### THE ROANOKE NEWS

THURSDAY, JUNE 13, 1918.

#### NOTICE.

There will be a regular convocation of Roanoke Chapter 81 R. A. M. in Masonic Hall, every first and third Wednesday evenings.

E. CLARK, Jr., Sec'y.

Miss Annie Rowe House is visiting relatives at Thelma.

Loss of people take offense, yet the supply never grows less.

Miss Susie Zollicoffer, of Richmond, spent the week-end in town.

Miss Julia Mountcastle is attending the summer school, at Chapel Hill.

The solar eclipse, as predicted by the scientists, was plainly visible here.

Master Richard Jordan, of Washington, D. C., is visiting Mrs. R. I. Jones.

Mr. Leslie Daniel, of Hopewell, Va., spent the week-end with relatives here.

A man will work all day in the hot sun and not mind it much, but to stand idle in the hot sun for an hour is torture. This should be remembered when we tie our horses to a post while we do our trading in town. Horses have feelings as well as persons.

**HOME RULES OF ETIQUETTE.**—Be courteous in the home. Husband, treat your wife like a lady in your home as well as on the street. If you want your boy to be "a little gentleman" when he is away from home, he must have example as well as precept in the home. Example will do more for the boy and the girl than any book on rules of etiquette.

**ADVERTISED LETTERS.**—The following is a list of letters remaining "uncalled for" in the Weldon postoffice:

Miss Josie Tillery.  
Persons calling for above letters will please say "advertised," giving date of advertising.  
D. T. CLARK, P. M.,  
Weldon, N. C.

June 10, 1918.  
**LET ALL THE PEOPLE PRAY.**—Every day exactly at 12 o'clock, if you will listen, you will hear the bell at the Episcopal church ring. Do you know what that means? Well, it is just this, when you hear the bell, whatever you may be doing at the time, stop a moment and utter a prayer. What a beautiful custom this is. Don't forget to listen for the tap of the bell, and may every man, woman and child in our town form the habit of uttering a prayer just this time.

**A. & E. COLLEGE.**—We have received a copy of the catalogue of North Carolina State College of Agriculture and Engineering at West Raleigh. That great technical college is doing a fine work. Scientific education fits in admirably with the demands of such times as these when production in all lines requires efficiently trained men. The college offers full four-year courses in Agriculture, Chemistry, Civil Engineering, Mechanical Electrical Engineering and Textile Industry.

**THAT OLD SWIMMING HOLE.**—This is the season when grim death claims many of its victims through the medium of drowning. The news of the day is interspersed with accounts of people having lost their lives in water, and the larger per cent of the victims are those who sought refreshment in a bath. Year after year these fatalities occur and the numbers being continually on the increase. A wholesome restraint on the part of the parents and guardians would undoubtedly result in the saving of lives.

**THE WAY TO BUILD UP A TOWN.**—The only way to build up a town is for everyone to go hand in hand—every man to the wheel. Banish all feelings of discord, if any; let harmony prevail and prosperity will follow. Talk about your town, write about it, speak well of it, encourage your men at the head of municipal affairs; choke the croakers, gag the grumblers and squelch the scolders. Beautify the streets in every way, patronize its merchants, refrain from sending outside for goods, favor home enterprises always, and if you can't think of some good word to say, keep quiet. Be a hustler and keep it up.

**FREE ADVERTISING.**—When a newspaper gives a lot of free advertising in order to boom some concert or church entertainment which you are interested in, keep track of the number of lines that are printed week by week, and multiply that number by the regular advertising rates of the paper. Compare the results with the actual money value of any favor that you can get from any other business concern. Then take into consideration the fact that advertising and circulation are the only two things that a newspaper has to sell, and these days of higher prices, how much do you think they ought to give away for nothing?

