HAVE YOU BEEN SICK?

Then you realize the utter weakness that robs ambition, destroys appetite, and makes work a burden.

To restore that strength and stamina that is so essential, nothing has ever equaled or compared with Scott's Emulsion, because its strength-sustaining nourishment invigorates the blood to distribute energy throughout the body while its tonic value sharpens the appetite and restores health in a natural, permanent way.

If you are run down, tired, nervous, overworked or lack strength, get Scott's Emulsion to-day. It is free from alcohol.

Six Months, " " .75.

A weekly Democratic journal devoted to the material, educational, political and agricultural interests of Halifax and surrounding counties.

Advertising rates reasonable and furnished on application.

HOOVER is showing us Hoo's Hoo.

IT'S now a straight road to the Peace Door, and no way 'round.

ITALY is depending upon her women to till the soil of that country.

THE people are likely to get a freeze-out this winter unless the coal administration gets a little farther in price fixing and regulation.

"THE sermon," says a good brother who heard it, "raised the roof, and the singing shook the shingles to the skies!"

WHEN a neutral country decides to enter the war on the side of the allies, the next thing to be decided is the size of the loan we are to grant her.

GERMANY would dearly love to have peace thrust upon it while it holds a stack won early in the game, when it had dealt all the aces into its own hand.

THE Beloit Call says that "the bride comes with the best recommendations from a circle of friends" and the Kansas City Star asks: "Has the groom any references?"

THE war tax still looms bigger and bigger—but wait until we really get to fighting and spending money. In England they took eighty per cent of what people had

FIFTEEN thousand American-made aeroplanes will be ready for service in France by the first of the year. Germany will then think we are more than hot-air artists.

GERMAN airmen drop poisoned candy into towns, knowing children will eat it. This looks like Germany was preparing for a long siege and and doesn't want the children of today to grow into soldiers tomorrow. But such barbarity, such savagery should never be forgiven. Utter annihilation of the country that would do such a thing is the only brave way out of it. To make peace with Germany would be condoning crimes that are unspeakable.--Everything.

THOSE who have been insisting that rich men didn't go to war and that the poor man was in evidence are requested to think a little more about it. From Fort Sheridan, Illinois, comes a telegram this week stating that in the camp that opened there Tuesday were twenty-seven millionaires, two congressmen and four ex-mayors, a large number of actors and others of considerable note. When we reflect that millionaires are not as plentiful as niggers in a Sunday crap game, this is a good percentage and shows that all kinds of people, rich and poor alike, are furnishing strength to this war.—Everything.

COL. FIELD STATE LIBRARIAN

Colonel Alexander Field, editor of the State Journal and private secretary to the governor during the Kitchin administration has been chosen as State Librarian by the Commission to succeed Captain M. O. Sherrill, who resigned recently on account of advanced age.

AMERICA'S CAUSE FOR WAR.

"The new German policy swept every restriction aside. Vessels of every kind, whatever their flag, their character, their cargo, their destination, their errand, have been ruthlessly sent to the bottom without warning and without thought of help or mercy for those on board, the vessels of friendly neutrals along with those of belligerents. Even hospital ships and ships carrying relief to the sorely bereaved and stricken people of Belgium, though the latter were provided with safe conduct through the prescribed areas by the German government itself and were distinguished by unmistakable marks of identity, have been sunk with the same reckless lack of compassion or of principle. * * *

"I am not now thinking of the loss of the property involved, immense and serious as that is, but only of the wanton and wholesale destruction of the lives of noncombatants, men, women and children, engaged in pursuits which have always, even in the darkest periods of modern history, been deemed innocent and legitimate. Property can be paid for; the lives of peaceful and innocent people cannot be. The present German submarine warfare against commerce is a warfare against mankind."—Woodrow Wilson, President of the United States.

CHECKING SUBMARINES.

Evidences accumulated show that the German submarines have not only reached but passed the high water mark of their destructiveness. The Navy Department's announcement that new devices applied through co-operation of British and American forces in European waters have had perceptible effect on submarine warfare merely confirms a conviction that the last card of the German government has been played in vain.

The convoy system, put into effect recently has been effectual in preventing any injury to American naval vessels and transports. The "depth charge" which the British introduced some time ago is another method which has been used in dealing with the U-boats. Officials have every reason to be encouraged over the submarine situation, especially as preparations are now under way for newer and even more effective methods.

As the shipping board enlarges its control of merchant shipping and all owners adopt the new protective devices, the destructiveness of the submarine will be still further minimized. There has never been any offensive weapon that has not been followed by a defensive weapon almost, if not quite, as effective. The submarine is no exception, as the experience of the allies and the United States now teaches.

Submarines for a considerable time had unhampered sway on the high seas, but even under such conditions they failed to fulfill the predictions made for them by the German government, which boasted of its ability to bring the allies to their knees within two months. The two months long since have passed, but commerce is flowing from the United States to Europe with almost as much freedom as before unrestricted submarine warfare was begun. The submarine menace is being checked and the last hope of the German government has failed. — Washington Post.

