Conference, and is now at Lake Junaluska, and he hopes to have him come to Weldon in the near future and dedicate the M. E. Church here. Owing to business complications, the church which has been in use for several years, has never been formally dedicated. The pastor and congregation are anxious that this should be done and are happy that these arrangements are being made.

Bishop Darlington is one of the new bishops elected at the late general conference held in Atlanta, but he comes to North Carolina highly endorsed and we will be glad to have him in our town.

For insuance. a certain preacher received from a patent medicine company an offer to provide his church with song books free of any charge. It was explained that there would be a few ads in the front and back of the books, but that these ads would not be offensive to the members of the congregation, since the books were being secured for nothing. The preacher gave the order and the books arrived. He found the ads to be mildly worded and decided to use the books. He explained from the pulpit how the postoffice: books had been secured, and announced that they would sing No. ond verse, they found themselves

#### THE DRIVE

For War Savings Stamps in Wel-

Last week Weldon township had its part in the great intensive drive for War Savings Stamps. The quota for this township is eightyfive thousand dollars, and after hard work on the part of the committee only forty-five thousand LEFT FOR TALLAHASSEE, FLA, dollars have been raised. The canvassing committee worked faithfully and perseveringly. For the white population the canvassers were Mrs. W. T. Shaw, Mrs. L. C. Draper, Mrs. C. W. Gregory, Mrs. George C. Green, Mrs. H. V. Bounds, Mrs. W. A. Pierce, Mrs. O. W. Pierce, Miss Londa Shamburger, Messrs. C. E. Carter. H. D. Allen, J. B. Zollicoffer, J. I. Wyche, M. M. Drake, C. R. Emry, J. T. Branch.

The committee worked splendidly, and deserve the thanks of the community. Mrs. W. T. Shaw did some very effective work in the Weldon Cotton Mill. Practically every operative approached subscribed, and all seemed ready and willing to subscribe.

Mr. C. P. Anthony was chairman of the canvassers for the colored people, and his committee consisted of the following persons: Mr. R. A. Cheek, Mrs. D. R. Ingram, Mr. T. H. Singleton, Mrs. Fannie Kornegie, Mr. J. H. Boyd, Rev. Dock Shearin, Rev. J. H. Nero, Mrs. J. A. Alston, Mrs. R. J. Perry, Mrs. P. L. Edwards, Mrs. B. F. Edwards, Mr. W. W. Kay, Mr. Frank Richards, Mr. Walter Day.

Dr. Tinsley had charge of the School House meetings and carried them out with remarkable suc-

Some special mention should be made of the enthusiastic response made by the colored people. The committee did remarkable work, some of them hiring machines at their own expense to see people scattered about in the country, and nearly every person approached made a subscription.

While all members of the commince worked hard, on the whole, have been courteously received, the figures show that we are far below our quota. More work remains to be done. Other townships in the county have gone over the top. Weldon must not fall short of her part. It is true that times are hard, but what conditions would we have were Germany to win this war? There is no sacrifice too great. IT MUST BE DONE. There are many who have done much—they can do more. Let it not be said that the victory was Ga., Saturday, July 6th: won, and that Weldon towhnship failed to do her share in the win-
