

## A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life. If work is tiring, if your nerves are excited, if you feel languid, weary or depressed, Scott's Emulsion will prove a wonderful strengthener. It possesses the very elements to invigorate the blood, nourish the nerves and build strength. Every druggist has Scott's Emulsion. Buy it. Scott's Emulsion, 37c. 1/2 bottle, 70c.

One Year, (by mail) postpaid, \$1.50.  
Six Months, " " " " .75.

A weekly Democratic journal devoted to the material, educational, political and agricultural interests of Halifax and surrounding counties.

Advertising rates reasonable and furnished on application.

I pledge allegiance to MY FLAG and to the Republic for which it stands, one nation indivisible with Liberty and Justice for all.

EVERY day is flag day.

ANY draft that Uncle Sam chooses to draw will be honored.

"THEY shall not pass"—and now they begin to realize it.

The fuel problem declines to take a summer vacation this year.

YES and the bumper wheat crop in America is something else that will "bump the kaiser."

"WORK or fight" is the alternative presented to us. Yes that is the call to the unterrified.

HENRY FORD running on the American ticket, has the politicians of Michigan running around in circles.

According to reports our marines learned a little German, limiting it to "Raus mit em" or words to that effect.

Before the war the Germans made the best maps, but we won't have the maps they are trying to make now.

EVERY time the hungry German soldier makes a gain of 100 yards—he asks, "is this Paris?" where he was promised a meal.

Soldiers in Germany are very naturally beginning to inquire why they should be made to serve as toys for the crown prince.

We will never believe that there is a scarcity of paper so long as the comic supplement continues to challenge high heaven.

TROUBLE is always brewing in Germany and Austria, but the brewers thereof do not seem to know how to place the product.

A naval critic seems to attach importance to the Austrian fleet. There can't be much left of it. The little Italian torpedo boats have cleaned up the big dreadnoughts.

A man has to die to settle the question as to whether or not he is an indispensable man, and very few men can stand the "tombstone test."

It's the fashion in some quarters to sneer at "dandy soldiers" but the truth is that sort of man is almost always found in the front rank of fighters.

In response to the request of General Pershing his men will be furnished with safety razors, soap, hair brushes, comb, towels and tooth brushes.

Some of these fine days the Kaiser will simultaneously discover that both the United States army and the well-known ocean are much larger than he expected.

HINDENBURG in the 'bughouse,' the Kaiser getting mushy over English prisoners, reopening of the bombardment of Rheims and the peevish blockade of this coast are all signs of the Hun disintegration.

## HOW'S THIS?

We offer one Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine. Hall's Catarrh Medicine has been taken by catarrh sufferers for the past 35 years, and has become known as the most reliable remedy for catarrh. Hall's Catarrh Medicine sets the blood on the mucous surfaces, expelling the poison from the blood and healing the diseased portions. After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Hall's Catarrh Medicine is taken internally by acting directly upon the blood and mucous surfaces of the system. F. J. CHERNEY & CO., Toledo, Ohio. Testimonials sent free. Price 75 cents per bottle. Hold by all druggists. Hall's Family Pills for Constipation.

EDITOR Le Matin calls the American troops "the equals of any of their French or English comrades." Praise cannot higher go, and this besides is praise from Sir Hubert Stanley.

THE Entente has at last approached Japan on the subject of Siberia. Japan must be smiling her quiet little Japanese smile at the thought that she always enticed that they should.

A Georgia woman offers 100 acres of black walnut timber to the Government, for manufacture into gun stocks, "at any price the Government sees fit to pay." Here is a patriot for you.

Hungry Hun soldiers are hereby notified that one American marine from Texas got so stout after joining for the duration of the war, that he now has to wear his wrist watch on his thumb.

"It is time for Kings to stick together," wrote the Emperor Charles. Unfortunately for Charles he has become so stuck, like Brer Rabbit was to the tar baby, that the time for getting free has passed.