A crying shame it is that it takes such an emergency as a great war to drive us to the realization that an appalling number of our young men are not physically able to cope in battle with an enemy. If bad teeth, hookworm disease, malaria, constipation, adenoids, defective eyes, ears, underweight and other equally unnecessary, sometimes disgraceful and nearly always easily preventable, defects can so seriously affect our young manhood, how about our young womanhood? How about our middle-aged men and women, those that should be the real factors in the world's work? Let's put an end to such inefficiency. Medical inspection of schools is the immediate step in providing for the future, while periodic medical examinations for adults and sanitation and public health work offer much hope for us of today.

The 36th Annual Session of Littleton College will begin on Wednesday, September 26th. We have an ideal plan by which pupils may live at their own charges in our main dormitory building, thus saving about $75 during the scholastic year. For further information address J. M. RHODES, Littleton, N. C.

IRON FINE FOR BLEEDING GUMS.

If Troubled With Sore, Bleeding Gums, Use This Mouth Wash The Dentist Uses.

GOOD FOR CUTS AND OLD SORES.

Any person troubled with sore, bleeding gums, which oftimes are almost too sensitive to touch, will be elated after rinsing the mouth with a half-and-half solution of water and natural iron, known as "Acid Iron Mineral" which may be secured at most every drug store.

Dentists use it to stop bleeding and as a mouthwash when extracting teeth and it is perfectly harmless. It acts as a germicide and antiseptic as well as a splendid healing agent.

For cuts this same natural iron is fine. Pouring a little on the spot stops bleeding and prevents soreness and festering. Thousands of people troubled with old sores never healing have found the solution in Acid Iron Mineral, which being a highly concentrated form of natural iron makes a superb external remedy.

Go to the nearest drug store and ask for a bottle of Acid Iron Mineral. If druggist hasn't it, send $1 to the Ferrodine Chemical Corp., Roanoke, Va., for a large bottle.

NOTE: For piles, ulcers, sores, and skin affections, the Ferrodine Chemical Corporation has perfected an ointment consisting of highly concentrated natural iron and soothing medicinal elements, which combined makes this ointment unexcelled. Ask your druggist for a fifty cent jar of "A-I-M Ointment, or send direct

GENUINE INDIAN BLOOD PURIFIER.

Burlington, N. C.
Pearson Remedy Company,
Burlington, N. C.

Dear Sirs:—

I suffered for many years with kidney and stomach trouble. I tried doctors from time to time without relief and also tried different remedies that were recommended to me but they failed to relieve me.

I was induced to try your Genuine Indian Blood Purifier and I can truthfully say that it has done wonders for me and I am now in better health than I have been in ten years. I can recommend it to any one suffering I did.

Respectfully,
MRS. S. M. COBLE,
R. F. D. 3, Burlington, N. C.

The Best Blood Medicine

Ahoskie, N. C.,
May 14, 1917.

Person Remedy Co.,
Charlotte, N. C.

I feel it the duty I owe to you all to express to you my appreciation of the good your Remedy has done for me and my family. My child was fearfully afflicted with what we concluded was Blood Poison. As a last resort one of my neighbors suggested that we try Mrs. Joe Person's Remedy. We sent to the drug store for a bottle of it and the effect was magical. One bottle of the Remedy and three of the Wash cured the child, and I have no hesitancy in saying that we consider Mrs. Joe Person's Remedy the best blood medicine on the market.

MRS. LLOYD MITCHELL.

ONLY ONE.

The Record In Weldon Is a Unique One.

If the reader has a "bad back" or any kidney ills and is looking for an effective kidney medicine, better depend on the remedy endorsed by people you know. Doan's Kidney Pills have given great satisfaction in such cases. Weldon citizens testify to this. Here is a case of it:

E. D. Purnell, printer, Washington Avenue, Weldon, says: "I had a dull pain across my back and at times I was so sore and lame I couldn't stoop or bend. The trouble was caused by a strain, which left my kidneys weak. The least cold settled on my kidneys and made my condition worse. Doan's Kidney Pills soon relieved me, putting my back and kidneys in good condition."

Price 60c. at all dealers.

FOSTER-MILBURN CO., Proprietors, Buffalo, N. Y.

Dr. Ferdinand King, New York Physician and Medical Author, Says:

EVERY WOMAN EVERY MOTHER EVERY DAUGHTER NEEDS IRON AT TIMES

To put strength into her nerves and color into her cheeks.

There can be no beautiful healthy rose cheeked woman with-out iron. The trouble is the food she has been eating when wanted by her body, generally lacks ordinary, but-tonic iron, which is needed to make the stomach and liver do their part. Today doctors prescribe organic iron—Nuxated Iron. This particular form of iron is easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak, nervous, irritable, careworn, haggard looking women 100 per cent. in some cases less in many instances. I have used it in my own practice with most surprising results.—Ferdinand King, M.D.

NOTE: Nuxated Iron recommended above by Dr. Ferdinand King can be obtained from your druggist with an absolute guarantee of money back unless entirely satisfactory. It is dispensed in this city at all good druggists.