**EVERY COUNTY IN NORTH CAROLINA IS EXPECTED TO SUBSCRIBE ITS FULL QUOTA.**—The week of June 23rd, is to be observed as North Carolina War Savings Week, beginning on Sunday, June 23rd, with a State-wide appeal for War Savings in the churches and Sunday schools, followed on Monday, Tuesday, Wednesday and Thursday by a house-to-house canvass in every community in the State for War Savings pledges, and culminating on Friday, June 28th, which is National War Savings Day, with a meeting of citizens in every schoolhouse in the State to receive reports of purchases and pledges already made and secure additional pledges, if any are needed, to make the quota.

**HERALD FOR "THE KAISER, THE BEAST OF BERLIN."**—Did you know that the Kaiser had a poison-filled abscess in his ear, and that if it burst he would be a raving maniac?  
Did you know that the Kaiser's left arm is six inches shorter than his right, and that the hand is puny as a child's? And did you know how he carried it in order to disguise the deformity?  
Did you know that the Kaiser has a mania for admiring beautiful hands, which greatly embarrasses the ladies of his court? That he wears many bracelets and feminine rings, copied from those he admires? That he has 360 full-dress uniforms, that he was twice king, twice a grand duke, 13 times a duke, twice a prince, nine times a count, besides being a bishop?

Did you know why he slaps his right thigh all the time? Of course, you didn't. Few people outside of the imperial circle know them. They are secrets as carefully guarded as has been the proof that Germany planned and started the war.  
All these things and many more in the private life of the Jackal of Europe, who has plunged the whole world into war and sorrow, are shown in "The Kaiser, the Beast of Berlin." To miss it is to miss the most illuminating expose of this enemy of mankind.  
Bachelor's Opera House, June 25th and 26th. Matinee 3:30, Wednesday, June 26th.  
Admission 25 and 50 cents plus war tax.

**LITTLETON COLLEGE**  
Has closed just one of the most successful years in its history. The 37th annual session will begin Sept. 25th.  
Write for new illustrated catalogue, also and quickly for particulars concerning our special offer to a few girls who cannot pay our catalogue rate. Address: J. M. RHODES, Littleton, N. C.

**THE RED CROSS.**—The Red Cross work room will be open every Tuesday and Friday of each week until further notice is given, at 9 to 1 and 3 to 7 o'clock. We very much desire and urge every member to get the habit of giving some part of each day to this work and with the splendid co-operation of the past we will get the very best results from our work from now on.

Mrs. J. A. Musgrove chairman woman's work will be glad to have all work returned this week as it is very important to get it in.  
Bring your dues to work room either by Tuesday or Friday. Pay your war fund to Mr. R. S. Travis June 29.

The Red Cross asks for men and women to go to France to do most any kind of work.  
The Red Cross is being asked to furnish thirty thousand nurses by Jan. 1st, 1919, for the care of our men at the front.  
Request come for young women to enter training at once.  
MRS. W. L. KNIGHT.

**NITRATE OF SODA.**—To the farmers of Halifax county who applied for Nitrate of Soda from the Government, I am giving a copy of a letter that I received from Mr. C. J. Brand, Chief Bureau of Markets, of Washington, D. C., who has charge of the distribution of the soda, which is as follows:  
N. B. Stevens, County Agent, Enfield, N. C.

I have your letter of June 3rd, relative to nitrate of soda.  
At the present time, the Department has available for distribution in North Carolina about 45 per cent of the total quantity of nitrate of soda applied for. This, of course, includes the nitrate that has already been delivered.

It is possible that we will have another cargo of nitrate of soda around July 1st, from which a small shipment can be made but this will arrive very late and it is possible that it cannot be used at that time. This however is very indefinite and we cannot make any definite statement regarding it.  
The 45 per cent referred to above, however, is nitrate that is now in Wilmington being distributed and shipment will begin immediately.  
CHAS. J. BRAND,  
Chief of Bureau.

**MID-SUMMER MILLINERY OPENING.**—A complete and attractive showing of the later styles and shapes in Leghorns, Milans and Listera Hats to which you are cordially invited.  
MISS ANNIE MEDLIN,  
Rosemary, N. C.

An Ohio judge suggests that women should furnish samples of their cooking when applying for marriage licenses. Good idea. And let the prospective groom present a bank book showing a substantial deposit or a certificate from a trustworthy source that he is industrious and has remunerative employment.