If our dark skin boys don't hurry up they will not be able to claim the name of "Black Devils." The Italian Arditi are becoming known as "Black Fiends" and "Red Fiends" according to their fancy in color.

THE Kaiser must have been reading Walt Whitman on "loafing and inverting his soul," when he was writing from "amid my armies." He could take the lines of Walt as a kind of motto: "I celebrate Myself . . . I chant the chant of dilation or pride."

## ALL SUGAR DEALERS MUST ACT QUICKLY

Those Who Do Not Make Statements to Food Administration by July 11 Will Be Cut Off From Sugar Supplies—Hotels, Boarding Houses and Institutions Are Included—Special Provision For Wholesalers and Jobbers.

Raleigh—All sugar dealers and all users of sugar, including whole sale and retail merchants, hotels, boarding houses and restaurants, hospitals and other institutions and bakers will be able to purchase sugar after July 1 only upon certificates furnished by the Food Administration after the dealers or users have made statements of their requirements to the Food Administration upon blanks which are provided for this purpose. Those who do not make such statements by July 11 will be refused any certificates at all.

In order to prevent any interruption to the normal flow of sugar to the trade the Food Administration will issue certificates to the wholesalers and jobbers in order to give them 30 days supply of sugar including the supply they have on hand already.

It is important that sugar shall be available for cooking and preserving purposes at this season and it is the desire of the Food Administration that all wholesalers and jobbers shall immediately take steps to secure certificates for their 30 days supply of sugar. After they have used these certificates they will purchase sugar from brokers or remittances upon certificates which they will receive from retailers.

Dealers Must Keep Records. All dealers are required henceforth to keep an accurate record of all sales of sugar, this record to embrace the name of purchaser, quantity, and price. Every wholesaler, as well as retailer is required to keep these records and every pound of sugar sold must be accounted for. The records are to be held subject to the inspection of representatives of the Food Administration or may be required by county food administrators.

## RED CROSS NEWS.

One of the loveliest gifts received by the Weldon Red Cross recently was a box of baby's woolens (little Charlotte Ann)—the contribution of Mrs. C. R. Emery. Surely some little sick, thinny clad Belgian baby will be made more comfortable and happy by the receipt of these warm clothes, and the Weldon Red Cross wishes to express its appreciation for this valuable contribution.

It may be that there are others who can make a similar contribution, and if so, the Red Cross will be so glad to forward the same to the Belgian Relief Commission.

The Red Cross workers in Belgium say: "In Belgium the most touching things were the affection and confidence of the children in everything American. The children could not get near enough to the American Red Cross uniform. They reached out to us, and were never so happy as when they could touch us or cling to us with their tiny hands." So, when we buy nice, new warm clothes for our little ones, let's not forget those in Belgium who will be needing warm clothing, and who will be so grateful to receive what we have to spare.

## Meat Must Be Sold

Fresh meat is perishable. It must be sold within about two weeks for whatever it will bring.

A certain amount of beef is frozen for foreign shipment, but domestic markets demand fresh, chilled, unfrozen beef.

Swift & Company cannot increase prices by withholding meat, because it will not keep fresh and salable for more than a few days after it reaches the market.

Swift & Company cannot tell at the time of purchasing cattle, what price fresh meat will bring when put on sale. If between purchase and sale, market conditions change, the price of meat must also change.

The Food Administration limits our profit to 9 per cent on capital invested in the meat departments. This is about 2 cents per dollar of sales. No profit is guaranteed, and the risk of loss is not eliminated.

As a matter of fact, meat is often sold at a loss because of the need of selling it before it spoils.

Swift & Company, U.S.A.

Finds Pleasure in Doing Without to Support Our Soldier Boys.

"I did not think that I could eat cornbread till after the war started, and I thought I could never do without dessert and iced tea," wrote a woman to State headquarters recently. "But now I am doing without it and am glad to be able to give up more than these things to be able to help support our soldiers. I am now paying for a Liberty Bond and have pledged to buy one hundred dollars of War Savings Stamps before the year is out."
