miss Musgrove.

Song, "Jumina," Miss Jennie Tilghman. These were followed by several choruses by the young ladies of the chapter, closing with "Dixie," and "Star Spangled Banner." The hostess served hot tea and sandwiches and the large number present expressed themselves as having spent a delightful hour.

The visitors were Mrs. W. E. Hatcher, Mrs. Cooper, Mrs. A. S. Allen, Miss Hughes, Miss Lillie Starnback and Miss Jeannette Musgrove.

THE DEMON OF WOE.

Want and Poverty, By S. W. English. Fire Prevention Expert.

There is no poetry in a fire that destroys. There is no warmth of good cheer in a blazing house. Only misery and want and woe can echo from houses destroyed, from business houses wrecked, from savings vanished via the fire route.

And fires are the fruits of human and mission. They do not start of their own accord. They must always have a human being for a partner!

This being the case, why not cultivate a little foresight? Why not keep your premises clear of trash, of litter, of waste and such things that are excellent fire food?

When properly curbed and circumscribed, a cheering fire is a thing that makes a most excellent servant, contributing greatly to the comforts of man. But to keep fire a servant requires constant and unceasing vigil. While a good servant it is a most exacting master!

Are you doing your full share toward preventing fires? If you are you merit the thanks of your neighbor. Every time a house is destroyed your neighbors must stand their full part of the fire insurance you may collect.

UNITED 5, 10 25 CENT STORES IN BANKRUPTCY.

Voluntary Petition in Bankruptcy for this Chain of Stores Including the One in Weldon.

Charlotte, Jan. 22.—The United 5, 10 and 25 Cent Stores, Inc., which for the past two years has been in business at Nos. 31, 33 West Trade street, with branch stores at Gastonia, Lincolnton, Weldon, Oxford and Henderson, filed a petition in voluntary bankruptcy before Referee John M. Robinson Wednesday.

The assets on the various branch stores including the Charlotte store are given at \$11,000 with liabilities aggregating about the same figure. Mr. W. R. Weller, of Gastonia, was appointed receiver and it is stated that he will continue the business until the assets have been liquidated and the creditors paid.

The announcement that the United 5, 10 and 25 Cent Stores, Inc., have gone into bankruptcy will not be surprising to the local trade for such a step has been imminent for some time. It is stated that the very high rent paid on the local store and the inability to secure enough business to justify the outlay was the principal cause of the present embarrassment. This lease, it is understood, has four years yet to run.

CO-OPERATION

Means Working Together.—By T. N. Carver, Professor of Economics, Harvard University.

It is not the hard work or the exposure or even the poverty of the farmer or his wife which makes farm life so unattractive to so many of our people. It is the lack of team work. I have never known men and women, particularly young women, of our race to shrink from hardship if they could feel the touch of elbows and have the sense of comradeship with the soldier. Our boys and girls as well as the men and women of the farm should develop team work. They should get together and work together for a common cause as the soldiers.

Touch elbows with your neighbors, and get the sense of comradeship as soldiers do. Organize farmers' clubs, not merely for the sake of having clubs but for the sake of team work, for the sake of accomplishing something for the building up of the rural community, for the study of the problems of your community. People seldom get together by merely saying "Go to it now, let us be united." They are more likely to get together when they tackle a hard job which they think important, and then begin working on that job. After they have been working together for a while they find that they are thinking together and are developing the feeling of comradeship.

How to Cure a La Grippe Cough
(Coughs that hang on) demand treatment. Stop and think! Reason and common sense tell you that it is folly to "grin and bear it." Those racking la grippe coughs that scratch the body and cause soreness and pain in the lungs yield more quickly to Foley's Honey and Tar than to any other treatment. Forty years record of successful cures. For coughs, colds, croup and other distressing ailments of throat, chest, lungs, larynx and bronchial tubes, you can not nothing that will compare with this reliable remedy. Sold by E. CLARK.

The difference between the city and the town is one of size. The problems and the needs are the same in the town except they are not so great. The town is more important than any private enterprise in it. If the town does not succeed the people who live in it cannot succeed as they ought.