A man without hands can never feel well.  
He is happiest who doesn't expect all the joy in the world.

**OST**—On the streets in Weldon, "K. W. L." and Masonic slide. Will give a suitable reward if given in at the postoffice window.

Almost any caller is a bore if he comes at the wrong time.

### Red Blood and Courage!

(BY DR. W. C. LEECH.)  
What drives the men right up to the trenches in this war is courage, and it's red blood that "puts the heart" in the men. Did any one ever see a pug, thin-blooded man ever rush into the fight with any chance of winning out? With rich, pure blood you can face any hardship, reach any goal. But you are handicapped in the race of life without it. Every time, bone, muscle, and nerve take from the first certain materials and return to it certain others. When the poisons accumulate in the blood, perhaps the face breaks out in pimples, or boils appear on the neck, and we feel languid, tired, our vitality is at a low ebb, and we easily catch cold.

It's time to take an alternative extract and blood-purifier, taken from Nature's source, such as a one of the Golden Standard Golden Seal, Blood and Stone root, Oregon Grape and Queen's root—extracted with glycerine and made into sugar-coated tablets or lozenges, and this has been sold by druggists for the past fifty years as "Doctor Pierce's Golden Medical Discovery."

LEONOR, N. C.—"Dr. Pierce's Golden Medical Discovery is a great medicine for me in building me up when I feel run-down in health. It gives me strength and food. I have been using it at different times for thirty years or more. I began its use for catarrh, and it greatly relieved me. I can heartily recommend the 'Discovery' as a blood medicine."—Mrs. L. L. LAYTON, Berry Boulevard.

To produce the Big One than the Runt

### THE BIG ONE WAS FED AVALON FARMS HOG-TONE

—The Liquid Hog Conditioner, Fattener and Worm Remover—  
—THE RUNT WASN'T  
THEY both started life at the same time and weight. They were given the same feed under the same conditions with one exception. The big one got his regular dose of AVALON FARMS HOG-TONE—the Liquid Hog Tonic, Conditioner and Fattener—and the runt didn't.  
The big one is the kind that tops markets and brings big prices to the pockets of the hog raiser. The runt cost more to raise than he will ever bring in the market. And the difference was brought about by 25 cents worth of AVALON FARMS HOG-TONE. HOG-TONE puts new life into hogs—makes them eat more and grow fat at an amazing rate. It helps them to combat disease and illness. It will cost you nothing.  
The minute the worms that are the hog raiser's greatest foe to profit. Splendid for pregnant sows—helps to produce healthier sturdy pigs. Come to the store—tell us the number of your herd—and we will give you enough HOG-TONE to treat all your hogs 60 days. You don't give up a penny now. If the results of the HOG-TONE treatment fail to satisfy you, it will cost you nothing.

### Says Phosphates Make Beautiful Women and Strong, Healthy, Vigorous, Robust Men

Physicians all over the world are prescribing phosphates to build up down enemy conditions and those who have treated their patients with Argophosphate are changing thin, emaciated women with toneless tissues flabby flesh into the most beautiful rosy checked and plump round formed women imaginable.

Atlanta, Ga.—Dr. Jacobson said in a recent interview that 80 per cent of emacia comes from nervous breakdown which can only be corrected by supplying the necessary phosphates to the nervous system that is lacking in the food you eat, and this can be quickly supplied by taking one or two 5-grain Argophosphate Tablets after each meal, and at bed time. It will in many cases make a pale, scrawny face the picture of health, in a few days. I have seen women that I expected would have to be kept under treatment for months restored to perfect health in one or two weeks time.

Special Notice.—The Argophosphate recommended by Dr. F. H. Jacobson contains phosphates such as are prescribed by leading physicians throughout the world, and it will be found the most effective form for treating patients with Nervous Dyspepsia, Stomach troubles, Brain Fog, and Nervous Prostration. It will renew youthful vim and vigor, and build up the whole body. Argophosphate is dispensed by W. M. Cohen Drug Co. Free sample mailed by the Argophosphate Laboratories, Atlanta, Ga.
