BIBLE IN THE TRENCHES.

"I am going to call up that pretty telephone girl and ask her to The Only Book to Bring Cheer and Inspiration to the Soldiers. "Then you won't get the usual

BY REV. CHARLES STELZLE.

A close-up experience in the trenches and hospitals will convince any man that the Bible is the greatest comforter and inspirer in the

world. This is why it is the "best seller" in the world. The Bible was written thousands of years ago, but nothing that has since appeared in printed form has had anything like the same circula-

quent attacks of stomach trouble and Men may talk as they please about other books being "inspired," biliousness," writes Miss Emma Ver-bryke, Lima, Ohio. "I could eat very he must get ready for "the roll call up yunder," he doesn't ask that the chaplain or nurse read something to him from Shakespeare or became so dizzy and sick at my stom-Milton-he wants the Bible.

And because this is true, it's a fine thing that the American Bible Society has for just 100 years been plucing Bibles with soldiers in something to keep from falling. Seeing Chamberlain's Tablet's advertised I de every notable war on American or foreign soil.

It prints the Bible in 150 languages, and employs over 2,000 correspondents for distributing the Bible, in whole or in parts. Last year Words resemble sunbeams-the about 8,000,000 volumes were distributed, and during the 100 years more they are condensed the deepof its history nearly 118,000,000 volumes. Hundreds of the society's correspondents are now busy in the

trenches and training camps giving copies of khaki-covered Bibles and Testaments to the soldiers.

Hundreds of the society's correspondents are now busy in the renches and training camps giving copies of khaki-covered Bibles and Success is a matter of buying ex-Testaments to the soldiers

And it isn't done in a perfunctory fashion, either. For there's always a word of advice as how to read, so that the soldier may get the best use of the Bible. A SLUGGISH LIVER

As he reads for inspiration, suddenly the old book of Psalms takes on a new meaning. For many of these old songs were written in times of war or in preparation for war. You can almost hear the sounds of martial music and the shouting of fighting men.

And when comfort is needed, the Twenty third Psalm stands out, familiar, and filled with memories of childhood days when mother taught him "The Lord is my shepherd, I shall not want," and all the rest of it, even down to the "valley of the shadow of death," where Caloniel acts like dynamite on a sluggish liver. When caloniel comes into contact with sour bile it crashes

Other scripture there is, to satisfy every mood and every need. What the Bible is doing for the men in the army no man can sell. but here are a few snap shors:

A professional man who had been drinking hard and living high was tired out, badly wounded, between the Canadian and German lines. "It was all right, though," he said, "for thanks to the silent influence is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and They found a Testament in the of this little book (pulling a Testament out of his pocket,) I was able to

dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than sasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and eafe to give to children; they fike it.

They found a Testament in the hands of a dead soldier on the battles field, with words written on the fly-leaf: "Be thou faithful unto death, and I will give thee a crown of life." Who can deny that this made him a better soldier.)

To a correspondent who had given a soldier a New Testament came a letter in which the soldier wrote: "I have found the pearl of great price"—referring to what he had discovered in the Bible.

"We are coming face to face with death—we have mighty need of consolation," wrote another.

The Bible keeps men human, and often makes them divine. This is what is needed in the great war we are now fighting.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

The Woman's Tonic

She writes further: "I can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, rundown and weak, or suffer from hendache, backache, etc., every month, try Car du I. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their wom in patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.