What every town needs is a greater spirit of co-operation, more people who will unite to make their town a success. Every town needs leaders. If the people of vision and aggressive spirit could see this and would throw aside their timidity and go to work to develop the latent powers of leadership within them they would do a great thing for their town and would get a greater benefit to themselves.

There is coming to our town a Booster Chataqua Festival, Feb. 1, 2 and 3rd, that affords a fine opportunity for the people of our town to get together and demonstrate that they can unite on a work of community uplift; and if the stronger men of our town, and the men and women who are now occupying positions of leadership in smaller groups, such as the schools, churches and lodges will arise and unite with our strong and capable business men and professional men to make this festival the success it ought to be, it will advance our town more in three days than it will be advanced in three years without such an effort.

Let us awake, unite and do this very thing, and by doing it learn how to do it better in the years that are to come. There is nothing that will pay us so well as getting together and working together for higher and greater things.

ACCORDING to Billy Sunday Americans are "going to hell in car lots." Railroad managers will be interested to learn that at least one form of transportation has not fallen off.

Keep In Good Condition
Many people suffer from indigestion and constipation and do not know it. A feeling of dullness and languidness, bitter taste in the mouth, headache, bilious fever—most of those conditions when you "are not sick, but don't feel right"—can be traced to sluggish bowels and torpid liver. Foley Cathartic Tablets cleanse the system, arouse the liver, banish indigestion and make you "feel good all over"—light, energetic and ambitious. Sold by E. CLARK.

WELDON 33 YEARS AGO.

From the Roanoke News, January 7-21, 1882.

We learn that Captain Barry will run a regular schedule on the Scotland Neck branch in a short time for the benefit of shippers and travelers.

The Seaboard road gave Captain Drummond a handsome watch and chain as a Christmas present. Captain Drummond has been on the road 24 years and is deservedly popular.

On Wednesday a ten year old daughter of Captain J. E. Morecock, while playing with her brother at the wood pile where the boy was chopping wood, put her hand on the wood just as the axe came down and two of her fingers were cut off.

A. C. Zollicoffer, of the law firm of Day & Zollicoffer, left here for Henderson where he will open a law office. We regret to lose him but know that he will do well wherever he goes.

The Raleigh & Gaston Railroad Company is hauling lumber to this place to build a house for one of its agents, J. B. Tilghman, Jr.

The Henderson Gold Leaf warmly welcomes A. C. Zollicoffer to that town.

Married, at the residence of Dr. J. R. Jones, near Hicksford, Va., R. J. Cochran, of this place, to Miss Jennie P. Davis, of Greenville county.

Married, near Palmyra, at the residence of E. P. Hyman, by Rev. J. E. Mann, L. J. Baker and Miss Pattie N. Spruill, both of this county.

JANUARY 28, 1882. Rev. R. T. Vann has been called to the Baptist church at Jackson.

A Lodge of Odd Fellows has been instituted at Seaboard, Northampton county.

Work is not progressing on the Scotland Neck branch road on account of the weather. The force is now engaged in building the bridge across Looking Glass Creek five miles from Scotland Neck.

J. W. Briggs, formerly of this place, but now a typo on the Danville Times, is visiting Weldon. He is looking well and prosperous.

W. R. Smith, in the Seaboard office here, has been appointed agent of the road at Suffolk, vice Gen. L. S. Baker, resigned. J. W. Edwards, a brother of R. O. Edwards, has been appointed to fill the vacancy here caused by the promotion of Mr. Smith.

Married, at the residence of Mrs. Rebecca L. Garriss, on the 17th by W. J. Maddry, J. P., Miss Octavia J. Garriss to George B. Taylor, both of Northampton.

Five Cents Proves It
A GENUINE OFFER.—Put out this ad enclosed with 5 cents to Foley & Co., Chicago, Ill., writing your name and receive a free trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley's Kidney Pills, for kidney and bladder complaints, backache, pains in joints, rheumatism; and Foley's Cathartic Tablets, a wholesome and thoroughly cathartic—try all three for 5 cents, the cost of mailing. Sold by E. CLARK.
